## WIFE COULDN'T WALK A STEP, SAYS NAYLOR

Was Helpless in Bed With Rheumatism When She Began Taking Tanlac — Friends Amazed at Her Wonderful Recovery.

"My wife was down in bed unable to walk a step when she began taking Tanlac, but now it's a fact, she is absolutely well and all our friends are amazed at her recovery," said Henry Naylor, of 307 Brunswick street, Halifax, N. S. "I believe my wife has suffered from the pain and misery that goes with a bad case of rheumatism. Her legs, arms and hands kept her in such pain that it was out of the question for her to do any of her household work. Her legs would swell up awfully and become so stiff that she couldn't walk a step. She complained of a dull, aching pain all the time and her feet were so swollen that she couldn't wear any shoes at all. "She suffered a lot with shortness of breath and smothering spells and often

## SAYS MORTALITY FROM TYPHOID CAN BE ENDED

Paris, Feb. 10.—Mortality from typhoid can be absolutely ended, this is the contention of Dr. Chauvaffard, of the French Academy, who is urging the French Government to make compulsory the inoculation of adolescents against typhoid. Professor Chauvaffard declared that the experience during the war with the inoculation of soldiers has proven that typhoid can be eradicated easily. He pointed out that only one out of the number of typhoid cases practically all during the strenuous campaigns of the war following the introduction of inoculation, but hardly any have suffered from the disease since demobilization. Before the war those attacked were about 100,000, according to Dr. Chauvaffard. Now the disease attacks the victims at the age of 17 and 18 for men and about 20 for women. He suggests that the first inoculation be given at the age of 15 and the second at 18, and the third at 20 years.

## NEARLY CRAZY WITH ECZEMA

No rest day or night for those who are afflicted with that terrible skin disease, eczema, or as it is often called, salt rheum. With its unbearable burning, itching and torturing relief is gladly welcomed. There is no remedy like Burdock Blood Bitters for giving relief to such sufferers; no remedy that does, or can do more for those who are almost driven to distraction with the terrible torture. Apply it externally and it takes out the itching, itching and burning, and promotes a healthy healing. Take it internally and it gets at the source of the disease in the system. It is a blood disease and drives it out of the system. Miss L. M. Boutwell, 89 Victoria road, Halifax, N.S., writes: "I have suffered for years from eczema. I could not rest day or night. I suffered great agony, and was nearly crazy with the itching and burning. I used all kinds of salves, but nothing seemed to help me. I saw Burdock Blood Bitters advertised and was advised to try a bottle. I found great relief, and I really cannot recommend it highly enough for what it has done for me."

## EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache; misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.
