

the crack for a second, to prevent its further extension and the hoof be bound with wax end.

Dow's Sturgeon Oil Liniment has never been puffed into favor—it has always pushed its way by its own merits, its inventor did not label it as good for such and such diseases, regardless of truth, but carefully trying it, where he found it useful he kept a note of it, trying it again in similar cases until he was sure of its efficacy. In this way he was led to use it in his practice for Neuralgia, Rheumatism, Contracted Joints, Lumbago, Sciatica, Cramp in Muscles, Sprains and Bruises, and for all these he found it a most valuable remedy, and now that it has been many years before the public, and its value thoroughly tested, he can still bear his testimony that he has found no other remedy in his wide experience which can do more good by external application than the Sturgeon Oil Liniment. He has seen contracted joints which seemed gone beyond hopes of recovery, yield gradually under its persistent use, in a way which astonished him, and the severest pains of Sciatica vanish like a dream under its soothing application. If for these diseases there be a better remedy than his Sturgeon Oil Liniment, he has yet to be informed of it.

The Proprietor appends a few certificates; they are selected from a large number in his possession:

I have been for five years most awfully afflicted with Rheumatism. I caught cold while stream driving, and was so bad that for nine months I could not move in my bed. I have had good doctors to attend me, but they all gave me up, and told me that I could not be cured. I also took a great many remedies without any good effect. I was twenty-eight years old when I was taken, and I am now thirty-three, which makes five years that I was compelled to be nearly idle. Last fall I had a very bad attack, which left me with a continuous pain in my shoulder and hip joint, so that I could scarcely rise up in my chair. I heard of a cure similar to my own performed by Dow's STURGEON OIL LINIMENT, and sent for a bottle. I have used three bottles, and am now almost as well as ever I was in my life, except that my hip is stiff.

JOHN DEXTER, Indiantown.

I have been using Dow's STURGEON OIL LINIMENT for the last few weeks, and I am happy to say I receive great benefit from it. When I commenced using it I was so lame it was with the greatest

difficulty that I could leave my chair with the help of my hands, and not at all without the help of crutches; but I am now so well that I have not used them since the present year commenced, and I go around even with a cane, a thing I have not done for years. I have used four bottles, and have recommended it among all my acquaintances, and they consider my cure next to a miracle.

WM. FRASER, Fredericton.

With no little gratitude I avail myself of the opportunity of returning you thanks for timely relief by the use of Dow's STURGEON OIL LINIMENT, in a protracted case of Rheumatism of two years' standing. By using but two bottles of this Liniment, a speedy cure was effected at small cost, as only the above quantity was necessary to make a perfect cure. A neighbor of mine was afflicted with a similar complaint for eighteen months, and tried every remedy brought to his knowledge, without success. At length, by my recommendation, he was induced to try this Liniment also. He used but one bottle and is now perfectly well.

WM. SHARP, Queensborough.

BROCKVILLE, Jan. 4, 1877.

It affords me great pleasure to recommend to those who are unfortunately afflicted with Rheumatism—that terrible scourge of our race—your STURGEON OIL LINIMENT. For several years I have been a victim of that dreadful case; my sufferings at times seemed greater than I could endure. I had used every preparation which I thought could possibly relieve me, but continued getting worse. When your Liniment was brought me I was lying helpless on my bed, and had no faith in it helping such a case as mine. But I was induced to try one bottle of it, which, to my great joy, alleviated my distress. After using the second bottle, I was able to leave my bed and walk across the room. I am now quite restored and able to take care of my family. With my best wishes for your success in your efforts to alleviate human suffering, I am, &c.,

DAVID HIGHBY.

SPRINGFIELD, N.B., Dec. 12, 1876.

Having tested the virtues of your STURGEON OIL LINIMENT in the cure of a most obstinate disease, I feel impelled to relate the particulars of my case for the benefit of persons similarly afflicted. The disease was at first acute or inflammatory, but became at last a most obstinate chronic complaint, defying all attempts at cure. During the whole of four years I was in more or less pain continually, and was confined to my room, or obliged
