

THE EVENING TIMES-STAR, ST. JOHN, N. B., WEDNESDAY, SEPTEMBER 12, 1923

POLICEMAN KILLS FELLOW OFFICER

Blow, After Alleged Insult to Wife, Caused Skull Fracture.

New York, Sept. 12.—Policeman Jeremiah J. McCarthy, of the Mercer street station, was killed recently in front of his home at 236 West Fourth street, by Policeman Archibald Robertson, of the Oak street station, who said he had resented an alleged insult to his wife and had killed McCarthy with a blow. Both men were in civilian clothes and were unknown to each other. Dr. Henry Graves found McCarthy unconscious, and sent him in an ambulance to the St. Vincent's Hospital. He died five minutes later, of a fractured skull.

The identity of McCarthy's slayer was not known until Robertson went to the Charles street station and surrendered himself. It was found that Robertson who was due to go on duty at the Oak street station at midnight had reported sick at the Charles street station at 10:30 p. m., requesting that a surgeon be sent to his home, on the following morning.

To Inspector West, Robertson admitted he had not remained at his home Saturday night, but had accompanied his wife and others to a party at Abingdon Square. According to Robertson's statement to the inspector he and his wife had returned about 1 a. m., stopping at a store in West Fourth street, while Mrs. Robertson remained on the street. Robertson said that when he rejoined his wife she pointed at McCarthy, and asserted he had accosted and insulted her.

"I did not know that McCarthy was a policeman, nor did I tell him that I was an officer," said Robertson. "I questioned him about what my wife had said and slapped his face. He followed us as we went on, and struck at me. I turned and hit him," Robertson said he believed McCarthy had been drinking.

Methodist District Meeting Ended

Addresses by Rev. H. E. Thomas, on church union, and Rev. J. McConnell, who succeeded Rev. George Stiel as superintendent of Missions in the Maritime Provinces, featured the afternoon session of the St. John Methodist District meeting. Rev. Mr. Thomas gave an account of the last meeting of the Methodist Church Union Committee, in Toronto and announced that on October 21 there would be launched a vigorous campaign in the interests of union.

Those present at the meeting were as follows: Ministers, Rev. R. G. Fulton, Rev. Neil MacLauchlan, Rev. H. E. Thomas, Rev. H. A. Goodwin, Rev. F. T. Bertram, Rev. E. E. Styles, Rev. George Oram, of St. John; Rev. J. M. Rice, Fairville; Rev. J. L. Wasson, Silver Falls; Mr. Ross Vincent, Newtown; Rev. B. W. Turner, Apohaqui; Rev. F. S. Sawdon, Springfield; Rev. George A. Ross, Hampton; Mr. D. L. Giddings, St. Martins; Rev. J. E. Shanklin, Jerusalem; Rev. Ernest Rowland, Walsford; Rev. R. Smart, Westfield; Rev. H. Harrison, Long Reach; Rev. William Lawson and Rev. R. C. Crisp, Laymen, A. N. Rogers, Mrs. Belle Blizard, J. Hunter White, J. E. Arthur, C. D'Arcy, Walter Brindle, F. S. Purdy, Mrs. W. McCavour, Judge Folkins and Captain R. L. Holder.

Prophy-lac-tic Tooth Brush

THE tufted bristles reach between the teeth and into depressions caused by uneven or crooked teeth.

The curved handle makes it easy to brush the hard-to-reach places. Buy the Prophy-lac-tic Tooth Brush wherever tooth brushes are sold.

Prophy-lac-tic Tooth Brushes come in three sizes—adults', youths' and children's; and in three degrees of stiffness—hard, medium, and soft.

Always sold in the yellow box.

Prepare For Fair In Aid Of Orphans

Plans for the big fair to be held to obtain funds for the carrying on the work of the New Brunswick Protestant Orphans' Home were discussed at a largely attended meeting last night in the Orange Hall, Germain street. St. Andrew's rink has been secured for the fair, which will open on October 4 and run for about ten days.

J. E. Arthur presided at last night's meeting and was appointed chairman of the general committee. W. V. McKinney was named as secretary and W. W. Donohoe as treasurer. Conveners were appointed for the various sub-committees as follows: house committee, Frank Renick; tickets, A. W.

Harvey; advertising, John A. McKay and Hartley Case; refreshments, Isaac Mercer; soliciting, Herbert Rowley; specialties, W. H. Golding.

It was decided to call a general meeting of all who are interested in the welfare of the orphans on Friday night, when it was hoped the fair project would be further advanced and other volunteers would be on hand to help with suggestions and assistance of every kind. A meeting of the women will be called for some time about the middle of next week to organize the women's sections.

