

25th BATTALION SUFFERS HEAVY CASUALTIES

Italians Delivering Fierce Attacks, Says Austrian War Office

Vienna, via London, Nov. 25.—The following official from general headquarters was issued today:

"Italian front: Bitter fighting is proceeding in the district between the mouth of the Wippach (in Carniola) and San Martino. It continues day and night."

"North of Monte San Michele, the enemy has uninterruptedly attacked with strong forces, repeatedly the Italians entered our positions, but were always ejected—the last time after night fighting lasting many hours—by our Alpine regiments, the seventh and twenty-seventh."

"Italian attacks on Monte San Michele failed. Near San Martino, the fighting fluctuated all day until late in the evening, when the Italians succeeded in regaining and maintaining our position."

"The Gorizia bridgehead and the southern portion of the town, Place Savogna and Place Rapa, have been kept under severe artillery fire. Several enemy battalions, which attacked Osavia, were repulsed. Two companies were destroyed."

"Two of our airmen have dropped bombs on Tolmezzo."

"Southeastern front: East of Foca we repulsed the Montenegrins. Southwest of Sienica we crossed the Montenegrin frontier. In Mitrovitz Austria-Hungarian troops captured ten thousand Serbians, six mortars, 12 field guns, numerous vehicles, ammunition of all kinds, seven railway engines, 130 railway wagons and other war material."

"Advancing across Mitrovitz, the Austro-Hungarian column reached the district of Vucur, to the south of which German and Bulgarian forces are on the point of crossing the Sittica."

Bulgarians Enveloped by Allies Near Prilep?

London, Nov. 26.—A Times despatch from Monastir, dated November 23, says:

"The Bulgarians have shown no renewed activity on the Prilep front, but the heavy firing heard this morning a few miles southeast of Prilep suggests that somebody has got behind them and is threatening their lines of communications."

London, Nov. 26.—A despatch to the Times from Cairo, referring to the official communication reporting an encounter with the Turks at Al-Kantara, Egypt, explains that it was merely a collision with a patrol and should not be regarded as a recrudescence of Turkish activity."

Russian Success on Strips River Front, Petrograd, via London, Nov. 25, 11.35 p.m.—The following official communication was issued today:

"The Germans yesterday evening attempted an advance near Kemmern, but were repulsed. Near the Borsmende Farm fighting continues. Our troops took one hundred Germans prisoner, and captured six machine guns during a fight which ended in the capture of a hill in this district."

"At the southwest of the extremity of Lake Sventer our troops again have made headway. The village of a second time, but without success, the trenches which he lost recently at this point."

"In the Smorgon district the enemy artillery has developed a violent fire in some places."

"Southwest of Pinsk, in the region of the right bank of the Strumen, the enemy attacked the village of Komora but was repulsed. The village of Novo Podcheretiv, lying on the left bank of the Str, remained in our hands after a series of engagements."

"Near the village of Semikovitz, on the Stripsa our troops attacked the enemy and drove him to the river. With his back to the river the enemy was partially annihilated by our fire, the remnants of his forces being drowned in their attempts to escape the stream. Over one hundred men killed, or severely wounded, were found on the scene of the action."

"On the rest of the front, in Galicia, there have been lively artillery duels. At various points the enemy has been making constant use of projectiles which cause irritation of the eyes."

"There is no change in the situation on the Caucasus front."

British and Russian Inhabitants Safe, Petrograd, Nov. 26, via London—A telegram from Teheran says that the British and Russian consuls and other members of the Russo-British colonies at Hamadan have arrived safely at Kashan, ninety miles northwest of Teheran. Several hundred German and persons opposed to the British and Russians recently attacked Hamadan, but did not enter the town itself.

Nothing Definite Yet, London, Nov. 26.—Replying to a question in parliament yesterday, Lord McKenna, Chancellor of the Exchequer, promised to make a statement next week on the question of mobilizing American securities. Nothing has transpired, however, as to the scope of the legislation proposed on this subject.

Believed British Are Fighting With Serbs Near Mitrovitz, London, Nov. 26.—The safety of both the British and French naval brigades, which recently were in Belgrade, is now assured. The French section ar-

ived at Monastir near the Greek border, a few days ago, and a telegram has been received from Admiral Troubridge, commanding the British brigade, dated from Mitrovitz, November 20, stating that all was well.

