## JURY SAYS DRIVER NOT RESPONSIBLE

Inquest Into Death of James  
Bulyea Clears Otis  
Mullin.

The inquiry into the death of James E. Bulyea, late of Adelaide street, was concluded in the court house last night before Coroner Horace A. Porter and jury. The jury after a few minutes deliberation brought in a verdict to the effect that James E. Bulyea died at the General Public Hospital on Saturday, Oct. 20, 1923, as result of injuries received on Thursday, Oct. 18, when struck by an automobile driven by Otis P. Mullin in Main street, and that no blame attached to the driver. The jury was as follows: Charles E. Patten, foreman, David Watson, R. T. Worden, Wilfred Seelye, F. T. Walsh and John B. Jones. Otis P. Mullin, 18 Main street, testified that he was driving down Main street near the Baptist church the evening of the accident. He was going down hill on a slippery pavement and was running well within the speed law. He noticed a man directly in front of his car about twelve feet ahead. He applied his brakes on both wheels and steered to clear the man. The front part of the car cleared the man but as the rear wheels were locked they skidded and the car made a complete circle. The man was walking across the street having left the curbstone, and did not apparently see the car although the head lights were burning. The man must have kept on walking, witness thought, as the front of the car cleared him, but then he heard the breaking of a window in the rear of the car. The car came to a quick stop pointing in the opposite direction to that in which it had been traveling. Getting out of the car witness saw the man lying on the pavement near the curbstone, took him into the automobile and after driving to the office of Dr. Roberts and Dr. Clarke, in Main street, proceeded with the injured man to the General Public Hospital. Mr. Bulyea was about three feet from the curbstone when struck by the car, he said. Dr. C. P. Inches, internist at the hospital, said there was a laceration behind

the right ear about one inch long and an abrasion on the head. Witness dressed the wounds. He had heard that Dr. C. M. Kelly performed an operation on Friday afternoon for relief of pressure within the skull. Clarence B. Roberts, 88 Metcalf street, and Harry B. Lawson, of 24 Elm street, gave evidence of seeing Mr. Bulyea step from the curbstone and of falling to the pavement. They also described how the car skidded on the slippery pavement, and of the car making a complete circle when it skidded. Mrs. Otis P. Mullin and her mother, Mrs. W. Vanwart, who were in the car at the time of the accident, testified that the car was going along at a moderate rate of speed, and they did not see the accident. Mrs. Mullin said that she saw the man leave the curbstone and as her husband quickly turned the car she thought that it had cleared the man. Ernest Garnett, 208 Main street, also gave evidence on the accident.

**THE WOMAN POWER OF AMERICA** is well illustrated by the thousands of women who are entering every profession, almost every line of business and politics as well. They are bound to make good, and there is no question but what health is their greatest asset. Many women, however, develop weak nervous conditions and cannot stand the strain of a professional or business life. Such women should remember when beset with headaches, backaches, nervousness, irritability or any ailment peculiar to their sex that the greatest of all remedies for such conditions is Lydia E. Pinkham's Vegetable Compound. For nearly fifty years this old-fashioned root and herb medicine has been restoring the women of America to health and strength. It holds the remarkable record of helping 85 out of every 100 women who try it.

**Washed Cleaner,  
Washed Cheaper**  
Cleaner, cheaper and quicker—in four words that's why thousands of St. John homes prefer the New System Wet and Dry Wash.  
Cleaner because eight waters are whirled through your laundry, sudsing, rinsing but never rubbing. Yet cleaner than human hands can accomplish, as everybody can testify. Yours separate from your neighbors and the Whites, the Blacks and the colors also done apart.  
Cheaper because a family wash is washed without wearing the fabric for as little as 60c. The grand average for no more than 76c. Compare with the dollars it costs for home washing.  
Quicker because of one day service, just a matter of phoning, then out the door in a trice goes all that trouble and fuss.

Members of the coroner's jury and the county sheriff expressed the opinion that Chasse killed the members of the family and then shot himself.

The members of St. Elizabeth's Society of St. Peter's church met last evening in their room in Douglas avenue and tendered a farewell in the form of a bridge party to Mrs. M. T. James, who has been a valued member of the society since its organization and who is leaving shortly to live in Norwood, Mass. The decorations throughout the room bespoke the approach of Halloween. The prize winners of the evening were: For the forty-fives, Mrs. Horgan, and for bridge, Mrs. Harold Clarke. During the evening Mrs. Wm. McCormick, the president, made a presentation to Mrs. James on behalf of the members and read an address in which appreciation of Mrs. James was expressed. Refreshments were served, while Mrs. Alice Phillips and Mrs. Wm. Cluskey poured, and the evening was pleasantly spent.
