MAY ADMIT AS EVIDENCE STEVE ADAMS' CONFESSION.

Moyer, Who Told a Straight Story in the Haywood Trial Made a Good Impression, But Admitted the Intimacy of Haywood and Orchard

BOISE, July 11.—Charles H. Moyer, the prisoner-president of the Western Federation of Miners, will take the stand again today for cross examination by the State in the Haywood trial. It is not likely that this feature of the case will occupy much time as counsel for the prosecution states that their examination will be brief. Moyer has told a straight story and the impression he created was favorable in the extreme. The position of the prosecution, however, is that Moyer has made an impression to show that their claim of the intimacy between Orchard and Haywood is well founded. It is probable that Fred Miller will go on the stand after Moyer, but the defense may again pass him until Haywood has been heard. Haywood in direct and cross examination may take the remainder of the week, though it is possible that the defense may close this Friday night. It was rumored today that the reputed confession of Steve Adams will be brought in the course of rebuttal. Counsel on both sides are non-committal with regard to admissions, the defense declining to say positively that they will put him on the stand. Should they do so, counsel for the State expects to be able to introduce the confession. The original of the alleged confession is in the hands of counsel for the State. It is to contain much sensational matter and should it be brought out it is believed the criminal record achieved by Orchard will, in certain respects, be eclipsed by the story Adams is said to have told and then withdrawn as untrue.

BAPTISTS JOIN IN THE TEMPERANCE CRUSADE.

Pledge Strong Support to the Federation and Urge the Church to Work for Prohibition—New Ministers to be Ordained

WOODSTOCK, N. B., July 11.—This morning at 7 o'clock W. W. Woodstock, for the treasurer, Jas. Patterson, of St. John, who was detained for illness. Receipts of the association for the year ended June 30, 1904, were \$5,960. Notice of motion was given that disinterested officers should be elected by no longer members of the association. Rev. E. J. Grant from committee of temperance, reported that while not all had been accomplished that was desirable, yet we had reason to be thankful for what had been done. Baptists were behind none in fighting this traffic, and desired again to put on record their uncompromising hatred to this evil and their sympathy with the N. B. Temperance Association. They deplored the sympathy of the people. It was agreed on all that by vote and influence, aid should be given in securing prohibition which is the only remedy. The churches are responsible because it is in their power to destroy it. After discussion by Rev. Wilson, Phillips, Buzzett, Smith, McIntyre, Kierstead and Messrs. Weyman and Frost the motion was heartily carried. Dr. Creed from the committee on literature reported that having made an examination in doctrine, etc., they would recommend that Fred S. Porter, M. L. Orchard, Percy Hayward, and R. S. Collinham be ordained and that G. Bolster, H. McGill, F. Orchard and H. Sharp be given association licenses. The report was adopted. Dr. McIntyre, sup. of home missions, reported great needs because of such an extensive field. However, the ground had been fairly well covered with ministers and students. The outlook was magnificent. The work of the pastors as well as enlarged contribution.

GATTLE SELLERS REFUSE TO ACCEPT NEW PLAN

CHICAGO, July 11.—The live stock commission men's ultimatum to the big packers on the post mortem inspection controversy, was given out yesterday by the committee appointed at Monday's meeting of the Chicago Live Stock Exchange. They will refuse to sell cattle of whatever class subject to the post mortem inspection as demanded by the packers. The ultimatum is in the form of a tentative agreement and provides for an absolutely "open market." It favors a rigid ante-mortem inspection of all classes prior to the consumption of sales and extends to the packers the privilege of selecting and tagging animals suspected of being diseased. A conference between representatives of the packers and of the commission was held but no definite results were achieved. Another conference probably will be held today or tomorrow in which several of the heads of the big packing houses are expected to take part.

DEATHS. KILLEN—In this city, on July 11, John P. Killen, aged 13 years, son of John Killen. Notice of funeral hereafter. New York papers please copy.

