THE TALK OF LONDON.

The Derby and the Oaks—Fabulous Sums Won—A Public Spirited Woman.

LONDON, June 8.—London is still talking of the Derby and the Oaks. The discussion of the relative merits of American and British methods of training and riding has broken out anew. The Sporting Times says: "The Derby has been a French horse and an American horse, but never until Wednesday was it won by a horse that had other than an English jockey in the saddle. What our horses might be, the supremacy of our jockeys was deemed complete, but that fallacy is now exploded. Thus two records were broken, viz.—A victory for a jockey who was not a subject of the King and the running of the race in the fast time on record. The Derby was an Anglo-American triumph, but not so the Oaks, which was American pure and simple. It is a fact that rivalry ran high in America last year between Mr. Whitney and Mr. Keene, almost amounting to bad blood. When a colt of Mr. Whitney's beat Olympian for the Futurity under the circumstances it is not a little singular that Mr. Whitney should have won the Derby and Mr. Keene the Oaks. The Derby running of Olympian told Darwin he had the Oaks in his pocket with Cap and Bell II. To add to the American triumph, the Tammany chief, Croker, ran third in the Oaks, while an American jockey rode the winner of the Derby and the first three in the Oaks were ridden by jockeys of that nationality. Henry, who was imported by Mr. Keene the Oaks, was simply leased the horse for 1,500 pounds cash and half of what the horse might win at three and four years of age, after which he was to be returned. Had Lady Keene well the colt, out-right on an offer that she made, he would now stand at 25,000, the offer being 15,000 pounds down and 10,000 pounds more if he won the Derby. In these matters she has not looked on money as all that counts. Her great desire was that she should have borne the heat of the day he should reap the reward. For that reason she accepted an offer that would admit of Volodyovski's remaining in the stable. The only thing that might have altered all this was if King Edward had continued to be Prince of Wales. But for his accession to the throne, we should now see him credited with what no living man has ever credited with, three Derby winners. Lady Keene is a very public spirited woman. She paid fully for a battery of guns, and the public is little aware of the tons of silver and comforts she has caused to be sent out to the troops in South Africa. She has a splendid collection of Nelson relics, including Lady Hamilton's jewelry. When Temple Bar was removed Lady Keene saved the material from being broken up for sidewalks, and now old Temple Bar, erected as it was in the Strand, forms the principal approach of her estate at Theobald's Park. Fabulous sums were won on Cap and Bell II victory. The commissioners had unlimited orders to back the filly as long as a decent price was obtained and every American man or woman that saw Foxhall Keene for a week, was advised to back the horse.

GRAVES OF CHINAMEN.

Scandalously Desecrated in the Cemetery at Washington.

NEW YORK, June 8.—Chinamen in Washington were stirred up over the discovery that graves in the Chinese plot in the Congressional cemetery had been desecrated. Nelson H. Adams, says a Times special, has written to the district commissioners calling their attention to the affair. Mr. Adams in his letter says: "My attention has been called by Chinese friends to the desecration of the graves and tombstones of their deceased countrymen in their purchased lot in the Congressional cemetery. The tombstones have been daubed with axle grease or similar substance, and the graves desecrated in a most indecent manner. The Chinese people have a fervent veneration for their dead, and are unable to account for such dastardly and sacrilegious acts in a land of boasted Christianity, civilization and enlightenment. I ask that the matter be investigated."

A BILLION DOLLAR BANK.

NEW YORK, June 8.—According to the London correspondent of the world, it is reported there that J. Pierpont Morgan is engaged in arranging for the establishment of a great Anglo-American bank with a capital of \$1,000,000,000. It is said that it is proposed to abolish all of the principal financial agencies and banks already engaged in Anglo-American business. The proposed institution, it is said, is intended to be the principal agency for the steady vast and rapidly growing banking transactions between Europe and America. Mr. Morgan is understood to have associated with him in the stupendous undertaking not only the principal capitalists who aided in the organization of the U. S. Steel corporation, but also the Rothschilds.

A FOOL.

