Page 5 of the Return - this must be made in detail giving the number of pieces, the lengths and diameters of the timber and contents in inch board measure, the widths, thickness and lengths of flat timber, and contents given in cubic feet, as per scribner's rule (Table No 11) and the size, length and cubic contents of each piece of square timber -

This must be made under oath by Wm. H. Hickson the cutter.

On page 6 of the Return you will be good enough to explain what is meant by "honor Timber" for sawing and by what method of measurement you arrive at the contents of each piece of Timber
