

A. No sir.

Q. Did you give evidence on a Summary of Evidence?  
A. Yes sir.

Q. Did you state on that Summary that when the accused woke up he knew nothing of what had happened the previous evening?  
A. No sir.

Q. Def: I have overstepped the mark sir. I have a supplementary summary and further evidence made by St. Pierre evidently doesn't belong to the summary.

JA: Perfectly legitimate question, that is to test the veracity of the witness.

Defence continues

Q. In the morning when you saw him did he seem to know if anything happened the previous evening?  
A. No sir.

Q. Why do you say that?  
A. Because he told us afterwards that he couldn't remember anything.

Q. Then you must have had some conversation with him for him to tell you that?  
A. I had no conversation with him just a few words, just talk during the day.

Q RE-EXAMINED BY THE PROSECUTOR

Q. How long - I am going back to the house again, will you explain to him that I am going back to the house where Brisson was. How long were you in the house there?  
A. All of 5 minutes.

Q. And you previously stated that there was no resistance on the part of the accused. Well, why did it take so long, 5 minutes to arrest him and take him back along with you?  
A. It didn't take 5 minutes, it is because I talked to Captain Pope.

Q. You mentioned that you think that the accused looked rather crazy because his eyes were glazed. Was there any other symptoms you noticed to say such a thing?  
A. No nothing else, he had his hair, it was all over his face and he had no headress.

Q. You stated that in the house there was only Pte Brisson and Capt Pope and you also stated that you started from here with Pte Gagouen, did he go in the house when you went in or did he stay out?  
A. There was also one other RP with me whose name is Gagouen.

Q. From what I can see there was Captain Pope, the accused, Pte Gagouen and the witness himself, that is four altogether?  
A. There were four, the above mentioned people.

Q. He stated that there was - you stated that there was no civilians around and you stated you were only in one apartment and another corridor or something, what kind of a house was it, was there only one apartment or other apartments where other people could have been?
