From Yesterday's Second Edition.

(*Special Telegram to the Tribune.*)

Opening of the Legislature—The Governor's Speech.

FREDERICTON, 12th Feb., 1874.

This being the day appointed by proclamation for the meeting of the Legislature, at three o'clock His Honor the Lieutenant Governor came to the Council Chamber, and being seated on the Throne, commanded the attendance of the House of Assembly; who being come, His Honor was pleased to open the Session with the following

SPEECH:

"*Mr. President, and Honorable Gentlemen of the Legislative Council,*

"*Mr. Speaker, and Gentlemen of the House of Assembly,*

"It is with much pleasure that I now for the first time, as Lieutenant Governor, meet the assembled Legislature of New Brunswick.

"We have great reason to be thankful to a kind Providence for the happy condition of our affairs; during the past year the labor of our Agriculturists has been abundantly blessed, the price of our Staple Export has been fully maintained, our Manufactures have found a ready market, and the large and increasing capital invested in Shipping has been highly remunerative; and the present condition and prospects of nearly every branch of our productive industry are of the most encouraging character.

"His Excellency the Governor General, availing himself of the earliest opportunity, honored New Brunswick last summer with a visit; and while His Excellency was pleased with the evidences of prosperity and contentment which everywhere presented themselves, he was highly gratified with the kindness, hospitality and good will shown him by all classes of our people.

"Since the last Session of the Legislature arrangements have been made with the Government, and with Parliamentary sanction, by which the Government of New Brunswick is to receive from the Government of Canada one hundred and fifty thousand dollars per annum, and without limitation, as an equivalent for the surrender of the Export Duty authorized to be collected on Lumber shipped from the Province.

"This arrangement was proposed by the Government of this Province to the Government of Canada at the time when the Treaty of Washington was under consideration by the Parliament of Canada. The papers at that time submitted to the Government of the Dominion on the part of this Government will be laid before you.

"On the completion of this arrangement, the Governor in Council brought into force the Act passed by you at the last Session, repealing all Acts imposing an Export Duty on Lumber. I trust you will consider this a liberal, but at the same time only an equitable compensation for the authority thus surrendered.

"On the 23rd of May last His Excellency the Governor General gave his assent to an Act of Parliament authorizing the Dominion Government to assume the Surplus Debt of the Provinces of Ontario and Quebec. This Act also provides that the Debts of the other Provinces, authorized by the British North America Act, are to be increased in like proportion. This arrangement will add to the income of New Brunswick upwards of fifty-eight thousand dollars a year.

"As several of the claims submitted on behalf of this Province to the Dominion Government still remained unsettled, in December last, considered it advisable that a Delegation should proceed to Ottawa in the early part of the year, but the dissolution of Parliament causing the absence from the Seat of Government of Members of the Privy Council at that time, negotiations were in consequence delayed, but as soon as this Session of the Legislature closes no time will be lost in pressing our claims upon the consideration of the Government at Ottawa. I have reasons for hoping that the just demands of New Brunswick will be promptly recognized.

"In view of the recognized advantages already enjoyed by the construction of Railways in New Brunswick, giving as they do increased facilities of the development of our great natural resources, encouraging Immigration and the settlement of our public Lands, you may find it for the public interest to pledge a portion of the Provincial resources to encourage the extension and perfecting of our Railway system. I recommend this important subject to your most favorable consideration.

"A Resolution having been passed by the House of Commons in May last, by which it was sought to secure the disallowance by His Excellency the Governor General of certain Acts of this Legislature, three Members of this Government then at Ottawa, presented a remonstrance against such action of the House of Commons as subversive of the rights secured to the Provincial Legislatures by the British North America Act.

"This remonstrance, which was subsequently approved of by the Lieutenant Governor in Council, I will cause to be laid before you, and I am satisfied that you will steadfastly resist every attempt to violate the Constitution.

"During the past year the Government have continued to direct their attention to the important subjects of Immigration and Colonization, and their efforts have been largely successful in attracting from abroad, and from amongst our own people, a considerable body of active settlers upon tracts of land set apart under 'The Free Grants Act 1872.'

"Reports upon these subjects, with a statement of the Immigration arrangements for the present year, will be laid before you.

"Measures will be submitted to you providing for Process of Attachment in certain Civil Suits, and the abolition of Imprisonment for Debt;—for amending the Constitution of the Senate of the University of New Brunswick, by providing for the admission of the graduates to a certain share in the government of the University;—and for effecting other objects of public advantage and concern.

