Through the Efforts of Wm. Martineau, All But One of a Party of Montreal Laundry Workers Were Rescued—Freight Congestion in the West

EDMONTON, April 18.—Strathcona, the home city of the premier of Alberta, has been selected as the seat of the new provincial university. WINNIPEG, April 18.—The following gives an idea of the congestion on the Canadian-Northern: The Dominion Elevator Company holds bills of lading for five cars, Nov. 23; bill of lading for car Dec. 3; bill of lading for car No. 3782, both from Fort Saskatchewan; Dec. 22 bill of lading for car No. 36220, Dec. 23; bill of lading for car No. 36220, both from Mundare, Sask., Jan. 5th; bill of lading for car No. 36220, both from Mundare, Sask., Jan. 5th; bill of lading for car No. 36220, both from Mundare, Sask., Jan. 5th.

CHIEF JUSTICE TUCK STRONGLY CRITICIZES REMARKS MADE BY JUDGE MCLEOD.

Asserts That Insinuations Were Made Against Him, Which Were Without Foundation—Leaves the Court After Speaking—Judge McLeod Replies—Judgments Delivered

FREDERICTON, N. B., April 19.—The supreme court this morning delivered a number of judgments. The full court was present with the exception of Judge Gregory. The King vs. Patrick Hennessey and John Clark experts Pallen. This was an application to quash a conviction under the C. I. A. made in the County of Northumberland on the ground that though the case was tried before two magistrates the information was laid only before one. The court was of a unanimous opinion that the rule should be discharged and the conviction stand, as under the statute the information might be laid before one magistrate.

HAD NARROW ESCAPE FROM DEATH TODAY

Edwin Murphy aged 28 years employed as elevator man in the I. C. R. elevator, had a thrilling escape from death this morning. About 9:30 o'clock he was engaged in some work at the end of the long chute on the pier and was standing near the rapidly moving belt which at that point passed over the large end pulley. Mr. Murphy's coat was whirled around and in some way caught in the side screw of the pulley. He was drawn in between the spokes of the revolving wheel. Before the machinery could be stopped Mr. Murphy was whirled round eight or ten times and one of his arms, which had been drawn between the spokes of the wheel, was badly dislocated, being disjoined at the elbow and the shoulder. In addition to this his clothing was torn off and he sustained very painful cuts about the shoulder, head and legs. Mr. Murphy narrowly escaped death, for if he had been drawn a few inches further his skull must have been crushed. He was conveyed to the elevator office and Dr. Daniel and Broderick, who were summoned, set the shoulder and had Mr. Murphy taken to his home on City Road. He will recover, but will be confined to the house for some weeks.

WORLD'S COMMERCE ENORMOUS AMOUNT

WASHINGTON, April 19.—The international commerce of the world now exceeds \$25,000,000,000, of which \$13,750,000,000 is imports, according to a statement issued by the Bureau of Statistics of the Department of Commerce and Labor today. Of the imports of countries other than the United States fourteen and one-third per cent. are drawn from this country and of their exports, 9.1 per cent. are sent here. These figures of exports include only the domestic products exported, but do not include the foreign or colonial merchandise brought into the country and re-exported. The total imports of the countries other than the United States are given as \$12,533,145,000, and the share of these imports drawn from the United States as \$1,798,385,000, or 14.37 per cent. of the total. The total exports of the countries other than the United States are given as \$10,788,000,000, and the share sent to the United States as \$1,081,113,000, or 9.97 per cent. of the total.

MONCTON INFESTED BY DISREPUTABLE TRAMPS

MONCTON, N. B., April 19.—Information was laid in the local police court today by I. C. R. Freight Agent McLeod against the well known local wholesale dealer Alfred J. Babang. The facts of the case are that some time ago Babang had a car of oats due on which there was some demurrage charges which he refused to pay. The car was loaded up in the yard and the railway authorities considered they had been deceived. It was broken into and the contents taken. The charge laid against Babang is of a somewhat technical nature and is for purposes of test case. It will be tried next Tuesday.

NO ATTEMPT YET TO SECURE THAW'S RELEASE

NEW YORK, April 19.—No movement to attempt to secure the release of H. K. Thaw on bail has been made and none is likely to be made for some time. Dan O'Reilly, chief counsel for Thaw, two lawyers still in his employ, said yesterday no immediate steps would be taken regarding bail. That Thaw and the members of his family are resigned to the fact that Thaw must spend another summer in the Tombs is apparently indicated by the gossip from the city of nearly every member of the family. Mrs. W. Thaw, the mother, and the Countess of Yarmouth, are now in Pittsburgh and Mr. and Mrs. Edward Thaw have sailed for Europe. Of all the devoted family that gathered about the slayer of Stanford White during his fight for freedom recently only his wife, Evelyn, remains at the Hotel Touraine. She visits the prisoner daily and declares she will continue so to do as long as he is in jail.

