

IF THE LIVER IS LAZY

STIR IT UP BY THE USE OF
MILBURN'S LAXA-LIVER PILLS.

They stimulate the sluggish liver, clean the coated tongue, sweeten the breath, clean away all waste and poisonous matter from the system, and prevent as well as cure all sickness arising from a disordered condition of the stomach, liver and bowels.

Mrs. Matthew Sullivan, Pine Ridge, N.B., writes:—"I had been troubled with liver complaint for a long time. I tried most everything I could think of, but none of them seemed to do me any good, but when I at last tried Milburn's Laxa-Liver Pills I soon began to get well again; thanks to The T. Milburn Co. I would not be without them if they cost twice as much."

Milburn's Laxa-Liver Pills are 25 cents per vial, or 5 vials for \$1.00, for sale at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Steel Stable Troughs

While you're fixing up your stables this summer be sure to install our steel, everlasting, stable troughs. Every Farmer and Dairy man knows the great advantages of properly watering their stock—especially cows—in the stable during cold weather. Our steel stable troughs are EASY TO ERECT.

MADE IN SECTIONS, they can be extended to fit any size stable—simple in construction. Nothing to get out of order, always ready for use. We guarantee the quality of the material and take all responsibility—money back if not as represented. Used in the new stables at the Guelph Experimental Farm, etc. Write for catalogue 22. Troughs and Tanks for all purposes.

The pastor of a small country flock was generally accounted a rather dull and prosy preacher. Returning from market one day with a small trout, he accosted a neighbor.

"Good morning, Jones," said the minister; "let me show you a fine trout. I'm using these for brain food."

"Tha-th-that's a nice little f-f-fish," was the reply, "but what you really n-n-need, elder, is a wh-wh-whale!"

A LOW VIEW.

"Was her gown cut low?" she asked.
"Yes, indeed. Low and behold," he answered.

Your hands won't get chapped this winter if you use SNAP.

Milking, scouring the separator and cleaning up the stables, get the dirt and grime ground right into the skin.

Coarse soap and hard rubbing only chap the skin. SNAP cleans and purifies because anti-septic—gets out the dirt without hard rubbing, and is soothing and healing to the skin.

QUESTIONS AND ANSWERS. Miscellaneous.

SIGNING BY ATTORNEY.

When a person having power of attorney to transact business for another, signs checks, receipts, etc., or gives a deed, makes a lease, or any other transaction, whose name should he use, the owner's or the attorney's. A is owner. B has power of attorney. B sells A's farm for him. How would deed be signed? **SUBSCRIBER.**

Quebec.

Ans.—1. That of the owner.

2. A, by his Attorney, B.

EFFECT OF SAWDUST ON LAND

As I am using a considerable amount of sawdust for bedding under cattle, would you please answer, through your paper, what effect it will have on the ground when drawn out as manure?

C. M. T.

Ans.—On heavy clay, the sawdust incorporated with the manure may have a slightly beneficial effect by opening it up. On sand, this effect might be detrimental. The essential virtue of the sawdust is its absorbent capacity. It holds manurial liquids.

OLD OATS FOR SEED.

Would old oats, grown in 1910, be all right to sow for seed this year? My oats last year (1911) were very light, and seem to be half hulls, and I have some good oats left over from 1910, and some of my neighbors tell me they will not grow, so just thought I would make inquiry.

C. J. T.

Ans.—While it is unusual to use for seed oats of the crop previous to the last harvest, we would incline to prefer them to poor seed of the immediately preceding crop. To satisfy yourself as to their germination, make a test between folds of woollen cloth in a dinner plate on window sill, the cloth being kept moist, but not saturated. Compare the sprouting of these with that of similar oats from the 1911 crop, but do not forget that the extra nutriment in a plump oat is desirable to send the seedling along after it has germinated.

INTERESTS IN FARM.

A bought a farm from B four years ago. A had his two boys sign the paper with him. The boys were not of age. The first two years the boys did well, but after that they got careless, and took no interest in the place. There are only two payments made yet. A is an old man and wants to sell.

1. Can the boys prevent him from selling?

2. Can B prevent him?

3. Or, can the boys claim a share?

Quebec. **E. M. S.**

Ans.—1. A can certainly sell his interest in the premises.

2. No.

3. As to what A's interest amounts to, and also as to that (if any) of the boys, we would have to see "the paper" you refer to and any other documents there may be in the case, in order to our forming an opinion. We would also require to know the present ages of the boys, and other material facts and circumstances.

PROBATE.

A man dies, leaving farm and chattels valued at \$1,000. This property is left by will to his widow during her natural life, then to be divided among the children, all adults, and agreeable to conditions of will. Can this estate be settled according to provisions of will, in any way at less expense than by probating? If so, please advise how to proceed.

U. M. H.

Ontario.

Ans.—No. That is to say, it is a case in which there are several substantial reasons for probate being had, and no really good reason apart from the matter of expense—for dispensing with the taking out of probate. And as to expense, it would probably be found, eventually, if the latter course were adopted, that more costs had been incurred—and especially in respect of the title to the real estate—than if the comparatively simple and unquestionably proper course of obtaining probate at the outset had been taken.

LIVINGSTON'S Oil Cake and Meal are guaranteed absolutely pure.

They are made by the Old Patent Process—and will keep as long as you like.

Careful tests have proved them to be the most easy-to-digest of all cattle feeds—95% goes to build muscle, tissue and health.

LIVINGSTON'S CAKE AND MEAL MAKE MORE MILK

and BETTER milk—FATTER and STURDIER CATTLE—HIGHER PRICES for the higher quality—and less EXPENSE in obtaining that quality.

The manufacturers of Livingston's Cake and Meal worked forty years on the problem of stock food before they produced these perfect foods—which are not so soft as to waste, yet soft enough to be thoroughly digestible. Your dealer will tell you Livingston's are better than any others on the market. Ask him—or write us direct—for full particulars.
