

# CAN CONSUMPTION BE CURED?

Chemistry and Science are daily astonishing the world with new wonders, and it is no longer safe to say that anything cannot be achieved. The researches and experiments of the distinguished chemist, T. A. Slocum, patiently carried on for years, have culminated in results as beneficial to humanity as can be claimed for any modern genius or philosopher.

That Consumption is a curable disease Dr. Slocum has proved beyond a doubt, and there are now on file in his Canadian, American and European laboratories, thousands of letters of gratitude from those benefitted and cured in all parts of the world.

To make the wonderful merits of his discoveries known, we will send free, three bottles (all different) of his Remedies to any reader of this paper having consumption, lung or throat trouble, general decline, loss of flesh, who will send their name, express and post office address. That the reader of this paper may be convinced of the genuineness of our claims, we publish the following Canadian testimonial taken from hundreds in our possession.

“MISSION CITY, B. C., June, 1897.

“I am a man of 52 years of age—always healthy until last Fall—took terrible pain in lung, followed by severe cough. I was in the lumber camp and could not leave my men, therefore kept at my work until I could not keep around any longer, when I was brought home and the best doctor summoned. After treatment, he said that he was called in too late and he could do no more for me. I kept getting weaker all the time, and resolved to try another doctor from New Westminster. He said my lungs and heart were affected and that death might occur at any time. He prescribed for me but I kept getting worse; and I got so weak that I could scarcely lift a cup of tea, and was by this time confined to the house for three months. I then heard of your Medicine and sent for samples, and at once commenced to use them as directed. The first dose did me good, and before I had completed the use of them I was out of bed. After using a further supply a short time, I was able to look after twenty-five men and walk three miles morning and evening. Your Medicine has certainly saved my life, and although fifty-two years old, I am stronger than ever, and now weigh 240 pounds, which is my old weight. You can use my letter in the interest of suffering humanity.

“JOHN RUTTER WREN.”

Address all communications to the T. A. SLOCUM CHEMICAL CO., of Toronto, Limited, 186 Adelaide Street W., Toronto, Canada, and the free samples will be promptly sent. Persons in Canada seeing Slocum's advertisement in American papers will please send their communications to Toronto.

If the reader is not a sufferer, but has a friend who is, send friend's name, express and post office address and the remedies will be sent. When writing please mention Home and Youth.