The North End well baby clinic, opened by the Victorian Order of Nurses, was largely attended yesterday. This clinic will be held every Tuesday afternoon at the Orange Hall, Simonds street. Dr. E. W. Rowley was in charge yesterday.

Change Domestic Science Classes

The Board of School Trustees have decided to make a change in the grades which take the domestic science training, and make it seven and eight instead of eight and nine.

The teachers who have charge of the domestic science classes this year are Miss Ida Northrup, at Centennial school, Miss Lillian Currie, at Lorne school, and the new domestic science room being opened in the New Albert school will be in charge of Miss Jessie Hart. The appointment of C. H. Cochran as teacher for manual training in the New Albert school was approved at the teachers' committee meeting of the school board on Monday night.

Other teachers of manual training are A. G. Gunter and Miss Beale Holder, of the Waterloo street building and J. N. Dow, at Lorne school.

G. W. V. A. Resumes Monthly Meetings

The monthly meetings of the G. W. V. A. were resumed last night, with S. C. Tippetts, president, in the chair. It was reported that plans for a house bowling league were well under way, and it was decided to hold a fair to raise money to clear the deficit of the baseball club. W. H. Harrison was named as convener of a committee to make the necessary arrangements. Plans for Poppy Day were discussed, and it was decided to purchase the poppies from the Vetract shops in Montreal.

Employment prospects during the coming winter were discussed and it was decided to appoint a strong committee to deal especially with that problem which is always a serious one.

R. J. Harrington was elected to the executive committee, replacing R. Y. Ganong who had resigned during the summer and whose resignation was accepted with regret as, for the last three years, he had been one of the association's best workers, a member of the executive and last year chairman of the house committee.

The first meeting of Seven Seas Chapter, I. O. D. E., after the summer vacation, was held last evening at the home of Miss Alice Lockhart, West St. John. At the conclusion of

the business session a social hour was spent. A tea and safe will be held on Nov. 10.

V-63

EXPECT GREAT THINGS in the NEW CADILLAC

Even the superb quality which you have long associated with the name Cadillac is no adequate measure of the merits of the New V-63.

The simple truth is that Cadillac has advanced its own standards and achieved, in this car, heights of quality which are strictly new.

Your attention is directed, particularly, to these three elements:—

The New Cadillac V-Type 90°, 8-cylinder engine—harmonized and balanced by entirely new principles of design to a degree of smoothness unapproached in automotive manufacture.

New Body Styles—destined by their graceful, symmetrical design, distinctive

finish and exquisite appointments, to be the center of admiration in any company.

Cadillac 4 Wheel Brakes—a safety factor developed with the care and thoroughness characteristic of Cadillac engineering.

New delights await you also in enhanced dependability, ease of control, riding restfulness and, indeed, in every phase of car performance.

It is entirely logical that Cadillac, pioneer leader of eight-cylinder manufacture in America, should now raise multi-cylinder practice to an even higher pitch of excellence.

This is exactly what has happened in the New V-63, and Cadillac urges you to approach this fine car with **great expectations**.

After your Holidays

When you go home after your holidays, how will you feel? Fine! Energetic and cheerful, in the full swing of health!

And three months later — how will you feel then?

You know quite well that much of the energy and cheerfulness will have gone; the good effect of the fresh air and exercise will already have worn off. Back at work again, in home, office, factory or store, the sedentary life, lack of open air and exercise, worry, anxieties, and stress of modern life soon produce the old feeling of depression. Liver and kidneys become sluggish. Failing to perform their eliminating functions actively enough, they let impurities creep into the blood and clog the system. Instead of enjoying the full vigour of health, you become out of condition, get easily tired, suffer headaches, and a hundred other small ills you never knew during your holidays.

Something should be done to put all this right so that you feel fit and active again. You cannot get all the open air and exercise that you got formerly, because business life makes this impossible, so you need a corrective to take their place. You need Kruschen Salts. Every morning put a pinch of Kruschen Salts into your breakfast cup of coffee or tea — just as much of the powder as will cover a 10 cent piece. Kruschen Salts restore the system to activity. They tone up liver and kidneys, so that these organs perform their work actively again. Impurities are cleansed away. Clear, refreshed blood circulates all over the body, bringing new, tingling life to every fibre of the system. You feel physically more active, mentally more alert. You spring from your bed in the morning refreshed by sleep, brimful of energy and cheery vigour. You are healthy, and you feel it.

Tasteless in Coffee or Tea

Put as much in your breakfast cup as will lie on a 10 cent piece. It's the little daily dose that does it.

Kruschen Salts

Good Health for Half a Cent a Day

A 50c bottle of Kruschen Salts contains daily use is "as much as will lie on a 10 cent piece" taken in your breakfast cup of coffee or tea. Every drugstore sells Kruschen. Get a 50c bottle to-day.
