STOP THE LEAKS ON THE FARM

Every farmer is a large buyer and seller—and whether he is buying feeding stuffs, fertilizers, seed, etc., or selling live stock, grain and potatoes—unless he has a Scale on the Farm he cannot tell whether or not he is the victim of short weight.

Short weights on purchases and sales soon take the cream off the farm profits. But a Wilson Scale places the Farmer's business on a business-like foundation.

Every farm will pay a profit if all the profit is received—but what farm can stand constant leakage of a few pounds here and a few pounds there? Is it any wonder that profits are sometimes considerably less than they ought to be.

THIS BOOK FREE

Perhaps this "leakage" thought is new to you. Perhaps you have grown accustomed to letting others do the weighing for you. But you can see that this is not good business—you are not sure of getting your share of profits. You will be interested in our book "How to Stop the Leaks," which we are willing to send free to Farmers. Do not let another season pass. Stop the leaks now. Send for your copy to-day.

This Engine Runs on Coal Oil

Every farmer can afford an Ellis Coal Oil Engine. They give as more power from coal oil than other engines do from gasoline. They are safe, as well as cheap; no danger of explosion or fire.

The strongest and simplest farm engine made; only three moving parts: nothing to get out of repair. Anyone can run it without experience. Thousands of satisfied customers use these engines to grind feed, fill silos, saw wood, pump, thresh, run cream separators, and do dozens of other jobs. Cheaper than horses or hired men. Fill up the tanks and start it running, and no further attention is necessary; it will run till you stop it.

FREE TRIAL FOR 30 DAYS. You don't have to take our word for it. We'll send an engine anywhere in Canada on Thirty Days' Free Trial. We furnish full instructions for testing on your work. If it does not suit you send it back at our expense. We pay freight and duty to get it to you and we'll pay to get it back if you don't want it.

Absolutely guaranteed for 10 years. Write for free catalog and opinions of satisfied users. Special offer in new territory.

When We Line A... "The Farmer's Advocate"

Ask this question first:

"Will the roofing stay waterproof?"

The surface of any roofing may be made attractive, but to be sure the roofing will last you want to know what it's made of.

Genasco

THE TRINIDAD-LAKE-ASPHALT

Ready Roofing

is made of Nature's everlasting waterproofer—**asphalt** from the world-famous Trinidad Lake. Its valuable natural oils do not dry out like the so-called asphalts made by man. Natural asphalt gives Genasco life and resistance.

The surface of Genasco is handsome—mineral or smooth; and it is lastingly waterproof through and through.

Comes in rolls. Ready for anybody to lay. Ask your dealer for Genasco. Write us for samples and the Good Roof Guide Book—free.

The Kant-leak Kleet, for smooth-surface roofings, prevents nail-leaks and waterproofs seams without cement.

The Barber Asphalt Paving Company
Largest producers of asphalt, and largest manufacturers of ready roofing in the world.
