## A HALIFAX INSTANCE.

The suggestion that Halifax is somewhat slow is not borne out by the record. There is to be a football tournament in that city next Saturday and Monday, and the citizens have seen a good opportunity to combine business with pleasure. The Tourist Association, which is a very practical and energetic body, bought a large space in one issue each of the Herald and Chronicle, and inserted a very attractive advertisement, telling of the special excursion fares on the railways, the football tournament, the theatrical attractions, and the excellent opportunity out-of-town merchants would have to visit the city and enjoy themselves, as well as to purchase goods and see the Halifax stores well stocked with goods for the approaching Christmas trade.

The Tourist Association deserves congratulations for its enterprise, and should be heartily supported in its excellent practical work by the merchants of Halifax. It is doubtless true there, as it is in St. John, that a few people have to do a great deal of work, which is of general benefit, without receiving as much encouragement as their zeal and the nature of their service to the city should command.

There will be, beyond question, a good return to the merchants of Halifax for the publicity given to the tournament by the Tourist Association, and that kind of benefit is quite as desirable a thing from the purely local standpoint as the profits gained by attracting tourists from far away places. The Halifax association takes a very proper view of its relation to the business interests of the city, and has set an excellent example.

## POLITICAL SERMONETTE.

Dear People,—You must have read with deep interest and pleasure the statement of our Reverend Dr. Pugsley that the coming provincial elections are to be run on federal lines. Equally interesting and pleasant will it be when either he or our Much Beloved the Honorable Tweedie declares that federal lines have nothing to do with the case. It has been alleged by partisans of the Detestable Hazen that our Reverend Dr. Pugsley's statement is equal to a confession that he sees the liberals slipping away from him and our Much Beloved the Honorable Tweedie, but we know better. They are certain of the support of the liberals and also of the conservatives, and likewise the rest of the bunch. Whatever our Reverend Dr. Pugsley says is right. Sufficient unto the day is the stratagem thereof. There are no yesterdays and no tomorrows. Look neither to the right hand nor to the left. Keep your eye on our Reverend Dr. Pugsley and our Much Beloved the Honorable Tweedie, and though you face now north, now south, now north by south, now northeast by north or southeast by west, yet will you always be looking into the eye of the morning, over the scattered remnant of the hosts of Hazen.

## ORONOTO.

## A NEW DOCTRINE.

One Henry Nichols, lecturing in New York the other day, enunciated the somewhat startling doctrine that the children of total abstainers lack virility and stamina, as compared to those of drinkers. In support of his argument he cited most of the prominent families of New York and New Jersey, showing the kind of folks that are descended from "a good hearty rum-drinking ancestry." In a single generation the children of the abstainers, he claimed, have stepped from the superlative to the commonplace. Mr. Nichols doubtless believes that alcohol is a food and that "tis rum that makes the world go round." He probably would substitute Jamaica rum and similar constituents for the ordinary foods sold for infants. The result would be even more startling than he pictures. While no baby is, according to its parents, in any way commonplace, after several doses of Nichols' patent, it would certainly become superlative. There is little fear that his views will receive any general acceptance, and it will not be considered necessary for the welfare of the future generations to feed the parents over a bar.

Speaking of the opportunist press, the Moncton Transcript says:—"The Fredericton Herald has like a sensible newspaper with a suddenness which almost takes the breath away, come over to the idea of dividing provincial politics along federal lines. An anxious public now awaits a deliverance from the St. John Gazette and Chatham Advance so that it can recognize how abiding is principle with those two journals."

The Pugsley-Tweedie spider is anxious to get the liberal fly into its parlor. What if the fly prefers to stay outside?

Referring to the addition of Hon. Mr. Prefontaine to the cabinet the Ottawa correspondent of the Moncton Transcript (liberal) says:—"This completes the cabinet for the present." This appears to be a suggestion that further changes are in contemplation.

