Action of Minister of Railways in Ordering Removal of Chelmsford Section of Canada Eastern Bitterly Resented

Chatham, N. B., June 26—That the interview with the minister of railways on Tuesday and the various protests that have gone to Ottawa on behalf of the Chelmsford section of the Canada Eastern railway have not been without effect, it is all too apparent today, for the men are now at work preparing to tear up the rails on the Chelmsford side, and it is said to be the intention of the railway management to take these up from the Blackville bridge down to Maloney's Sliding, about three miles from Chatham Junction.

This action following so closely upon the minister's visit and the protest addressed to him on that occasion and during the past winter have greatly stirred the people along the route and the loss of the railway is made even more bitter by reason of the circumstances attending it. The government's total disregard of their rights and necessities has aroused deep resentment and the people find it hard to believe that their line, that they have used for nearly thirty years, is actually a thing of the past.

On Wednesday work was laid at Blackville received orders to start the next day to work on the Chelmsford side, tearing up the rails from the condemned Blackville bridge and working down to Maloney's Sliding. The train went up the line yesterday and is at present taking up the ties that have been placed along the line to repair it and it is expected that the tearing up of the rails will begin as soon as this work is completed.

C. B. BROWN, NEW CHIEF ENGINEER

C. P. R. Man Given Responsible Position on Government Railway, Formerly Stationed at St. John—His Career

Montreal, June 26—The appointment is announced of Collingwood B. Brown to the position of chief engineer of the government railways in Canada.

Since graduating in civil engineering at Cornell, fourteen years ago, Mr. Brown has been in the employ of the Canadian Pacific railway, filling various engineering positions from rodman to principal assistant engineer, a post to which he was appointed two years ago, and which he now resigns to become head of the government railways engineering department.

Mr. Brown is very well known both in eastern and western Canada, having been in turn resident engineer at London (Ont.); assistant divisional engineer at Calgary; division engineer at St. John (N. B.) and Montreal, before becoming chief assistant of the C. P. R.

Although a graduate of an American college, Mr. Brown is a Canadian. He was born at Kingston (Ont.) thirty-six years ago, and is thus a comparatively young man. Later he resided with his parents at Oshawa and Ithaca, where he took his college course.

The management of the Intercolonial and Prince Edward Island railways feel they have secured a particularly able and experienced man in the new chief engineer, who will take up his residence at Montreal on July 1.

TO THE PUBLIC:

Some Growing Children

are under size—under weight. Some grow tall and thin, others are backward in studies—pale and frail—improper assimilation is usually the cause.

If your children are not rugged and ruddy and rosy—bubbling with energy and vim at all times, you owe them SCOTT'S EMULSION—nature's concentrated nourishment to build body, bone, muscle and brain.

Children need SCOTT'S EMULSION to progress.

Loss of Strength

Vin St. Michel

Owing to its valuable fortifying qualities is invaluable for strengthening those who are weak, nervous and run down from overwork or by protracted convalescence.

It is positively the best general reconstructive tonic for fatigued muscle and brain, because it increases and purifies the blood, tones the nervous system and exalts vital powers. It has never failed to bring about results that are most gratifying.

Vin St. Michel should be taken to doses of a wineglassful before meals and whenever the need of a tonic is felt.

The "Kaysers" SILK GLOVE

The Genuine "KAYSER" Gloves cost no more than the "ordinary kind," don't wear out at the finger "tips," and bear that mark of assurance of quality and reliability—the name "KAYSER."

In manufacturing "KAYSER" Silk Gloves no effort is counted too great to bring about that superlative degree of excellence, which gains recognition upon merit alone.

When offered the "just as good" kind—remember the Cross Roads WARNING—Stop—Look—Listen—

Stop—and consider that the "just as good" kind never equals the genuine.

Look—in the hem for the name "KAYSER."

Listen—to the excuses offered for the absence of the maker's name—and insist on seeing the name "KAYSER" in the hem of the silk glove you buy.

Made To Fit Your Feet

No two people's feet are exactly alike, therefore an ordinary arch support will not give the required relief to many feet any more than a standard set of false teeth would fit every mouth, or the same pair of eye glasses suit every eye.

SCHOLL'S "FOOT-BAKERS" are different—the Shoe Dealer or Druggist who supplies them to you is qualified to give you scientific adjustment and fit them to suit your particular needs, so as to give you not only instant relief, but permanent cure.
