

Held Up On The Street

By Cramps, Giddiness and Weakness Resulting From Dyspepsia.

**Paine's Celery Compound Delivers Mr. Rose From
Every Trouble.**

The story of Mr. William V. Rose, of Montreal, is the experience of thousands of men and women who are living a miserable life owing to the agonies of dyspepsia.

Mr. Rose's experience with suffering was a long one. From his youth indigestion and stomach troubles subjected him to daily tortures, and continued up to his sixty-fourth year, always increasing in intensity and danger.

After a lifetime of failures with medicines and doctors, a friend who had used Paine's Celery Compound with great success induced Mr. Rose to give it a trial. The medicine was used, and now Mr. Rose joyfully boasts of health and a new lease of life.

Mr. Rose, with a view of benefitting all dyspeptic sufferers, writes as follows:

"For a long time I was a great sufferer from dyspepsia, and was often compelled to stop on the street until I could recover from cramps, pains and attacks of giddiness that were brought on by the terrible disease. I had little strength, could not sleep much, and was so run down that I thought I would never get better.

"I used many kinds of medicine, but they did me very little good. At last I was recommended to use Paine's Celery Compound. I tried a bottle, and it did me more good than anything I had taken before. I have used four bottles and have completely banished the distressing pains in my stomach, and I feel well.

"After having had dyspepsia for almost a lifetime, I think the cure is a wonderful one."

SHOW THEM UP TO THE PUBLIC.

As the public—particularly the ladies—are so often swindled by profit-loving merchants and dealers, it is well that people should have an example of what is done in the sale of certain packet dyes for home dyeing.

The makers of common and adulterated package dyes sell their crude colors to the retail merchants at a cost of four cents per package, and the public who buy these deceptive dyes are made to pay ten cents for them. A handsome profit indeed for Mr. Storekeeper! No wonder he uses every endeavor to sell and substitute his poor dyes for the famous and reliable Diamond Dyes.

The Diamond Dyes, that all live and honorable dealers in Canada handle and sell, cost a good deal more money, yet the public get them for ten cents, which only allows the dealer a fair profit.

But mark the difference, ladies! The cheap dyes are really worthless, and are made for the profit of the manufacturer and the dealer, while Diamond Dyes are made for the profit, pleasure and blessing of every home dyer.
