Northern wolves they call them. Timber howlers is right. Granites, fresh from winning the O. H. A. championship, stepped out for their first Allan Cuptrial against Sudbury last night, expecting to make a meal of the northern champions. Sudbury did all the rolling of dainty morsels in their cheeks. Sudbury set into the Toronto hopes with a will, gave them bump for bump and a little more, and on the side ran in six goals while Jerry Lafamme and his team mates were having the toughest job of their careers to bulge the twine

Granites carried the fight to the men from the north and back came the north with a vigor that left the Toronto crowd gasping. Shorty Green showed his worth early with great rushes and close checking. Addison came out to save when Shorty brought it round from behind the net. Jeffrey put one on Duncan's pads at the other end. End to end it went, with Granites probably showing a little the better. The checking was of the closest kind. Fox got the only goal of the period eight minutes after the start. # side to net it. Down went the boys under stiff checks, and a lot of tr.pping and jabbig got past the officials. It was a rough-and-ready battle, with no quarter given or asked. Watson took the count from Boucher, and a penalty resulted. Shorty Green and Jerry had a waltz, with no damage. Sudbury ran in the attack with vigor, but couldn't score. Their forward line is the whole team. After the Collingwood game it was stated in these columns that the defence was weak, and again at is repeated. Langlois was under a handicap of a bady injured knee in the former game, was fifty per cent, better last night, but still Langlois and Boucher are not finished detence players. The success of the Sudbury team is the forward line.

# OTTAWA HOPES FOR **COLD WEATHER NOW**

Ottawa, Ont., March 17.-The Ottawa and Seattle hockey teams, champions respectively of the National Hockey League and the Pacific Coast Hockey Association, will come together Monday night in the first game of the series to decide the world's honors and possession of the Stanley Cup. This was definitely announced last night. The Seattle hockey team, which defeated Vancouver for the western honors, is now on its way east. Following their victory over Vancouver, the Seattle players packed up and left for Ottawa yesterday efter-

noon.

The 'American city sextet has never played in the capital and as Holmes, Walker, Foyston, Rowe, Nichols and others are well known in the east, there is no doubt that they will prove just as magnetic as Vancouver would have been. Dismal weather conditions prevailed in the capital yesterday, but the outlook was far from discouraging. Rain fell for a time last night and frost had gone from the atmosphere altogether, moistening the ice at the Arena.

The teams got away to a good start, and found the going fair in spots. Goyne arrived first at Sturgeon Landing, the half-way point in 'the race. Leaving there three minutes after Pranteau, he rapidly overhauled and passed that contestant, and then was never headed. Goyne's malamutes ploughed thru five-foot snowbanks without hesitation, and broke trail most of the way.

The race was mainly a test of endurance and strength, developing latterly into a speed contest when the victor set a fast pace on the return journey. The dogs finished in good condition.
