—Mr. Anson in Town.

Mr. Anson said, the foundations are
very considerable item, and they expect
that these will entail a heavy expense. It
is not possible yet to tell what the founda-
tion work will mean but the engineers will
start work immediately and full data
will be in their hands within a few days.
The Foundation Company has a
highly recognized reputation for such work
and has performed some of the
greatest contracts in this line in both
the United States and Canada.

The site taken over by the Atlantic
Refineries Company includes the
buildings on the Ballast wharf and these
will be used during the period of con-
struction for offices for the company and
tractors, tool houses, storage ware-
houses, etc. The work of remodeling the
buildings to fit them for these purposes
will be commenced immediately. It is
expected that Mr. Trotter and Mr.
Llison will remain in St. John permanent-
ly to direct the work during the construc-
tion period.

DRY REVOLT AGAINST
PREMIER WHITNEY

Ottawa, Jan. 16.—The Conservative revolt
against Sir James Whitney because of his
attitude on the question of tax reform
continues to grow. Last night the Ottawa
journal, one of the Conservative organ-
izations, comes out plainly, advocating
James' resignation to private citizenship
and the continuation of the present cabinet.
The Journal says editorially: "If Sir
James Whitney is going to maintain his
present attitude against tax reform, we
think that the province can afford to re-
fuse Sir James Whitney from power. Only
the minds of mere partisans are any
use of any party necessary to the pro-
cess of civilization. The Liberal govern-
ment in Ontario can, if need be, get along
without Sir James, but if it could not
starve away can get along without the
conservative party if the Conservative
party is going to stand in the way of both
common sense and civic rights."

Later in its editorial, the Journal says:
"We need no conclusive reason why. Our
only need is to get the Liberal govern-
ment again if a majority of the Conserva-
tives wish to stand in the way of pro-
gress."

ARDING R. POND,
SOUTH AFRICAN VETERAN,
DIES OF HIS INJURIES

Chatham, N. B., Jan. 13.—At Napodun,
on the line of the G. T. P., on Sat-
day, Harding R. Pond, a well-known
young man of Bonaventure, who had
been working on a staging and fell
from the ground sustaining injuries that
resulted in his death within a short time,
was taken to his home in Bonaventure
and placed in the hospital. The Medical Center
was notified and the funeral will be held
here this afternoon.

Mr. Pond, who was quartermaster of the
1st Regiment, will be buried with full
military honors, and among those who
will on this morning's Fredericton train
for Bonaventure to attend the funeral were
Colonel Mervin, commander of the
1st Regiment, Capt. W. H. Byles, of Newbrunswick,
Lieutenant Robert Wilson and Ar-
thur MacKenzie of this town. Mr. Pond
had been identified with the militia for
many years and had served in South
Africa with the constabulary.

POWERS DELAY NOTE TO TURKEY

Germany Blamed for the Inaction

Allies Reported to Have Arranged Plans to Resume War

Bulgaria, Refused a War Loan by French Bankers, An- nounces Better Success in Russia, Where Arrange- ments Were Made for 200- 000,000 Francs.

London, Jan. 16.—Another day has
passed without progress in the peace
negotiations. The ambassadors of the
powers have not yet presented their collective
note to the Porte. Constantinople de-
spatches say that the delay is due to the
failure of the German ambassador to re-
ceive instructions from his government.
Paris of the European press blames Ger-
many, charging that she is standing out-
side the concert of Europe and playing
a game of her own. The ambassadors at
London deny this. One said today: "The
negotiations are wholly intact. Thank God,
the most promising feature of the situa-
tion is that all the powers are marching
together."

Paris, Jan. 16.—A president of France
will be chosen tomorrow by the members
of the chamber of deputies and of the
senate, sitting together as the national as-
sembly at Versailles. The eve of the elec-
tion finds the situation respecting the
candidate as involved as it was at the begin-
ning.

The joint caucus to nominate a candidate
for the presidency ended today without
giving an absolute majority to either Premier
Poincare or Jules Pams, the minister
of agriculture. It is impossible to fore-
cast tomorrow's result, although apparently
the election lies between these two officials.

