An offer was also made the Windsor Company to pay them \$60 per loom to close down for a year-equal to eight per cent of their capital. The Chronicle pertinently asks where the com bination would get this money. The Upper Province mills now in difficulty themselves could not pay it out of their legitimate business. Perhaps they would grind it out of the Lower Provinces.

The current rumor at Ottawa is that ten millions of dollars are needed. The question which Mr. Blake put on Wednesday was answered evasively by Sir John, who said: "No applications or proposals have been made by the Canadin Pacific Railway Company of the nature stated in this question." The only inference to be drawn from this answer is that Mr. Biake's uestion was not so framed as to get the facts from Sir John. We shall know the truth all too soon.

Clearly some day will yet elapse before we have definite information as to the true state of affairs. Anxiety for the fate of Gen. Gordon is not lessened, but hopes that he is alive increase. The fact that Wolseley has received full authority to carry on operations as he may think best satisfies for the moment the feeling o