PORTIAC, Mich., June 8.—Frank Taylor, a young man of Oxford, who became dependent because his sweet heart married another man, attempted to drown himself in a tank of blood at Green's slaughter house today. He was assisting in killing cattle and when the tank in which the blood was retained became full, he stripped himself and jumped in. He was rescued by his companions.

SOUTH AFRICA.

More Boers Captured—Mrs. Botha Arrives in England.

CAPE TOWN, June 8.—The British surprised two Boer laagers at different points in Cape Colony Thursday night and captured 42 prisoners, 15,000 rounds of ammunition and a quantity of supplies. A railroad wreck occurred near Pretoria June 7, in which nine soldiers were killed and many injured.
LONDON, June 8.—Mrs. Louis Botha, wife of the Boer commandant general, arrived at Southampton this morning aboard the British steamer Dunvegan Castle from South Africa. She refused to grant an interview, but a son of ex-Secretary of State Fischer, who accompanied her, informed a representative of the Associated Press that Mrs. Botha was going straight to London and later would proceed to Holland and Belgium, but that the date of her departure for the continent had not been fixed. Mr. Fischer was unable to confirm or deny the report that Mrs. Botha had come to Europe on parole in order that he might accompany her.
LONDON, June 8.—The British war office knows nothing of the alleged requisition of General Botha, the Boer commander, for a conference with Lord Kitchener at Sanderton, on the Johannesburg-Durban railroad. The officials here point out that if anything of the kind had occurred Lord Kitchener would have notified the government immediately.

MINERS ENTOMBED.

Two Men Caught in Springhill Mine—Sixty Rescuers at Work.

AMHERST, N. S., June 8.—Two miners, George Timm and John Martin, were entombed in the mine at Springhill, yesterday afternoon, caused by the falling of an immense quantity of stone at two o'clock. The men were at the time working on a cross cut, and the fallen stone rolled down the hill, completely blocking up the entrance. The men are alive. Since six o'clock last evening a gang of sixty rescuers have been constantly at work and it is hoped the men will be liberated this afternoon.

INTERNATIONAL COURTESY.

BUFFALO, June 8.—A short time ago the International Traction Co. petitioned the commissioner general of immigration, through the Hon. De Barry for permission to run its cars from the United States into Canada and back again, without changing the motormen and conductors. The inspector investigated the petition and forwarded his report to the commissioner general. A reply was received yesterday directing the inspector to notify the company that it has the same privileges that the Michigan Central, the Watkins and the Grand Trunk railways enjoy, and that the petition is granted. The company's superintendent, T. E. Mitten, was accordingly notified of the commissioner's decision and in a short time the necessary changes in the running of the cars will be made to take advantage of the order. That will greatly improve the service, as formerly the changes necessary in going from one country to the other were a great inconvenience to the company as well as to the passengers.

WINNINGS FOR CHARITY.

NEW YORK, June 7.—James R. Keene announced today that the Oaks stakes won by the Keene stable today in England, will be distributed among certain charities. The amount is approximately \$24,000. One half of the money is to be distributed in this country and the other half to English charities.

Two thousand shares of Big Five went for twenty-five cents a share, and five thousand shares of the same stock went for twenty. St. John street railway shares brought 117.5 and U. S. McDonald's farm at Greenwich, Kings Co., was sold to H. D. McLeod for \$1,740.

A WEST END WEDDING.

Capt. Patrick Burns, commander of the steamer Dunmore Head, now loading coal at Baltimore, was married today to Miss B. McLaughlin of the west end. Capt. Burns and his bride will leave at once for Baltimore and go to Cork in the Dunmore Head. Capt. Burns will remain ashore for a trip, which time will be spent by him and his wife at his home near Belfast.

BLOOD ALLEY.

Barbara Lopez was in the police court this afternoon to complain against a friend by the name of Marjorie Hughes, who last night attacked her with a hatchet when Barbara was trying to eject her lover from Marjorie's house. As Barbara fears that her friend has further designs on her life, the police have been requested to guard her house tonight in Blood Alley.

POOL ROOM RAIDED.

Headquarters of a Gang of Noted Confidence Men.