The third ballot taken this afternoon
gave Premier Poincare 300 votes, while
M. Pams received 213, and five votes went
to three other candidates. It is thought,
however, that the Radical Left may bring
forward a new candidate, or revive the
candidate of Antonin Dubost, president of
the senate, or ex-Premier Felix Ribot, of
M. Pams does not win in the first ballot,
for which it must be remembered, the
Socialist, Jean Vaillant, stands in the
opposition.

Paris, Jan. 16.—The Bulgarian
minister of finance, Theodoroff, about
whose mission to St. Petersburg there has
been much mystery, declared today that
the purpose of his trip here and to other
European capitals was to arrange for a
Bulgarian loan after the war has ceased.

The sum necessary he said would amount
to more than 200,000,000 francs. The ne-
gotiations which had been arranged in
Paris for the spring had, he added, been
abandoned by the French bankers who
were opposed to the war. The results in
St. Petersburg, however, have been satis-
factory.

EARL OF ASHBURNHAM TO SAIL SATURDAY TO CLAIM ESTATES

Mrs. Agnes Love Died of Shock Following Passing of Daughter and Her Husband a Few Days Ago.

Fredericton, N. B., Jan. 16.—Major
The Honorable Ashburnham will sail from Hal-
ifax on Saturday for the old country to
look after his estate. The future Lady Ash-
burnham, formerly Miss Anderson of this
city, will go later in the year. It is her
intention to reside in England.

St. Paul's church congregation held their
annual meeting last night. The services
were healthy and an excellent showing was
made in missionary enterprises. Donald
Fraser, J. A. McKinnon, S. H. McBrat-
tine and R. E. Baird were elected trustees.

Local horsemen will hold a second
muzzle race on the river tomorrow afternoon.
The shock of the death of her daughter
and son-in-law, Mr. and Mrs. Michael
Welch at Bristol a few days ago affect-
ed Mrs. Agnes Love that she died sudden-
ly at the home of her daughter, Mrs. Ed-
ward Johnson, at Glenora, last evening.

Mrs. Love, who was in her 81st year,
was suddenly seized yesterday afternoon
soon after dinner, and sank rapidly while
she passed away a few hours later. Follow-
ing rapidly after other bereavements,
the sudden death of Mrs. Love comes as
a hard blow to her immediate relatives
and friends.

Deceased was the widow of William
Love and formerly resided at Glassville.
The son, William, of Glassville, and three
daughters, Mrs. W. Dawson of McLeis-
ter, Mrs. Brock (N. S.), Mrs. Edward John-
son, of Glenora, and Mrs. W. P. Hagen-
man, of Florenceville, survive.

Rev. C. N. Beaton will close his work
in the United Baptist church at Prince
William and Bear Island parsonage on
Sunday, Jan. 19. He will commence upon
new duties in the Medical and Central
parsonage on the first Sunday in
February.

Barque Dorothea Still Afloat.

Washington, Jan. 16.—Although the ab-
andoned Russian bark Dorothea has been
located, the revenue cutter Seneca
today said she was reported 400 miles off
the coast of North Carolina. The seneca
has picked up two tenders of the bark.

TO ELECT FRENCH PRESIDENT TODAY

Exciting Contest Looked For in the Chamber of Deputies

CAUCUS INDECISIVE

Republicans Unable to Choose Between Poincare and Jules Pams— Efforts to Persuade Both to With- draw Fails—Premier Seems Likely to Win.

London, Jan. 16.—After a long, stern
battle the Home Rule Bill passed the
house of commons tonight by a majority
of 110. It is expected that for the first
time in the house of lords.

There were two divisions in the lower
house. Mr. Balfour's motion for his re-
jection was defeated, 258 to 206, while the
third reading was carried by a vote of
387 to 257, one member of each side hav-
ing left the house in the interval.

The result of the division was a tremen-
dous demonstration, but Irishmen inside
and outside did their best and assisted by
the Liberals and Laborites, gave the motion
for which they had waited and worked
so long, a good send off on its way to the
house of lords, where its fate is certainly
sealed.