WANTED.—Dining room girl, good wages given. Apply Hotel Ottawa, 11-7-4

APPENDICITIS, NOT POISON, CAUSED DEATH

Mr. Hancock, Former Clergyman, Freed from Suspicion

LONDON, July 11.—A jury in the Kingston coroner's court today rendered a verdict of death from natural causes, in the case of Mrs. Hancock, wife of Walter Swinburn Hancock, of Chicago, who died March 23 last, the cause of death being certified as appendicitis. Owing to the suspicion of the woman's son, who is a lawyer, the body was exhumed, and he testified at the inquest that he thought Hancock poisoned his wife in order to obtain her property. The analysis of the contents of the stomach made at the instance of the home office showed that there was no trace of poison. Dr. Wilcox, the home office analyst, testified that he had not found the slightest trace of poison in the stomach. Death, he added, was due to heart failure, the result of blood poisoning caused by appendicitis. There was no trace of poison in any of the medicine bottles submitted to him. Prior to this expert testimony Dr. Grayford, who was present at the original post-mortem examination, was questioned by counsel for the deceased woman's son. The witness expressed the opinion that death was due to heart failure, "induced by some means which came from the stomach, but not directly." He did not believe this was due to natural causes. In reply to a direct question of counsel, "What do you suggest, poison?" Dr. Grayford answered—"Yes, poison might have effect on the heart but leave no trace in the body." On cross examination Dr. Grayford again expressed the opinion that the death of Mrs. Hancock was accelerated by improper means. He admitted, however, that there was nothing to show that there was any poison in the house at the time of her death, and that the coal was not despatched in specially chartered steamers to the Philippine Islands and certain rendezvous on the west coast of America. According to Lloyd's are asking 36 per cent, to 60 per cent to cover the war risks of coilers bound from England to Manila.

KILLED WHILE WASHING HIMSELF AFTER WORK

Lightning Struck a Man at Cocagne—Suspected Thieves Were Sent up for Trial.

BOYS ARRESTED FOR HAVING SOME FUN

Six Young Men Will Appear in Court Today, Having Been Taken in Charge by Policeman Crawford.

About two weeks ago Mrs. Hubbard Reid, of Union street, West End, left her home for the country and forgot to take her cat and dog with her. The two animals were left locked in the house and without food. Yesterday Police Sergeant Ross and S. M. Wetmore, secretary of the S. P. C. A., learning of the condition in which the dog and cat were, secured a key, opened the house and liberated them. The animals were almost starved when liberated and eagerly ate what food was given them. In the police court this morning Andrew Irvine, James Moore, Wm. Sound and three other boys, aged from 12 to 15, were fined eight dollars each for drunkenness. Christy Conway, Charles McLaughlin, Edward McGinnis, Geo. Kaye, Henry Green and Martin Curran, six young men, were enjoying themselves in Spearhead's ice cream and fruit store last night and were later arrested by Policeman Crawford charged with being disorderly.

OPPOSITION MEETING LACKED AN AUDIENCE

CHATHAM, N. B., July 11.—Barely a baker's dozen attended the meeting of the opposition party here last night. The following officers were elected: President, G. E. Fisher; Vice-President, Ed. Golliver; W. L. T. Weldon, Secretary, and J. L. Stewart, Treasurer. These with J. Y. Merseman, E. Hurke, D. P. Macdaniel, J. Fred. Jensen, Thos. Fitzpatrick, R. Babineau and Chas. Cassidy form the executive. Speeches were made by Messrs. Morseley and Morrison and Hubbard.

HAGUE CONVENTION.

THE HAGUE, July 11.—A discussion of the Anglo-German proposition regarding the establishment of the proposed international prize court today occupied most of the time of the sub-committee to which the matter was referred. Considerable opposition developed and ultimately Joseph H. Choate moved the appointment of a joint committee to harmonize the different proposals. M. Bourgeois heartily seconded the motion which was carried unanimously.

SIX MINERS KILLED BY FIRE DAMP EXPLOSION. HAZELTON, Pa., July 11.—It is reported that six miners were killed today by an explosion of black damp in the Audenreid Mine, three miles from here.

HE WILLINGLY ADMITS THE MURDER OF HIS WIFE.

Assyrian, Charged With the Crime, Makes No Objection—His Answer Rather a Surprise—Canoan Company Incorporated

FREDERICTON, July 11.—Thomas David was brought before Magistrate March at 11 o'clock this morning. Mr. J. H. Barry, K.C., appeared for the Crown, while the prisoner was unrepresented. There were only a few spectators present in the court. David having made the statement that he did not understand English the interpreter, an Englishman named Dominick Stephen, residing across the river, was engaged as interpreter. Col. Marsh said that the charge before him was that on July 8th, Thomas David had murdered his wife at McAdam Junction. Stephen repeated the charge to David in Assyrin and David answered back in the same language which Stephen interpreted to the court as follows: "He says, 'Yes he did.'" The magistrate was somewhat taken back by the reply and said he did not want the prisoner to make any statement. He only wished him to understand the charge. The magistrate then remanded David until Monday morning next, and the court adjourned. David is no doubt a peculiar character. He may be answered the magistrate's charge gave the impression of one acknowledging the offense in a tone as much as to say "and what are you going to do about it?" After court adjourned Mr. Barry told the interpreter to tell David he had better get a lawyer and that he had better not talk so much. David replied that he had no money so could not engage a lawyer. Henry Chestnut, Wm. and H. G. Chestnut, Willard Kitchen, Edward Murdoch, all of Fredericton, have applied for incorporation as the Chestnut Canoan Manufacturing Company with a capital stock of \$48,000.