British and French naval brigades were sent to Belgrade last fall, and took part in the fighting against the Germans and Austrians, preceding the evacuation of the capital by the Serbians. While nothing is known officially of the movements of the men since they left Belgrade or whether they have taken part in any of the numerous engagements against the Germans and Austro-Hungarians, it seems probable that the British, who are in the region of Mitrovitz, are fighting with the Serbians, who evacuated Mitrovitz only a day or two ago.

BIG DEMAND FOR FRANCE'S 'GREAT LOAN OF VICTORY'

Subscription on First Day Greatly in Excess of Anticipation.

FEMALE HELP FEATURE OF THE OCCASION.

Servants Bring Savings and Touch Elbows with Millionaires in Long Line Before Loan Windows.

Paris, Nov. 25.—The first day's subscriptions to "The great loan of victory," as the new French loan has been characterized by the minister of finance, brought out a greater number of investors today than had been anticipated. The lines began forming at nine o'clock at the special loan windows in all post offices; at the banks and at the headquarters of the loan at the pavillon de Flore, in the extreme southern wing of the Louvre.

At the post-offices the subscribers crowded the corridors so that it was almost impossible to buy postage stamps. At the Credit Lyonnais and other banks the windows set apart for the receipt of applications had to be doubled, while at the Bank of France the crowd was so big that the police were obliged to use extra precautions.

Women in mourning, servants in white aprons, workmen in blouses, young boys and girls, bringing their savings, touched elbows with capitalists waiting to subscribe millions.

The first subscription was for 500,000 francs (\$100,000). This was followed by one for 200,000 francs and two for 300,000 francs each. The greatest sum subscribed by a single individual today was 5,000,000 francs (\$1,000,000) and all the formalities connected with it were completed in six minutes, which constitutes a supposed record for a French official transaction, and furnishes evidence of the energy of the minister of finance, M. Ribot, who organized the issue. The minister, by resorting to business methods, made the utmost of the confidence felt by the French people, and of his personal prestige.

Female Help.
The preliminaries of the issue resembled enthusiastic preparations for a national holiday, rather than arrangements for a great financial operation. The first presentation of the special loan films in the moving picture theatres was greeted with cries of "Vive La France." Everywhere in France public meetings were held, and resolutions were adopted calling for generous subscriptions. Co-operative associations of all kinds, which are numerous and strong in France, met at Lyons and other cities and sent complimentary addresses to M. Ribot.

The government employees the different departments and the labor unions formally promised to give the nation all available aid. The railroad employees' union subscribed one million francs.

At the Pavillon de Flore the subscribers were received by four hundred wives, widows and daughters of soldiers. The innovation of feminine help and the introduction of simplicity in government work proved to be so successful that these features are likely to be extended.

The figures of the first day's subscriptions could not be obtained to the night, but the Bank of France and the ministry of finance have received the most satisfactory reports from the provinces.

The rooms of Sapphire Rebekah Lodge, Simonds street, held a merry company last evening, the occasion being a fraternal visit by Joseph A. Mr. Murdock acknowledged the reception in a fitting speech while members of the standing committee also delivered addresses expressing their pleasure at the opportunity to meet with the Rebekahs. A musical and literary entertainment was carried out consisting of piano duet by Misses Lovitt and McLeod; vocal solo, Miss Logan; reading, Miss Woodland; solo, Miss Reynolds; piano solo, Mrs. Savard; solo, Mrs. Ross; recitation, A. On Monday evening, Deputy Murdock and staff will pay a fraternal visit to Fraternity lodge L. O. O. F. of Fairville.

BELGIAN CARDINAL REFUSES TO PASS THROUGH GERMANY

Rome, Nov. 25, via Paris.—Cardinal Mercier abandoned the idea of coming to Rome, according to the Italian press, because the German authorities wanted him to pass through the night, but the Bank of France and the ministry of finance have received the most satisfactory reports from the provinces.