CHICAGO, June 8.—In a room at the rear of a saloon on Cottage grove avenue, filled with a mass of wires, telegraph instruments, and all the paraphernalia necessary to a well equipped pool room, Chief of Police O'Neill and several detectives from the central station arrested 25 men last night and unearthing what they say was the headquarters of a gang of the most noted confidence men in the country. Those arrested were all taken to the police station, where they were booked on charges of conspiracy to defraud. The complainant will appear against them in S. L. Seabrook, a traveling man who alleges he came near being a victim of a swindle involving several thousand dollars. Seabrook consummated his plan by making the men reach police headquarters before many of the prisoners were recognized and the commanding officers realized the importance of the arrests. Among those arrested in the raid were Frank Deasbois, Edward Dunne and Archie Donaldson, well known to the police.

CONSUMPtives SHUT OUT.

NEW YORK, June 8.—The Tribune says that some of the leading physicians of this city think that the order issued by T. V. Powderly, commissioner general of immigration, debarring consumptives who might be the cause of the lungs from entering this country, may result in some countries adopting retaliatory measures. They further think that these probable measures may be of such nature that a trip abroad may be benefited by a stay here and that the stand taken by this government in dealing with immigrants having tuberculosis, may lead to action by state and municipalities which would practically keep consumptives at home.

STUDENTS AND POLICE FIGHT.

KNOXVILLE, Tenn., June 8.—Students of the university of Tennessee and five city policemen engaged in a fight here last night in which numerous shots were exchanged, but no one was hurt. The fight grew out of the attempts of the police to quell frequent disturbances made by students with a cannon. The police were called on by the university commandant to stop the disturbances. This enraged the students, who attacked the police, firing on them from behind trees on the campus and showering them with stones. Quiet was not restored until after midnight. Another clash is feared by the authorities.

THAT FRENCH DUEL.

PARIS, June 8.—The duel with swords, which was begun yesterday in the Parc des Princes, between Max Regis, the anti-Semite mayor of Algiers, and M. Laberdeque, an Algerian journalist, and which was adjourned after 19 resultless rounds had been fought, was resumed this morning. M. Regis was seriously wounded in the forearm, a copious flow of blood resulting, and the duel was thereupon stopped. The seconds, however, subsequently became involved in a lively altercation which will possibly lead to another duel.

CHILD BURNED TO DEATH.

ROCHESTER, N. Y., June 8.—Foreman Eber, aged three years, early this morning crawled out of her crib in her parents' home and began playing with a lighted lamp standing near by. Suddenly the lamp was upset and the burning oil was scattered over the child. Her mother was aroused, and in an endeavor to put out the flames was badly burned. The child was removed to the Homeopathic hospital and died in great agony.

THE WEATHER.

WASHINGTON, June 8.—Forecast—Eastern states and northern New York—Fair tonight and Sunday; Low temperature tonight in central portion, fresh northwesterly winds. Western New York—Fair tonight and Sunday; probably warmer Sunday; fresh westerly winds, becoming variable.

THIS IS HORRIBLE.

TOLEDO, Ohio, June 8.—Dr. Barnhill, coroner of Henry County, has made his official investigation into the cause of the death of Leroy, Ida and Melvin Gibbs, children of Sarah Gibbs. His decision is that Leroy Gibbs, while insane from reading lurid literature, murdered his sister Ida and his brother Melvin by stabbing and strangling, respectively, and then ended his own life. The three children will be buried together tomorrow.

"CHICAGO MAY" ARRESTED.

PARIS, June 8.—The police of this city have arrested an American woman named May Campbell, who had maintained intimate relations with "Tom" Edwards, one of the burglars who evaded the Paris office of the American Express company in April, the authorities having decided to charge her with complicity in the robbery. She was formerly a music hall performer and has made a tour of the United States under the sobriquet of "Chicago May."

THE SLAUGHTER HOUSES.

Dr. Simon, the new inspector of slaughter houses, has been paying very close attention to his duties, and yesterday reported to the commission several violations of the regulations. He also informed the commission that night soil from the city was being dumped in a pit only 300 yards from the slaughter houses of Damerly and McCarthy, and it was decided to report this to the board of health. During May 576 cattle, 185 sheep and 173 calves were killed at the various houses. More stringent regulations regarding the killing of animals were adopted.