HORRIBLE DOUBLE MURDER COMMITTED IN BUFFALO.

U. S. GOVERNMENT IS BUYING LOTS OF COAL And a Japanese Admiral is Inspecting the Shipbuilding Plants and Armories

LONDON, July 11.—The American Government has placed large orders for Welsh steam coal in this country, according to a news agency representative. One order is said to amount to 40,000 tons and it is added that the coal will be despatched in specially chartered steamers to the Philippine Islands and certain rendezvous on the west coast of America. According to Lloyd's are asking 36 per cent, to 60 per cent to cover the war risks of coilers bound from England to Manila. NEW YORK, July 11.—Admiral Baron Yamamoto, former minister of marine of Japan, who, with a staff of Japanese naval men, has been inspecting the shipbuilding plants and gunneries of the United States, returned to Japan today. He was accompanied by Admiral Goodrich, commander of the United States fleet in the Pacific. Admiral Yamamoto left his hotel early in civilian dress, his visit being of an unofficial character. As he departed a small crowd which gathered cheered and applauded him whereas the Japanese admiral and bowed his acknowledgments. BUFFALO, N. Y., July 11.—Peter Forrester, a well known saloon keeper and sporting man, and Marie Smith, 32 years old, a waitress in his saloon restaurant, were murdered early today. George Hudson, a painter, is accused of the crime. The Smith woman formerly lived with Hudson and her refusal to leave Forrester's place and resume her relations with him, are the alleged causes of the double murder. Hudson was arrested a few minutes after the crime was committed. He was covered with blood but declared that he had no recollection of what had occurred. Forrester was sitting in front of his saloon at 159 this morning, when, it is alleged, Hudson rushed up and stabbed him with a butcher knife. Forrester sank to the ground, and his assailant again plunged the nine inch blade of the knife into his wife. Hudson, it is alleged, then rushed upstairs to Marie Smith's room. She was in bed asleep, but was awakened by the bursting open of the door. As she sprang from bed, Hudson, it is alleged, stabbed her twice, inflicting terrible wounds. Forrester died in five minutes. The woman was taken to a hospital where she died on the operating table. Hudson was arrested and taken to police headquarters. He stated that he had been living with the Smith woman up to two weeks ago. She had promised to leave Forrester's and return to him but he had been unable to see her since July 4. Hudson declared that he had been drinking and had no recollection of what happened at Forrester's.

THE SUDDEN DEATH OF JOHN KILLEN, JR.

Popular Young Fellow, Member of Victoria Baseball Team, Died This Afternoon.

John P. Killen, eighteen years old, the second son of John Killen, died suddenly at his father's home this afternoon about 1:20 o'clock. He was a member of the Victoria Baseball Club and played in the game on the Weldon Field last evening. On the night in the cells while the other three appeared this morning. All pleaded not guilty. The case was postponed until this afternoon when the matter will be tried. Dr. A. W. MacTae is representing the prosecution and J. P. M. Baxter will look after the interests of the boys. According to the charge on the post-mortem the little lark of the youths makes it look very serious, for the arrests are made on about four charges. It is intimated that before the end of the hearing Policeman Crawford, who made the arrest may find himself in hot water.

CLERGYMAN SOLVED THE HORSE PROBLEM. The river steamers had exceptionally large freight and passenger lists on leaving yesterday this morning. On the Victoria the tourists were seen in considerable numbers for the first time this season. Owing to the unfavorable weather, the tourist traffic on the river has been very light until the present time, but from the number leaving today it would appear that the only requisite was the fine warm days. The Aberdeen had a big freight. Two horses were placed on board and considerable difficulty was experienced in getting one of them aboard, as it was quite a nervous animal. Five different attempts were made but each time the horse refused to walk the planks. The horse became quite excited and so did its guides, who received much valuable assistance in the way of advice from parties on the boat and on the wharf. The horse would probably have run away before allowing itself to be placed on board, had not Rev. Mr. Perry, who was present, solved the problem. He ordered a blanket placed over the animal's head. When this was done the animal became tractable and ambled aboard.

UNCHANGED. LONDON, July 11.—The rate of discount of the Bank of England remained unchanged today at 4 per cent.
