CENTRAL COLLEGE, SCHOOL OF THE EAST, COLLEGE, SCHOOL OF THE EAST, COLLEGE, SCHOOL OF THE EAST

Stormy Morning Session of No. 3 Committee of Board of Education—Trustee Edwin Smith Threatens To Tie Up Whole Question For A Year.

Another attempt to reach a compromise on the matter of providing high school accommodation in the city was made this morning by No. 3 committee of the board of education at its regular meeting on Tuesday last, after failure to reach a definite plan of action, resulted when Trustee Edwin Smith repudiated his acceptance of the compromise agreement unanimously adopted at the previous meeting of No. 3 committee.

Following some discussion, during which Trustee Smith demanded that he be heard as "approving" the action of the board in its decision to build a school of 16 teaching rooms on the old site, and one school of ten rooms in South London, and that a site be purchased in East London on which a school may be built. This motion to be in substitution of the motion of the board passed on December 19, 1920, as recorded on Page 211, of the minutes of the board of education, was carried by a vote of three to two, as follows: Yeas—Coleridge, Hayman, and Langford. Nays—Smith and Clarke.

Opening the discussion, Trustee Smith claimed that this year's board had decided upon a definite policy of a 16-room school on the old site, and asserted that he must rule out any other motion which provides for the construction of one 10-room school, he stated.

Trustee Clarke retorted "but the board has approved the erection of the 10-room school." "And so it has of the 10-room school in South London, the purchase of a site in East London."

Trustee Smith then moved that the board should rule out any other motion which provides for the construction of one 10-room school, he stated.

Trustee Langford replied: "There are not sufficient supporters of such a plan."

MOTHERS' CLUBS NOT ANXIOUS TO KEEP TAB ON THE CITY COUNCIL

Report Referred to the Local Council of Women.

AND NOT CITY "DADS"

Many of Whom Would Welcome Pretty Faces at the Council Gatherings.

Mothers' Clubs have not constituted themselves official guardians of the city council and other governing bodies in the city, Mrs. John Gemmell, president of the Union of Mothers' Clubs, announced today. The report to this effect was due to a confusion of the term "Local Council" with the "Local Council of Women."

The mothers' club official statement to the press never imagined that this term could be applied to any other body than the "Local Council of Women," as the shorter term is generally used by women's organizations when referring to the central body.

Quitting to the contrary, Gemmell said that the mothers' clubs intended to interfere unwarrantedly with city business.

WARD ONE VOTERS SPOILED OVER 30 BALLOTS IN LAST ELECTION

Citizens Insisted on Voting for Four Aldermen Instead of Three—Worst Number of Mistakes in Years, Concludes City Clerk Samuel Baker.

Either through ignorance or malice, more ballots were spoiled in Ward One during the last municipal election than in the whole city in previous years, City Clerk Baker declared today. He has almost completed an examination of all the ballots cast in Ward One and Two, and has concluded that the number of mistakes was the worst in years.

In Ward One, more than thirty ballots were found on which four votes had been marked for aldermen, whereas only three votes were allowed. There were no fewer than ten ballots on which four votes had been marked for aldermen, whereas only three votes were allowed.

SELF-GOVERNMENT FOR MANY SECTIONS OF PALESTINE IS PROPOSED FOR MANDATE

Great Britain in Exercise of Control Over Holy Land Will Adopt Measures to Encourage Return of Jews to Country—Civic and Religious Rights of All Inhabitants Will Be Safeguarded—English, Arabic and Hebrew Will Be the Official Languages.

[Special to The Advertiser.] London, Feb. 4.—The British draft of the mandate for Palestine, which will be submitted to the council of the League of Nations at its next meeting in Geneva, provides in its first article that the mandatory nation (Great Britain) shall have all the powers inherent in the Government of a sovereign state, according to the text of the draft, printed in the Jewish Chronicle here today.

Among the outstanding features of the 27 articles of the mandate are stipulations that the widest measure of self-government for localities consistent with prevailing conditions, shall be encouraged, and that the mandatory shall be responsible for maintaining the political, administrative and economic development of the country, and the development of a Jewish national home and the development of self-governmental institutions.

The mandatory assumes the responsibility of seeing to it that no Palestine territory shall be ceded, leased or otherwise subjected to any foreign power, that Jewish immigration shall be facilitated, that the civil and religious rights of all the inhabitants, irrespective of race or creed, shall be safeguarded, and that there shall be no discrimination against the nationals of any state. Responsibility for taxation, commerce and navigation is vested in the mandatory. It is also provided that a land system shall be introduced, and that the mandatory is to be entrusted with control of the foreign relations of Palestine, and the right to issue exequaturs to consuls appointed for powers entitled to afford diplomatic and consular protection to citizens of Palestine who reside outside their territorial rights.

