IS IN CITY TO MEET **ALL BLACKS TEAM** 

W. B. Howard, Another St. John Man, Comes to Address Rotary.

That from what he had gathered in his trips across Canada he believed better times were coming to the Dominion was the cheering statement of H. W. Brodie, assistant passenger traffic manager of the C. P. R., who is in the city today.

He started with the railway in 1895 and in the 30 years which have gone by has been stationed in every province of the Dominion and some of the southern states. He is a brother of F. Neil Brodie and William Brodie, of this city.

Will Meet All Blacks.

Speaking of his visit to the city, Mr. Brodie said his special mission was to meet the All Blacks when they land from the Montlaurier and start them on their journey across Canada. On Monday evening the team will be the guests of the C. P. R. at a dinner in Montreal at which A. D. MacTier, vice president, would preside. Special artitation of the service of the C. P. The local boys are being rapidly whipped into shape by Coach Carl Fraser, and while they have not scored a definite victory in their two matches so far against St. Luke's and the Nationals they put up a stiff battle.

The game with St. Luke's was won by the church team through the deciding goal being accidentally shot by one of the High School players thus defeating themselves by an unavoldable fluke. The game with the Nationals on Carleton ice resulted in a tie of one score in spite of generous overtime to bring about a decision.

Mr. Brodie said he expected the coming summer to be one of the headst for the first to the Parisian country due to

Is Optimistic.

"We are hopeful," said Mr. Brodie, "that general business conditions are now on the mend, and will show continued improvements. We are all deeply interested in the welfare of the Martine Provinces and hope that conditions will improve and that the people will be able to share in the increased prosperity of the country."

Mr. Brodie will leave on Monday.