At the Pavillon de Flore the subscribers were received by four hundred wives, widows and daughters of soldiers. The innovation of feminine help and the introduction of simplicity in government work proved to be so successful that these features are likely to be extended.

PLAIN SPEAKING FROM EDITOR OF GERMAN PAPER

Ridicules Talk of Swedish Intervention and that Russia Will Conclude a Separate Peace.

London, Nov. 26, 4.35 a.m.—Maximilian Harden, editor of Die Zukunft, of Berlin in the latest issue of his newspaper, received here tells his countrymen that they must expect a war of exhaustion. He ridicules the German talk about Swedish intervention, and the idea that Russia will conclude a separate peace. He says he considers it no sign of strength that the German government steadily refuses to disclose "its war aims," and blames the government for making "too much noise" about food regulations.

Herr Harden says the soil of Germany is free, and her armies are everywhere in enemy territory, but that none of her enemies has been disarmed, that none of them seems near collapse, and that the mightiest of them, Great Britain, cannot honestly be said to be even seriously wounded. All of them, he says, believe plausibly and sincerely that they will be victorious, and they are absolutely determined to secure victory by all possible means.

Herr Harden points out that Russia is "farther than ever from that decline which we, in our madness, so eagerly believed," and says it is folly to suppose that any of the Entente Allies are ready to conclude a peace.

SAN FRANCISCO TEAM WINS 6 DAYS' RACE COVERING 2502 MILES

Chicago, Nov. 25.—The San Francisco team, made up of Percy Lawrence and Willie Hanley, won the six-day bicycle race which came to a finish here tonight. They made 2,502 miles in the 144 hours. Three other teams made the same mileage, but the Berlin system of scoring points in the last hour, awarded the victory to the San Francisco team.

The Ryan-Thomas team was second; Wason-Walker third, and Mitten-A Hansen, fourth.

The only mileage with which to compare the result was reeled off on New York last year. The winning team on that event rode 2,750 miles and two laps in 142 hours, or two hours less than the Chicago time.

Six other teams also ran.

LIQUID CATARRH REMEDIES USELESS—ONLY RELIEVE—NEVER CURE.

They go direct to the stomach, have very little effect on the linings of the nose and throat, and entirely fail to cure. Only by clearing the air passages by relieving the inflammation and killing the germs is cure possible. No combination of antiseptics is so successful as Catarrhoxone. In breathing it, you send the richest, pine and two laps in 142 hours, or two hours less than the Chicago time.

WANTS \$100,000 DAMAGES FOR LOST LOVE OF HIS WIFE

MRS. BLANCHE I. MYERS.
Alleging that his mother-in-law alienated the affections of his wife by calling him "beggar" and "pauper" and other choice names, Dr. Edward E. Myers, a prominent physician connected with the faculty of Columbia University, filed an action against Mrs. Sally Kahn, of Dallas, Texas, to recover \$100,000 damages. Mrs. Myers will be twenty-five years old in January. Her father is one of the wealthiest men in Texas. He is a director of several banks and conducts a chain of grocery stores in Texas and Oklahoma. He is one of the largest real estate holders of Dallas and is heavily interested in a Texas oil concern.

It is felt by some of the members that this is but a start and that the matter will require more radical action if the community and municipality is to do its full share in caring for the soldiers' families and that it will be necessary to consider some plan for assessing the taxpayers to meet the requirements of the fund.

AMHERST MAN'S LIFE CRUSHED OUT IN MINE

News that Brother was Seriously Wounded in War Received Only Few Hours Previously.

Amherst, N. S., Nov. 26.—Doubtless stricken was the home of Captain and Mrs. James Moffatt, of River Hebert today. Following almost instantly of an official telegram stating that their only son Guy, had been seriously injured in action at the front, the crushed, lifeless body of their oldest son Clifford, was brought in. Clifford, who had only recently returned from Maine, was working in the River Hebert coal mine. A large body of coal and rock where he was working fell upon him, terribly crushing him. As soon as possible his comrades removed him from under the rocks still conscious. He made the request that for fear of the shock to his wife he be taken to the home of his parents. He was tenderly carried from the pit and placed in a shop near, waiting a conveyance but almost instantly expired. Deceased was twenty-six years of age, married with one child.
