McGraw's Review Of the Big Leagues

By JOHN J. MCGRAW, Manager of the Champion Giants (Copyright, 1913, by John J. McGraw)

(Continued from yesterday.)

When you come to figure it out, the pitchers have done a great deal toward carrying the Giants to the front. We have been winning games right along in which the club has made only a few runs. Mathewson and Marquard have been in top form ever since the Giants jumped into that winning streak on the last western trip. Demaree has done his share of the winning too. The young star showed his stuff when he dropped several hard luck games early in the season, and these defeats did not discourage him at all. He just kept right on plugging. Tesreau has not been able to get going steadily this year so far, but to leave it is just a little hard luck combined with a certain lack of the right conditions. He will be pitching consistently winning ball before the world's series and a big factor in those games, take it from me.

The Pittsburgh players were a blue bunch after their New York series. I had a talk with some of them on the day that the last game was scheduled but had to be postponed on account of a shower.

"Tough luck, Honus," I said to Wagner when I met when I was coming off a shower.

"Lucky for you fellows that you grabbed that series," answered Wagner. The Pirates had come to seven figures to clean up the games and get away with a good chance of cutting into the final margin.

"You fellows are liable to crack," Carey told one of my players while the Pirates were stopping in New York and playing in Brooklyn. "We do not figure ourselves out of it by a long shot. We are just going now. Wait until you look over the work of some of our pitchers."

Matty a Wonder But all the confidence was all justified out of them when they got a look at the work of the New York pitchers.

"That fellow Matty is a wonder," said Carey after the series. "He is the greatest man I ever saw to save himself. You can tell he is not using much until things get crowded, and then he puts on the 'stuff.' He makes you feel he has a little something on you all the time."

Philadelphia is the team we have to fear now if any one of these is to be feared. Pittsburgh, after being dumped by the Giants, broke badly on the home grounds. The Pirates have tried to get out of place this year, but Chance has been hand-picked by the fact that he is against the Giants last week and will tempt the other teams. He is a terror for trying, though, and within a year or two he will be a club that will take out some of those other teams, which are walking over the Yankees now, and beat them to a stiff battle.

the beach at Lighthouse Island fourteen minutes before she touched the ladder.

Swam 22 Miles

Minaki, Ont., Aug. 5—B. A. Kirley has established a swimming record here by likely to swim a mile in 22 minutes and swam from Orde's Island to Dynamite Island and returned, a distance of twenty-two miles. When he left the water he was quite fresh.

THE RING

Ritchie to Fight Welsh

San Francisco, August 5—Willie Ritchie, the lightweight champion, was graphed to Vancouver today, that his next match would be a twenty-round bout here with Freddie Welsh, the British lightweight champion, on September 1.

Signs for Two Bouts

Chicago, Aug. 6—Charley White, a Chicago lightweight, has signed articles for two bouts. On Aug. 18 he will meet Frank Walcott of Cedar Rapids, Ia., at Atlanta, Ga., for ten rounds. Johnny Griffith of Akron, O., will be his opponent at Canton, O., on Labor Day, for twelve rounds.

THE TURF

New World's Record

A new world's record for two year old trotters was made at the second day's racing yesterday at Kalamazoo, when Peter Volo, driven by Murphy, did the first mile in 2:09. He won the next heat and the race in 2:10.2. The 210 trot was taken by Tommy Horn after a race of four heats. Time 2:09.1-2, 2:09.1-4, 2:07.8-4, 2:09. The veteran driver, Gers drove Etawah home a winner in the three year old trot. Horseman Futurity, in straight heats, time 2:08.4, 2:08.1-2, 2:09.4. The three year old pace was also decided in straight heats. Tilly Lipton won in 2:12.2, 2:11.4-4 and 2:11.2.

Bangor Record Goes

The Bangor track record was broken in the first of the four days meet of the Hanks Grand Pine Tree Circuit at Bangor yesterday. The new record was made by Hal McKenny in the first heat of the 210 pace; his time for the three heats was 2:09.4, 2:10.4, 2:10.4.

TOM DALY HAS GONE DOWN ONE PLACE FURTHER

Benny Bowcock of Portland refuses to be shaken from the lead among the heavy hitters of the New England League, the veteran holding top place up to last Saturday with average of .355.

The only player who disputes Bowcock in any way is Pete Wood of New Bedford, a brother of Smokey Joe Wood of the Red Sox. Peter was taken on by the Whalers after he had twice been dropped by Brockton. He has shown such class at the bat that he is being used as a pinch hitter. He has an average of .429 but has played in only four games.

Bowcock has a good lead over Magee of Lowell, who is coming back into his early season form, when he led the league for several weeks. The Lowell slugger is 15 points behind Bowcock, however, and only one point ahead of Wilson of Lynn, who was a leader at one time. Hickman of Portland, who is batting better than he has since he came into the league several years ago, is but three points behind Wilson, and two ahead of Lyster of Lawrence, who also has led the league.

Most of the leaders dropped last week. Bowcock lost seven points. Magee four, Wilson five and Griffith 12, while Daly, the young Lowell catcher, who threatened to lead the league, lost 12 points and is now in 10th place with a mark of .329. Hickman was the only leader to show a gain, and his was but three points. Lyster managed to hold his average of a week ago.

There are 97 men in the 300 class, a gain of two over a week ago. Of this number Lowell has five, Worcester and Lawrence four each, Brockton, New Bedford, Fall River and Portland three each and Lynn two.
