

ECZEMA ON FACE, SCALP AND HANDS

Came Off in Scales. Itched Badly. Had to Tie Hands. Little Watery Pimples. Cuticura Soap and Ointment Completely Cured.

1307 Davenport Road, Toronto, Ont.—"My eczema first started when I was a baby, on my face and scalp. It seemed dry and when I scratched it, it came off in scales. It itched very badly and I was obliged to have my hands tied up so as to prevent scratching my face. Little white watery pimples came on my hands and face and I had to stay home from school for nearly two weeks. It caused my face and hands to look badly. This eczema took a very bad form, appearing on my face in little watery ulcers so bad that I could hardly bear to be touched. My hair being naturally very thick I found to be getting thinner and wondered what could cause it to fall out.

"My mother tried to get me better but it did no good. At last a friend recommended Cuticura Soap and Ointment and my mother used them. We applied the Cuticura Ointment to my face, head and hands and washed with the Cuticura Soap and the eczema began to disappear. Before six months had passed I was completely cured." (Signed) Miss Constance Jane, May 26, 1913.

Cuticura Soap and Ointment do so much for pimples, blackheads, red, rough skins, itching, scaly scalp, dandruff, dry, thin and falling hair, chapped hands and chaps on lips, that it is almost criminal not to use them. A single set is often sufficient. Cuticura Soap and Cuticura Ointment are sold by druggists and dealers everywhere. For a liberal free sample of each, with 25¢ book, send post-card to F. D. & C. Chem. Corp., Dept. D, Boston, U.S.A.

LADIES! SECRET TO DARKEN GRAY HAIR

Bring Back Its Color and Lustre With Grandma's Sage Tea Recipe

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 20 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy." This avoiding a lot of trouble.

Sure Way to Regain Robust Bloom of Youth

A smooth, velvety-soft skin, with a delicate peach-like bloom, is one of the Creator's most exquisite works. When the first blush of youth is over, this beautiful tint and satiny lustre are rarely seen. How to preserve them—the question. Famous beauty experts abroad long have known that ordinary mercurized washes wondrous in this direction. It actually gives a new surface to the skin, restoring that marvelous girlish color and softness in a remarkable manner. An ounce of this was, procurable at any drug store, will convert a faded, freckled, worm-eaten, discolored complexion into one of captivating loveliness in less than two weeks. No special skill is necessary in applying the wax, it being smeared on at night like cold cream and washed off in the morning.

HORNETS TAUGHT HIM TO MAKE PAPER FROM WOOD

I. Augustus Stanwood, who watching hornets build their nests a century ago, conceived the idea of manufacturing paper of wood and thus became, it is said, the first producer of paper pulp. From old fence rails and dry logs the hornets observed by Mr. Stanwood scraped wood fibres and with it constructed their homes, and in 1862 he built a wood pulp factory, which still stands in Gardiner, Me. Before his discovery paper was made chiefly from rags. He was born in Augusta, Me., seventy-five years ago.

A CHILD'S LAXATIVE IS "SYRUP OF FIGS"

Made From Fruit—Can't Harm Tender Stomach, Liver and Bowels

If your little one's tongue is coated, it is a sure sign the stomach, liver, and bowels need a gentle, thorough cleansing at once. When your child is cross, peevish, listless, pale, doesn't sleep, eat or act naturally, if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again. Sick children needn't be coaxed to eat. They'll eat heartily when millions of mothers keep it handy because they know its action on the stomach, liver, and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Schlitz in Brown Bottles is pure and wholesome

No disagreeable odor or taste that scientists find in beer in light bottles.

"It is interesting to note the observation that beer in colorless bottles exposed to diffused light will undergo a change, precipitating a heavy sediment and taking on a disagreeable odor and taste."

Extract from Die Theorie und Praxis der Malzbereitung und Bierbrauerei. Published by Director Julius E. Thausing, Leipzig, 1893, Fourth Edition, page 920.

This opinion was rendered impartially and in the interest of science.

The slightest taint of impurity ruins the healthfulness of beer.

Be sure you get pure beer. Get Schlitz in Brown Bottles.

See that crown or cork is branded "Schlitz."