## NEW COMPANY FORMED.

Bear Gulch Shareholders Approve of New Arrangement Which Amalgamates Bear Gulch Mining Company and Fold King Mining Company of Montana.

There was a very large attendance at the meeting of the shareholders of the Bear Gulch Mining Co. held in the Board of Trade rooms, commencing at four o'clock yesterday afternoon.

The meeting was called for the purpose of hearing and approving of the report of the terms of settlement with the western men, as suggested by the representatives of the eastern shareholders who have recently returned from a visit to the mine. The gentlemen who were intrusted with this delicate duty were John H. Thomson, W. H. Barnaby and A. H. Hanington. The difficulty with which they had to contend, if allowed to proceed, would have entailed an enormous expense. It was greatly in the interest of the shareholders to avoid this and seemingly the gentlemen entrusted with the mission carried it out successfully, as the acceptance of their arrangements at yesterday's meeting shows.

The arrangement is that a new company be formed to be called the Kimberley Montana Mining Co., being an amalgamation of the Bear Gulch Mining Co. and the Gold King Mining Co. of Montana, with a capital of \$3,000,000, of which the St. John shareholders get one share in the new for one share of the Bear Gulch stock, value \$1,250,000; also a bonus of \$100,000. Kimberley also get \$1,150,000 of the stock and the balance, \$500,000, goes into the treasury.

This arrangement was approved and a vote of thanks unanimously tendered to Messrs. Thomson, Barnaby and Hanington.

The new company will be placed in the control of two trustees for two years, John H. Thomson and P. L. Kimberley, being the gentlemen chosen.

## NEPTUNE ROWING CLUB BALL.

The annual ball of the Neptune Rowing Club took place at the York Theatre Assembly Rooms last evening, and, as usual, was one of the most enjoyable functions of the kind held for some time.

Some three hundred ladies and gentlemen were in attendance and it was generally remarked that the ladies' gowns were collectively the handsomest ever seen in this city at a similar function.

Considerable time was spent in decorating the rooms, and a very pleasant effect was the result, highly creditable to the club. The club colors, red and white, predominated. In the ball room flags were tastefully hung and the pillars artistically decorated. There were many beautiful pictures on the walls and on the north wall, immediately in front of the entrance, was a large shield with the "N. R. C." motto and the crossed oars and trident, the emblems of the club. The orchestra occupied a raised platform between the reception room and the ball room. This also was prettily and tastefully decorated, the club colors again predominating. The walls were hung with many beautiful pictures, and on the floor and many chairs and comfortable seats for those who preferred to sit it out. The supper room also was tastefully and conveniently arranged.

The ladies' committee consisted of Mrs. A. George Blair, Mrs. F. E. Hanington, Mrs. C. F. Harrison, Mrs. R. K. Jones, Mrs. George West Jones, Mrs. George McAvity, Mrs. Alfred Porter, Mrs. J. Morris Robinson, Mrs. E. T. Sturdee, Mrs. John H. Thomson, Mrs. W. E. Vroom and Mrs. Thomas Walker.

## DEATH OF T. OTTY CROOKSHANK.

The death occurred at Fredericton yesterday of T. Otty Crookshank of the provincial audit department. Mr. Crookshank was in the 76th year of his age and was a son of the late Robert Crookshank. His death, though following an illness of but a few days, was not a surprise to his friends, as he was well known that he was a constant sufferer for many years from heart trouble. Deceased leaves a wife and four children to mourn. Mrs. Crookshank is a daughter of the late John R. Partelow. His sons are John and Andrew Crookshank of Fredericton, and his daughters are Miss Emma Crookshank and Mrs. Penety of Fredericton. Otty Crookshank followed farming for the greater part of his life, having a splendid farm of almost a thousand acres on Loch Lomond road. In later years he resided with his family in the old homestead on Chipman's hill, and removed to Fredericton some twelve years ago to fill a position in the provincial government offices. Mr. Crookshank was a native of St. John.

The funeral will take place on the arrival of the C. P. R. on Thursday noon.

