## ST. JOHN WOMAN FOUR HUNDRED MORE MEN INJURED IN NEEDED TO COMPLETE BATTALION AUTO ACCIDENT

**Mrs. George M. Palmer, of West St. John, injured at Public Landing.**

Following an accident which occurred at Public Landing, last week, Mrs. George M. Palmer, of West St. John, is confined to bed in her mother's home at that place, with injuries sustained when the wheels of a carriage ran over her. Accompanied by Mrs. Tufts of Boston, who has been visiting at the Landing, Mrs. Palmer was standing in the roadway yesterday when her mother's home when an automobile came along. About the same time a horse driven by Mr. Neal, coming up from the Landing, became frightened at the car and bolted.

The two women sought safety, Mrs. Tufts running behind the automobile, and Mrs. Palmer to one side of the road. The horse started to rear upon its hind legs and Mrs. Palmer tried to dash behind the car with Mrs. Tufts. She tripped and fell and, overcome with excitement as well as the results of the fall, became unconscious. The horse suddenly bolted forward and one wheel of the wagon passed over Mrs. Palmer's shoulders. She was carried into her mother's house by the owner of the automobile and it was found that one of her lower limbs was badly cut and her body bruised. She did not become fully conscious for several hours.

A physician was summoned, but did not arrive until the following evening, owing to the long distance which he had to come, and not having received the message sooner. Mr. Palmer, on learning the news, motored to the Landing. His wife will be unable to return home for several days, but her numerous friends about the city will be pleased to learn that she is improving after her injuries.

The 55th New Brunswick Battalion is still in need of about four hundred men. Although men are signed on every day the number has not been particularly large. In St. John the recruits have not come forward as well as the officers of the battalion hoped. The northern part of the province, however, has shown up well and many men from that district have enlisted.

James Maboe, Frank Logan and Charles Thompson were signed on as recruits for the 55th battalion here yesterday. The latter went forward to Sussex last evening. Of the five who presented themselves for medical examination yesterday, four were turned down, showing that the regulations are still strict, and only the best men are wanted.

Sergeant Thiers, recruiting officer returned from Sussex in the morning and said that only 20 men are now under canvas there, the rest having gone forward to Valcartier. Lieutenant Brooks is in command at Sussex and more recruits are expected before the week closes from Woodstock and the North Shore.

## Three Sons.

To have his three eldest sons fighting in defence of the motherland is the proud distinction of John Tardy, of Newcastle. His eldest son Jack, is on active service at the Dardanelles, as a member of the Australian navy. Frank, the second son, is now in England with the 26th Battalion, while the third son, Robert, who is only 18, has joined the 55th, and is now in training at Valcartier.

## New Officers for 71st.

F. A. Nicholson, of St. Stephen, has been recommended for a Lieutenancy by Lieut.-Col. W. H. Gray, officer commanding the 71st Regiment, and will go to Halifax to qualify on September 6th. J. J. Hayes, formerly of St. Mary's, but now of the Australian navy, is also being recommended for a Lieutenancy in Captain George Ryan's company of the 71st Regiment, and will go to Halifax on September 6th with Lieut. M. B. Buchanan, also of St. Stephen.

## Commission in the 54th.

## HESSIAN FLY IN THE WEST

Department of Agriculture has investigated the habits of this pest.

The Hessian fly is well known to farmers as a serious pest of cereal crops; during the present season it has caused the loss of millions of bushels in the United States. In Western Canada the depredations fortunately have not attained the extent experienced in other regions of the continent in order to be able to advise the farmers in the western provinces the Entomological branch of the Dominion Department of Agriculture have investigated this insect.