The division was preceded by another
series of brilliant speeches by the political
leaders, among whom were Frederick E.
Smith and the solicitor general, Sir John
A. Simon, two of the cleverest and the
youngest members, and the veterans, John
E. Redmond, Timothy Healy and Augus-
tine Birrell, chief secretary for Ireland.

The house was crowded throughout the
day. The Nationalists were only one short
of their full strength, and the Liberal
party which they entered today. Several
of the older Nationalists, who were
seldom able to attend, came from Ireland
for the debate. The Liberals and Labor-
ites, too, turned out in force and the
Unionists were not far below their total
membership. The galleries likewise were
filled to their capacity, those occupying
places including many dignitaries of the
church and the Bulgarian peace plenipot-
entiaries.

When the figures were announced, the
Nationalists waved hats, hankedkerchiefs
and papers and cheered lustily for Pre-
mier Poincare and M. Pams, who were
filled to their capacity, those occupying
places including many dignitaries of the
church and the Bulgarian peace plenipot-
entiaries.

A large meeting of the members of the
Republican Left was held tonight under
the chairmanship of ex-Premier Combes.
At the opening of the session the discus-
sion was exceedingly stormy. M. Clem-
enceau, Caillaux, Combes and M. Pams,
had been sent to ask Premier Poincare,
in the interest of the Republican party
to withdraw, if M. Pams did likewise,
reported that M. Poincare absolutely re-
fused to do so.

During the course of the day the pre-
mier made several efforts to induce Leon
Bourgeois to reconsider his decision and
accept the candidacy, but without avail.

HOME RULE BILL HAS 10 MAJORITY

Commons Passes the Measure

Great Demonstration Greeted the Vote—Bona- Law Raves and De- clares Rebellion in Ul- ster Would Be Justifi- able—Lords Sure to Throw it Out.

London, Jan. 16.—The London Times
yesterday published a letter from Earl Grey,
in which he takes exception to the way
in which Austen Chamberlain referred to
Canadian affairs in his speech on Monday
night.

"I desire to protest," says Earl Grey,
"against the assumption that Sir Wilfrid
Laurier's policy of reciprocal free trade is
certainly a natural product of the wealth
of Canada, and thus create an increased
market for the protected manufacturers of
Canada and the United Kingdom that
causes them to favor the policy of recip-
rocity."

"It is possible, I may go further and
say it is not improbable, that had his
policy been accepted by the people of Can-
ada, British preference would be further
enriched."

"As one of those whose desire is to se-
cure the nearest possible approximation to
interimperial free trade that the revenue
requirements and the national necessities
of each self-governing unit of the empire
will permit, I am inclined to agree with
those who believe that the adoption of the
reciprocity proposals might have brought
about a nearer approximation of the
ideal, interimperial free trade, which is
so dear to the heart of Austen Chamber-
lain."

"No," Sir Wilfrid Laurier's policy was
not conceived in any anti-imperial spirit,
but the speeches of President Taft and
others alarmed the Canadians as to the
character of American ambitions, and no
doubt had much influence in causing the
Canadian people to reject the proposals
of Canadian statesmen who are just as
prepared as Mr. Chamberlain himself to
spend their last dollar and spend their
last drop of blood in any struggle nec-
essary to maintain the integrity of the em-
pire."

The British steamer Avala, from Fowey,
January 4, for Boston, encountered the
same gales, and she was compelled to put
back to Queenstown where she arrived
today in a disabled condition. Her main
mast in Montreal with her family and
cabin was broken, all the boats were washed
away and her deck was a mass of wreck-
age. A great sea, knocked Captain Frank-
lin Gordon and several of his officers
were injured and were transferred to a
hospital. The ship will be docked for
repairs.

The Lord Ernie, from Cardiff, January
6, for New York, took the Almerian in

snapped and she had to give up the at-
tempt. The Almerian then shaped her

Queenstown, Jan. 16.—The British steam-
er Almerian from Galveston and Newport
New for Liverpool, came into Queenstown

steam.