## HE WAS A BUTCHER.

"Now, I rather pride myself on my ability to read character," said the man who was given to buying detective tales, "and yet why should I? It is really a very simple thing; requires nothing but close observation. For instance, it is easy to tell a man's occupation, even his dress, are stamped by his daily work. You see that man sitting opposite us? Well, I am just as sure as though he told me that he is a barber."

"You are mistaken," replied his friend. "That man is a butcher."

"Impossible!" exclaimed the amateur detective. "You never saw a butcher with slim white hands, like his."

"Perhaps not," admitted the other, "but he is a butcher just the same."

"How do you know he is?"

"How do I know? Why, the scoundrel shaved me once."—Household Guest.

## SUDDEN DEATH.

The death occurred very suddenly last night of Miss Elizabeth J. Robson, a lady of estimable character, who had many friends throughout the city, who will deeply deplore her demise. The deceased was the eldest daughter of the late Thomas and Maria Robson of this city. But one brother survives, Wm. F. Robson, an employee of W. H. Hayward & Co. The late Miss Robson, while not enjoying the best of health for some years past, was, however, fairly active, conducting her own household and attending service at St. David's Church, of which she had been a life long member. Yesterday she partook of her noon-day meal as customary and passed the afternoon in the usual way. Shortly before six o'clock, while reading, she fell in a faint. Dr. Daniel was summoned and succeeded in reviving her, but another similar attack about 11 o'clock ended her life in this world. The funeral will take place on Thursday afternoon at 2.30 o'clock.

## ST. ANDREW'S CURLING CLUB.

## THE ANCIENT EGYPTIANS.

Mr. Steen's lecture on The Ancient Egyptians will undoubtedly be one of the intellectual treats of the coming season. It will be very comprehensive in its scope, putting in most attractive form a great deal of information about one of the most interesting nations that the world has ever known. The physical features of the country, the origin of its civilization, the characteristics of the people, the story of the decipherment of the hieroglyphics, the religious ideas of the people, their earliest and greatest art—all these subjects will be dealt with and illustrated by a series of lime light views, produced upon the subject.

## SMALLPOX SENSATION.

WEBSTER, Mass., Nov. 11.—No greater sensation during the present smallpox epidemic has occurred than when health officers today decided that Jerome Marsh, president of the Reading Room Association, had the disease. Immediately after, more excitement came when it was known that Dr. Potvin and wife escaped from quarantine and drove to a neighboring town. They were captured and brought back. The Reading Room Association is the aristocratic club of the town. At a meeting last night a score of members were present, most of them the most prominent in town.

## WEDDED YESTERDAY AFTERNOON.

There was a quiet wedding at St. James church at five yesterday afternoon, when Walter Ashton Pritchard was united in marriage with Miss Ada Byron Troop, only daughter of Mrs. O. V. Troop. The guests included only relatives and immediate friends, but as both bride and groom were popular young people there was a large attendance at the church. The bride, who was unattended, wore a becoming travelling costume of ox blood Zobeline cloth trimmed with black, and with white moire silk, and a black picture hat. Rev. A. D. Dowdney solemnized the marriage and immediately afterwards Mr. and Mrs. Pritchard left for Halifax on a wedding trip through the provinces. On their return they will reside at No. 165 Queen street. The popularity of the young couple is shown by the many substantial expressions of good will they have received from relatives and friends. The groom's present to the bride was a handsome sealskin cloak.

## JACK THE SLUGGER

Miss Mary Alice Smith, whose parents formerly lived in this city, but now of Charlestown, Mass., is suffering from nervous shock in that city, the result of fright in connection with the recent doings of the "Sluggers." The young lady went out last Thursday evening to buy some stamps and a short time later was found lying on the sidewalk in a state of nervous collapse. It is thought that Miss Smith was frightened by some simple happening, but she has since been very ill.

Miss Smith is a niece of Mrs. D. N. Vanwart, of St. John, and visited here for several weeks last summer.