All responsibility in connection with the holy places, religious buildings and their sites are assumed by Great Britain. The mandatory is to secure within a year from the date of the enactment of the mandate the enactment of a law of antiquities, based upon the Turkish law, insuring equality of treatment for nationals of all states, and members of the League of Nations, engaging in archaeological research. English, Hebrew and Arabic are to be the official languages of the country.

To Report Annually. The Palestine administration, it is provided, may organize on a voluntary basis, the next forces for the preservation of the peace and order and defence of the country subject to the supervision of the mandatory. An appropriate Jewish agency, it is stipulated, shall be recognized as a public body, and shall co-operate with the administration in economic, social and other matters, and the Zionist organization, as it is now constituted, is so recognized.

The mandatory is to adhere to the existing conventions regarding the traffic in slaves, ammunition and drugs, and as to commercial equality and freedom of transit and communication. Disputes under the mandate provisions not settled by negotiation are to be submitted to the permanent international justice established by the League of Nations.

Great Britain is to make an annual report to the League of Nations council on the measures taken during the year.

CARSON APPEALS TO IRISHMEN TO CEASE SHEDDING OF BLOOD

Belfast, Feb. 4.—Sir Edward Carson, the Ulster leader, in a speech here last night to his constituents, said that what was going on in south and west Ireland made a man ashamed of being an Irishman. He appealed to those "at the back of this horrible drama" to call a halt and confer with the Government.

Sir Edward added that if the Government of Ireland bill had not given Ulster an absolute victory it was a declaration that Ulster's past services and her loyalty and progress was such that no government was entitled to take away her independence and place her under a government which she would detest and abhor. The speaker concluded by saying that while he could not accept the Ulster leadership he had undertaken to hold the fort at Westminster and help to bring about a closer union with Great Britain than ever before.

The Unionist council is meeting in Belfast today. Sir James Craig probably will be elected leader of the Unionist forces in the new parliament.

Belfast, Feb. 4.—Sentences of six years' penal servitude each were imposed today upon the eight men who were arrested last night in connection with the kidnapping of the Kingstown mail boat, wearing Irish Volunteer uniforms, on their way to the local post office, the residence of Lord Mayor MacSwiney of Cork.

The sentences, however, were not three years actually in each case, three years being remitted. Three men who were found with revolvers at a recent dance in Kingstown were sentenced to three years' penal servitude each, of which five years were remitted.

BOARD DECIDES THAT APPLICATION OF MEN IS NOT JUSTIFIED

M. C. R. Will Not Be Forced to Provide Subway at St. Thomas.

[Special to The Advertiser.] Ottawa, Feb. 4.—Canadian Press.—Judgment was issued yesterday by Chief Commissioner St. J. McLean of the board of railway commissioners, in the application of the corporation of the city of St. Thomas, Ont., for an order directing the Michigan Central Railway Company to provide a subway or other means for its employees to cross the said company's tracks between Talbot street and the shops and roundhouse of the company, in going to and from their work. The application was heard at St. Thomas before the late Commissioner Goddard, and Commissioner McLean, but a concluded opinion had not been arrived at at the time of Mr. Goddard's death.

The judgment, which is concurred in by the other members of the board, finds that on the present record the application has not been justified.

INCREASED LIVESTOCK PRODUCTION TO OVERCOME MEATS SHORTAGE

Ottawa, Feb. 4.—Canadian Press.—There is a world shortage of meats at the present time, and this is likely to become greater as time passes, according to P. E. Light, chief of the market intelligence division, who deals with the subject in the "Agricultural Gazette." It is estimated that the world requires fifty billion pounds of meat annually, and that while the population increased by 85,000,000 (from 510,000,000 to 595,000,000) between the years 1901 to 1914, cattle, sheep and hogs combined only increased 40,000,000 (from 1,065,000,000 to 1,105,000,000).

Mr. Light points out that general economic progress, well as the increase in human population, makes fresh demands upon available lands and tends to bring about a relative decline in the output of animal produce. The decline must be offset by an extension in live stock production sufficient to meet increased consumptive demand. Any great augmentation of population in Canada at the present time would find us in a situation where we would either be severely taxed to provide for the total domestic demand or else compelled to curtail our export trade.