SEVEN PERSONS KILLED IN THE EARTHQUAKE

AYUTLA, Mexico, April 19.—Seven persons were buried under wreckage and killed at this place by the earthquake April 14. The wounded number 10. Many buildings were thrown down and those which the still standing are in danger of falling. None of the houses are habitable and citizens are camped under improvised tents. The losses are estimated at approximately \$200,000. No advices have been received from outlying districts of this section.

THE EASTERN STATES OBSERVE PATRIOTS DAY

A New Holiday Added to the Long List of Those Now Celebrated by Volatile Yankees BOSTON, April 19.—Ushered in by the booming of the cannon at the forts in the harbor and the ringing of the city's church bells, Patriots' Day, the 132nd anniversary of the battles at Concord and Lexington, was celebrated today. The holiday was observed generally throughout Massachusetts and Maine, the celebration in the latter state being substituted for the old-fashioned Fast-day, which was recently abolished by the legislature. As usual there were special exercises by the various patriotic organizations. There was also an extended sporting programme in Boston, the most notable being the annual Marathon run of twenty-five miles, from Ashland to Boston. From a spectacular point of view, the celebrations at Lexington and Concord were the most interesting. In both places salutes by bells and cannon were in evidence and the air resounded with martial music throughout the day. In the morning the Lexington Drum Corps, uniformed like the Continental troops, marched into the town over the route made famous by the ride of Paul Revere 132 years ago.

UNABLE TO WALK OUT, CRIPPLE LOST HIS LIFE

ELMIRA, N. Y., April 19.—The Hotel Campbell at Athens, Pa., was completely destroyed by fire this morning. Elum Keadall, a cripple, was unable to get out and lost his life. The fire started near the stairway and cut off all means of escape and the guests were forced to jump from windows. Several were injured. The origin of the fire is not known.

PARLIAMENT

OTTAWA, April 19.—In the Commons this morning a resolution was adopted for Saturday sittings. Mr. Bourassa called attention to an article in the Sydney Post stating he was a brother-in-law of Mr. Sifton and shared the profits from a five hundred acre timber land deal. Mr. Bourassa denied the connection with the lands or the man. The remainder of the sitting was devoted to discussion of the threatened coal strike in British Columbia.

TO UNITE INDUSTRIAL LABOR IN THE WHOLE OF AMERICA.

Samuel Gompers Proposes a Plan, Likely to be Adopted, by Which All Unions Will be in a Position to Act Together

CHICAGO, April 19.—A plan by which the metal trades of the United States may act as a unit and may call most sympathetic strikes over the whole country is suggested by President Gompers of the American Federation of Labor, who yesterday issued a circular to John Dillards, president of the Chicago Federation of Labor, who in turn called a conference of the officials of the metal workers' unions of Chicago. The object of the plan is to have all the contracts made with the employees begin and terminate at about the same time in each branch of the industry, so that in making new arrangements the unions in each branch of the industry may have the full force of their national strength to enforce their demands. There are hundreds of thousands of men engaged in these trades and the power which their organizations will have under the new scheme is enormous. The plan was originated by Gompers and is being passed out by him to the leaders of the local federations of labor. Within a few days the movement will be spread all over the country and the labor unions will begin working out the details which shall make the system effective. Members of the local bodies favor the idea and will give it hearty support.

AUBREY SNOWDON DIED FROM EFFECT OF HIS INJURIES

SACKVILLE, N. B., April 19.—Aubrey Snowdon, victim of the gunning accident on Wednesday, died last night while having his leg amputated. He had been weakened by the loss of blood and was not equal to the operation which was his only hope. Much sympathy is felt for the bereaved family.

LUMBER COMBINES EXIST IN THE WEST

OTTAWA, April 19.—The Commons committee appointed to inquire into the charge that there was a lumber combine in the west, has prepared its report. The committee has found unanimously that there is a combine in connection with the retailers' association and the manufacturers' association as well. As a result lumber prices are excessive. Forty witnesses were examined by the committee and the whole field was covered, retailers and manufacturers being examined. What steps will be taken has not been decided, but no doubt an end will be put to the combine.
