## REMARKS.

42. Efforts being made to build a suitable Manse.
43. Services the one Sabbath at Innisfil and St. John's Church, and at Bradford and the Settlement the other.
44. Church built during the year at Dummer. Prospect of congregation at Dummer requires a Minister in conjunction with Otonabee. Glebe at Dummer (100 acres) and the Otonabee, 120 acres, not yet much cultivated, but valuable.
45. Congregation suffered much from long vacancy previous to induction of present Minister. There are two Churches, but one body of Managers.
47. Congregation recently formed. Service in Town Hall, but about to begin the erection of a Church.
49. Vacant since demission of charge by Rev. Samuel G. McCaughey, 28th Nov., 1859. Churches, but report only received from one of them.
52. Managers express belief that these Congregational Statistics will be of incalculable value to the Church. They report the receipt of \$20 more stipend besides \$20 of arrears, otherwise they believe they would not have got.

TH THE CHURCH OF SCOTLAND, 1859.