The Almerian encountered a hurricane
January 10. The next day she shipped
a big sea, which killed a sailor, swept the
decks clean, smashed the steering gear,
and did damage to the hull. It appeared as
though the steamer would founder before
repairs were made.

EARL GREY DEFENDS RECIPROcity PACT

WOULD ABOLISH TITLES IN CANADA

Bill Introduced in Parliament

Naval Contribution to Be Permanent, Says Cockshutt

Tory Speaker Favors Hiring Defence—Dr. Edwards Scouts Idea of Canadian Navy—Quebec Liberal Strong for Building a Fleet —Dr. Pugsley to Resume Debate Today.

Ottawa, Jan. 16.—"As I understand
democracy in Canada, the Canadian people
are not desirous either of creating or ac-
cepting class badges or distinctions," said
Mr. Burnham, of Peterboro, to an un-
usually attentive commons when he in-
troduced his bill to abolish titles in Canada
at this afternoon's sitting.

"Long after many of those men have
lost their usefulness, they continue to be
whited sepulchres," was another of his
shots.

"It is in line with the genius of our
democracy that the people remain on a
common level so far as social distinctions
goes," he added, declaring that the pur-
pose of his measure was to "enunciate the
great principle of democratic equality in
Canada."

There was no comment on the bill which
abolishes titles, and the Commons. The
introduction was seconded, ac-
cording to the announcement of the speak-
er, by Mr. Verville, Labor member for
Maisonneuve. It provides as follows:

1st—All titles of honor or honorary titles
created by the government of Canada, and
all such titles now attaching to any posi-
tion at present or hereafter created by
the government of Canada are hereby abo-
lished.

2nd—No recommendation to confer any
title of honor or honorary title shall be
made by the government of Canada, whic-
her such recommendation is made to his
majesty or to the governor general of
Canada or otherwise.

The Naval Debate.

The naval debate was resumed by Mr.
Edwards of Frontenac, who introduced a
little new ground. He deprecated the
possibility of a Canadian navy, declaring
that it would take from ten to fifteen
years to build feet units and to get men
to man them.

"Then you are opposed to the establish-
ment of a Canadian navy?" asked Dr.
Pugsley.

Mr. Edwards declined to commit him-
self.

"Loyalty and patriotism are not dead.
There will be men to serve in the navy,
Canadians of both French and British
origin, and they will give splendid ser-
vice, too," was the hearty cheered mes-
sage of Dr. Pugsley, of Sherbrooke, the
first Quebec Liberal to participate in the
naval debate in support of the Laurier
policy.

"Loyalty to the empire is living in Que-
bec, and men would not be wanted when
the call came to man the Canadian navy."
"I know a young man, a cousin of
mine," continued Mr. Bovin, "who is to-
day serving in the United States Navy,
simply because he had no navy of his own
in Canada to serve in."

Mr. Cocksbut, in reply to charges of
inconsistency, said that the people did not
want to know what a man said in various
parts of the country formerly, but what
he was going to do about it now. Can-
ada could not man a navy, he declared.
This had been shown.

Mr. Cocksbut came out frankly with
the startling statement that the Dordien
proposals contemplated a permanent policy
of contribution. He heartily approved of
this.

Dr. Pugsley adjourned the debate.

tion. The Revenue Cutter Woodbury will

The Veronez Ashore Off Oporto With 139 Passengers—Six- teen Lost from Life-baskets.

Vigo, Spain, Jan. 16.—The British
steamer Veronez, with 139 passengers on
board, was wrecked at an early hour this
morning off Leizoes, the outpost of
Oporto.

Eighty-four of the passengers were saved
by life lines from shore, but it is reported
that sixteen were thrown out of the basket
and perished.

The steamer Hollandia stood by the
Veronez all the morning but the crew
decs were made it impossible to render any
assistance. The stranded vessel could not
be reached by boats, but finally the life
lines were cut and the Hollandia left, the work of re-
cue was still going on, but it was feared
that the ship would break up rapidly. The
Veronez was blown ashore, but it is reported
that she was blown to New York. She is
owned by the Lambert and Holt lines.
