Denver, Col., May 29.—Jack Dempsey of Salt Lake City knocked out Arthur Pelkey, Canadian heavyweight, in the first round of a scheduled fifteen round bout here tonight. The bout lasted only one minute.

Dempsey opened the fight by rushing Pelkey, who stumbled and fell before a blow had been delivered. Pelkey regained his feet and went into a clinch. Dempsey sent a right to the chin and Pelkey fell to the canvas for a count of six. He again arose and Dempsey drove a left to the jaw, knocking Pelkey out.

GERMANS FIGHT AGAINST TIME

Putting Every Ounce of Weight Into Drive

THE LOSS OF SOISSONS

Quiet Confidence of Allies on Outcome—Better Able to Bring Reinforcements into Action Now Than During the March Fighting

Paris, May 30.—Increasing violence marks the progress of the fighting south of the Aisne. The Germans are fighting against time and are throwing every ounce of weight of man-power into the struggle.

On the centre the enemy has again pushed forward, but his efforts to broaden his advancing front have met with less success. The Allied wings have been obliged to give some ground. This action was carried out slowly and the full price was exacted from the enemy. Soissons has gone and the British have fallen back toward Rheims, but in either case the enemy has only won a couple of miles of territory.

In competent circles there is quiet confidence in the outcome and signs are not lacking that the advancing waves soon will be stemmed. Unity of command puts the Allies in a better position than they were in the March offensive. On that occasion French reinforcements came into action on the third day and on the eighth the Germans were stopped definitely. Today things should go more quickly.

The Germans have been obliged to leave their guns on the northern side of the original line, which can be crossed only at a certain number of points which are highly vulnerable to Allied airplanes. The enemy is thus prevented from reaping the full benefits of his rapid advance.

Meanwhile the Allied reserves are massing at certain points without any of the confusion that attended the similar movement in March. So well perfected are the arrangements that an entire division can be moved by motor truck from the Somme to Rheims in forty-eight hours and arrive without a button missing.

MORE SETTLED FEELING IN IRELAND REPORTED

Government Stays Hand — No Home Rule Bill for Some Weeks

London, May 30.—(Via Reuter's Limited)—With the recent changes in the government in Ireland and the arrest of Sinn Féin leaders, the parliamentary correspondent of the Daily Telegraph says he understands the British government considers it desirable to "refrain from pressing forward at this time anything calculated to produce a disturbance. A more settled feeling prevails in Ireland, and it is hoped the improvement will grow in every direction.

The Irish home rule bill is not expected to be ready for introduction for a few weeks, and until then conscription will remain in abeyance. This is believed to be the policy in which the lord lieutenant and the chief secretary are in agreement with Walter Hume Long, secretary for the colonies, and the war cabinet.

Ireland seems to be settling down in a wonderful manner, despite the short time the new regime has been in existence, continues the correspondent, who has just returned from Dublin. The Nationalists and even some Sinn Féiners accept the coming of Lord French as lord lieutenant with relief. Edward Shortt, the new chief secretary, has also made an excellent impression.

POLICE COURT.

In the police court yesterday afternoon three boys were charged with the theft of an automobile owned by Mrs. Lawlor of St. Patrick street. The three were arrested Tuesday night by Detective Donahue. Evidence was given by a niece of Mrs. Lawlor, after which the case was set aside. Further evidence was taken in the case against John C. Kelly, charged with assaulting Policeman Gibbs.

ST. DAVID'S RED CROSS.

The Red Cross circle of St. David's church has just closed a successful year's work. In addition to reports submitted, the following officers were elected at the annual meeting held yesterday: Mrs. G. Wilfred Campbell, president; Mrs. C. W. McMullin, secretary-treasurer, and Mrs. George Shaw, assistant secretary-treasurer.

"It's a Davis cigar!"

27,000,000
will be
enjoyed
this year.

A man of commerce set out upon a long journey, and his friends at the Club said "Take along enough cigars to last; but the man said, "No, for I always smoke Noblemen cigars, which, like the law of the Medes and Persians, changeth not". And, as he tarried by the wayside he bought Noblemen in Halifax; others from a summer hotel in the Laurentians. Anon, he bought more Noblemen in Winnipeg, in Redeye, at the Banff Hotel, and where the apple blossom blows in B. C. And lo, the last Noblemen were as good as the first. His friends marvelled, for they had not known that Noblemen cigars are as much alike as peas in a pod, which is true of each of the Davis' brands.

MORAL—Smoke a Davis Cigar and dispense with guesswork.

Picture to yourself five stories of sunny rooms, spotlessly clean; cheerfulness and contentment radiating everywhere. The air is fresh from the nearby mountain. It is washed until it is just moist enough to be healthful and pleasant.

This is the Davis factory where carefully selected tobacco leaf is prepared, stemmed, matured and converted into famous blends of fine cigars.

Take any one process as an indication of the infinite care and skill that surrounds the making of the cigars, and you will understand why the dealer thinks he has offered all the recommendation that is necessary, when he says "It's a Davis Cigar".

In this airy room, each and every leaf is being treated to remove every particle of the bitter centre stem.

The bundles of leaf, are now most carefully sorted for colours, grades, etc. and will mature for six, nine, or twelve months—just as long as is necessary thoroughly to season, cure and prepare the tobacco and bring out the rich flavour.

In time, the leaf will reach the cigar makers, long rows of cheerful workers skilled to the last degree. To them, cigar-making is an art, not a task—a chance to display their skill and deftness. Yet no chances are taken, every cigar must pass inspection after inspection, 8 in all, until the boxes are sealed in their wax paper wrappers.

Made of matured leaf, in wide-windowed rooms by skilled fingers under watchful eyes, blended to accord with unvarying standards, mellowed in the wood. Such is the history of any Davis Cigar you may buy, regardless of the price you pay. All you need to know is—"IT'S A DAVIS CIGAR"!