The results of this investigation, which was conducted by Norman Criddle for several years, have been published by the department in Entomological bulletin No. 11, in order to enable farmers to recognize the injury of the insect in its incipient stages and, being thus forewarned, they will be in a position to prevent losses that are liable to occur where the insect is present, as control methods are also described. In addition to the western wheat stem maggot, which has been studied and described, this is a native insect that has turned its attention from native to cultivated grasses on which it can become a serious pest. Its habits, life history and the means of control are fully described in the same bulletin, which is entitled "The Hessian Fly and the Western Wheat Stem Maggot in Manitoba, Saskatchewan and Alberta." The bulletin is illustrated and may be obtained free on application to the chief officer publications branch, Department of Agriculture, Ottawa.

## ST. JOHN CONTRACTORS GETTING READY FOR WORK

Messrs. A. R. C. Clark & Son, the contractors for the installation of the Bathurst water and sewerage system, have now got nearly all their pipe on the different street, ready for the men to lay in the trenches. These are to be started as soon as a trenching machine now on the way arrives, and the work of putting in the system will likely be under way in real earnest in a day or two. The contractors have opened offices in the Bathurst Lumber Co.'s office building, Water street—Northern Light.

## REV. DR. FRASER PRINCIPAL OF COLLEGE NOW

**Former St. John minister has won high honor in educational world.**

Automatically, Rev. Dr. Daniel James Fraser, LL.D., D.D., registrar of the Presbyterian Church of Montreal and senior professor on the staff of the college, has become acting principal in succession to the late Rev. Dr. Scrimgeour. This is made possible by a provision to the charter of the college which automatically appoints the senior professor in the college to the position of acting principal until the yearly meeting of the General Assembly of the Presbyterian Church of Canada. As this body does not meet again until June, 1916, Dr. Fraser will retain the acting-principalship until that time, unless special action is taken by the Assembly.

## Dr. Fraser's Career

Rev. Professor Daniel James Fraser, D.D., was born in Alberton, P. E. Island, on September 15, 1866, and spent his preparatory school days at the Prince of Wales College, Charlottetown, where he took a first-class teaching diploma. Entering McGill University, Dr. Fraser spent several years there, taking his bachelor's degree and first-class honors in philosophy and being valedictorian in 1890.

The same year he was appointed a lecturer in classics at Knox College in Toronto, where he remained two years and served as the editor-in-chief of the College Journal. The following year was spent at the Montreal Presbyterian College, where Prof. Fraser studied theology, graduating with high honors. He received his B.D. degree, the gold medal of the college, and the McKay Scholarship, and after being ordained entered upon his first ministry at Wolfville, N. S., where he stayed two years, leaving to take charge of St. Stephen's Presbyterian Church in St. John, New Brunswick. This same year, 1897, Harvard University, Cambridge, Mass., conferred the degree of Bachelor in Sacred Theology on Dr. Fraser, and three years later he was made Honorary LL.D. of New Brunswick University. His next eight years, 1897 to 1904, were spent as minister of the St. Stephen's church. In 1904 he was appointed a Professor of the New Testament literature and Exegesis at the Presbyterian College, Montreal, and was also made a member of the Board of Management. Since that time Prof. Fraser has continued at the college. He was made D.D. of Knox College, Toronto, in 1908. In 1904 he joined the staff of the college.

## At Pan-Presbyterian Convention.

Dr. Fraser was sent to the Pan-Presbyterian Alliance Convention at Liverpool, England, as a delegate from the Presbyterian Church of Canada. He acted as moderator of the Montreal Presbytery for a space of six months during the year 1911.

Prof. Fraser has gained much prominence by his contributions to various religious publications and has also issued in printed form many noted sermons. In 1897, while pastor of St. Stephen's Presbyterian Church, in St. John, he wrote and published that well-known book on the life of Queen Victoria, entitled "Victoria, Queen and Mother."

Dr. Fraser is now a chaplain of the local St. Andrew's Society, and has also been a chaplain of the same society in St. John, N. B. As vice-president of the St. John Golf Club, Dr. Fraser gained some reputation on the golf course, winning the gentlemen's championship. He was also chaplain of the Thistle Curling Club. He is also a member of the St. George's Snowshoe Club, Montreal.
