TELL OF REDUCED FERTILIZER COSTS

Directors of N. B. Agricultural Societies United Invite Inquiry of Affairs

Special to The Times-Star

FREDERICTON, N. B., April 27.—Seven members of Agricultural Committee met with Mr. Dickson as chairman. The directors of Agricultural Societies United were present by invitation, including Messrs. J. D. McKenna, A. A. H. Margison, Stanley Wilson, C. McCain and W. B. Gilman to answer an inquiry regarding the business conducted by that organization in the importation of fertilizer materials for agricultural societies.

Mr. Gilman as president called upon Mr. McKenna who gave a brief history of the organization which had succeeded in reducing the price of fertilizers for farmers by 25 per cent. at least.

The organization had never had any credit or capital and at first did not import quantities of fertilizer in car loads. They however had found that a good deal of money could be saved by importing quantities and the purchasing agent of the organization had had to put up his own credit amounting to about \$1500 annually.

NO PROFITS MADE

"The business was that of buying fertilizer for the agricultural societies and not of selling to them or anyone else. It had been found advisable in order to reduce costs to buy in as large quantities as possible. In this way freight and insurance were both greatly reduced and supplies for selling agencies such as the Anglo-Canadian Chemical Company and Eastern Brokers, who gave orders for large quantities, were also purchased.

By this combination costs per ton were greatly reduced.

Hon. Mr. Smith explained that he had invited the directors to come to the committee and as the department had the information which was being asked for by members of the House. He suggested that a chartered accountant be obtained to go over the books of the organization and make a report to his department. The directors expressed themselves as entirely agreeable to this suggestion and a motion was passed by the committee expressing approval of this course.

Mr. Suddall wanted the report made to the public. This suggestion did not meet with the favor of either the directors or other members of the committee as it was felt that private fertilizer companies who were competing with the organization and trying to put it out of business were not entitled to all the details of their business. All agricultural societies who joined the organization had a full opportunity to know just how the business was being conducted and they were the only interested who had any money involved. There was no public money in the business or spent to help it. Some of the directors showed what they thought of this suggestion and it was agreed that the complete details of the business should be filed with the Department of Agriculture.

Mr. Melville told of the great benefit the operation of the organization had been to the farmers of Carleton county in reducing the price of fertilizer.

After a full discussion of the many points involved in the importation, the directors of the societies expressed their thanks of the committee to the Agricultural Society United Directors for coming to meet them.

GOOD THINGS COMING TO THEATRES OF SAINT JOHN

SAINT JOHN FILM IS FINE INDEED

The complete pictorial of Saint John under the title "The Loyalist City" which graced Imperial Theatre's curtain yesterday was one of the finest moving picture scenic visitations ever shown at that scene and elicited not only enthusiastic comment from the large crowd present but the picture was actually applauded. It is the Dominion Government Motion Picture Bureau's chapter on this city and belongs to the complete pictorial series being prepared by the chief of the Dominion under the general direction of Raymond S. Peck, a former Upper Canada newspaper man.

Saint John is pictured from an almost entirely new group of viewpoints. The four of the city and surroundings being worked into a little scenario in which a party of tourists see the town per automobile starting from the Admiral Beatty Hotel. A bevy of Saint John young ladies and a member of a local theatre staff depict themselves more than a week to assisting Director Bagley and his cameraman in carrying out the scenario idea. It was a service that entailed considerable sacrifice of time, though as the picture is ready in fifteen minutes it seemed a merry lark. The Saint John picture is being shown again tonight and will precede the Harold Lloyd picture at the four shows Wednesday.

HOURS AND PRICES FOR HAROLD LLOYD

There will be four shows of the new Harold Lloyd comedy, "For Heaven's Sake," at Imperial Theatre tomorrow and each day until the end of the week. The shows will begin at 8 o'clock, 8:45, 7:15 and 8:45. The special scale of prices will obtain as follows: Matinee, children, 10c; adults, 25c and 50c; evening, balcony seats, 35c; downtown seats, 50c. Boxes 95c. The Lloyd feature is the first of Harold's contract under the Paramount banner and deals with his adventures as a mischief-maker in the slum districts of New York. Without any hysterical advertising whatever this picture will certainly mark the wholesome comedian's greatest triumph.

Correspondence specially addressed for the New York route to connect with the S. S. Aquitania, sailing from New York on Friday, May 7, at midnight, close 5 p. m. May 6.