"*Mr. Speaker and Gentlemen of the House of Assembly,*

"Detailed Accounts of the Income and Expenditure of the past year will be laid before you without delay, together with Estimates of Revenue and Expenditure for the current year.

"I recommend you to consider whether provision may not be made, without seriously interfering with the ordinary revenues, whereby aid to a limited extent may be given to thinly settled School Districts, towards the erection of School Houses in such Districts.

"*Mr. President and Honorable Gentlemen of the Legislative Council,*

"*Mr. Speaker and Gentlemen of the House of Assembly,*

"Having entire confidence in your zeal for the public good, I rely upon you to carry through the Legislature such measures as have for their object the happiness of our people, the loyal performance of all those obligations which attach to us as one of the Provinces of the Dominion, and the maintenance of our union with the Great Empire of which it is our pride to form a part."

Governor Tilley looked well, and delivered the speech with a clear voice and in an impressive manner. It was evident that he felt perfectly at home.

The Chamber was thronged with ladies, some of the seats of the honorable members of the Upper House being graced by the fair daughters of the Capital.

The members of the Lower House hurried to their Chamber after the reading of the speech, and the Speaker is now officially informing them of what took place in the Legislative Council Chamber.

The ball, to-night, will be a brilliant affair. No pains or expense have been spared to render it enjoyable and give it *eclat*.

(*Special Telegram to the Tribune.*)

The Burial of a Bishop—Imposing Ceremonies—The Procession One Mile Long—Important Tariff Changes—No Communication with British Columbia.

OTTAWA, Feb. 12.

The funeral of the late Bishop of Ottawa took place this morning. The procession was more than a mile long, every one being on foot. The coffin, an open one, was borne by four pall bearers. The body was in a partially raised posture, so as to be visible to all from the waist up. It was dressed in full official Robes, such as worn when High Mass is celebrated. The features looked quite natural. Near the coffin were the Premier, Dorion, Cartwright, Letellier, Isaac Burpee, and Scott, followed by several members of Parliament, including Sir John Macdonald, the remainder of the procession being made up of the Common Council, the members of various societies, and citizens. Returning to the Cathedral funeral addresses were delivered by the Bishop of Ogdensburg and the Archbishop of Quebec, after which the body was deposited in a vault beneath the Cathedral altar.

Important changes in the tariff are rumored to take place next session. Numerous delegations of commercial men, supporters of the Government, are present from Montreal and other cities, interviewing ministers upon the subject.

Communication with British Columbia is still cut off.

Fire in Bangor.

Advices received by the railway authorities report the burning of the E. & N. A. Railway Depot, at Bangor.

Portland Police Court.

A slight revival in business has taken place.

Mary Ryan went to the Station for protection, and was let go this morning.

Wm. Stivins and Luther Hill went rolling drunk to the Police Station of their own accord. A warm room was provided for them, and, after each depositing $4 to pay for the accommodation, they were allowed to depart.

James Maloney, another balmy individual, was given in charge for refusing to leave another man's house when told to do so. No one appeared to prosecute, and he was let off.

A case of abusive language was withdrawn on payment of costs.

In the Civil Court yesterday, in the case of Beard & Venning vs. Ann Connell, the plaintiffs were nonsuited on the ground of no liability. The goods were purchased by her daughter.

Fashionable Wedding.

A very interesting ceremony took place in Trinity Church this morning. The high contracting parties were Mr. James P. Hanington and Miss Gerty Davidson, daughter of William Davidson, Esq. The church was filled with persons anxious to see the ceremony. Mr. Hanington entered accompanied by Mr. D. C. Robertson and Mr. W. Hanington. The bride was attended by Miss Jennie Stavely and Miss Ida Peters. The bride looked the picture of elegance as she walked up the aisle of the church, and was universally pronounced the most beautiful bride that Old Trinity had seen for many a day. She was dressed in white gros grain silk with full court train. The front was trimmed with puffings and ruchings of illusion.

Bridal flowers, orange blossoms, lily of the valley, and jessimine, were arranged on the skirt in rich profusion. The dress was exceedingly handsome and appropriate for a young bride. An elegant veil and wreath of combined orange blossoms and lily of the valley completed an exquisite toilet. Miss Stavely was dressed in white, with tulle veil, and crimson sash, with trimmings of the same color. Miss Peters was also dressed in white, with blue trimmings, flowers and sash. The ceremony was read by the Rector amids profound silence. After the ceremony the newly married couple, with a large number of invited guests, enjoyed a lunch at the residence of the bride's father. They left by this afternoon's train for Fredericton.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Bilious Diseases.

The properties of DR. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fore-armed.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc. In these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelminitics will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
