The Durham cement factory started operations last week after a temporary "shut down." The Review says that half the season's output is already contracted for.

Mr. Fred. Rayner's jewelry store in Palmerston was broken into by burglars on Sunday night and much valuable stock taken. On Thursday evening of last week Mr. John Noonan's hardware store in Mt. Forest was invaded and rifled of 40c in cash and some goods.

Confound you! What made you send for a veterinary surgeon to attend me?" "Pardon, sir, but you wanted a doctor because you were a little hoarse."

The politician comes around
And grasps you by the hand,
And tries to find out pleasantly
Where you are going to stand.
He treats you to a fat cigar,
And is polite and kind;
But never doubt, oh, little one,
He has an axe to grind.

It is estimated that during the past winter and the spring that about \$15,000 worth of hay, oats and corn have been imported into town. This, of course was due to the crop failure last season.—Warton Echo.

There is a movement on foot to induce the employers of Port Huron, Mich., to give preference to local people in the matter of employment to the exclusion of the residents of the Canadian side of the river. A petition signed by 275 people was presented to the chamber of commerce, asking that body to appoint a committee to wait on the employers of Port Huron and request that they give employment to the residents of the city. There has been a census taken which shows that over 300 people cross the river every day from Sarnia to work in Port Huron.

Do you Belch Gas?—This is a disagreeable result of food fermentation that Nerviline stops at once. Take ten drops of Nerviline in sweetened water. The stomach is warmed and soothed, digestive troubles corrected, the rising of gas ceases and you are well. When such a simple remedy does so much it's foolish to be without it. For indigestion, sour stomach, heartburn and sick headache you'll find nothing half so efficient as Polson's Nerviline. Get a 25c bottle from your dealer to-day.

William De Wilde, a farmer, attempted to commit suicide a few days ago near Oak Harbor, Wash. He placed a dozen sticks of dynamite in a nail keg in his woodshed, sat on the keg and touched off the fuse. The shed was blown to shivers, and no trace of the keg can be found. De Wilde received a scratch on the leg and a few burns on the face. De Wilde recently sold his farm for \$8,000 and was despondent because he did not know where to go when he gave up the land.

On killing a Plymouth Rock fowl at Charlton, East Kent, Mr. Chas. Downs found the following extraordinary collection in its crop, worthy of an ostrich:—Twenty pieces of glass, a cartridge, six nails, a tin tack, screw, copper rivet, bone collar stud, shirt button, six trousers buttons, one brass stud, five pieces of coal, a clock screw, a boot button.

PROMISES TO THE DYING.

A clergyman, discussing unhappy love affairs, said:

Many a love tragedy is caused by a husband's promise to a dying wife that he will not marry again. He thinks when he makes this promise that it will be easy to keep. Whether it is easy or hard to keep, it is a promise rarely, if ever broken. Time and again widowers have sought me out for advice on this subject. They are in love, but they promised their dead wives not to marry again. Shall they break or keep this promise? I can only advise them to do as their conscience dictates. At the same time I think it is selfish of dying wives to extract such promises from their broken-hearted husbands. Such promises, by the way, are rarely extracted by dying husbands from broken-hearted wives. But, then, when the dead husband's will is read it is usually found that if the widow marries again the money is all taken from her. So it comes to the same thing in the end, doesn't it?"

Guelph, May 5.—James Black, a well-known farmer living in Eramosa township near this city, sustained a most peculiar accident yesterday. A cow ran at Mr. Black, who had in his hand an iron bar. The bar was knocked into his face and hit him in the eye. The injured optic had to be removed at the hospital.

The license reduction by-law in Toronto remains quashed, and the city must pay all the costs of its attempt to reinstate it by appealing to the Divisional Court from Chief Justice Meredith's recent decision. Some 34 licenses are thus removed from the jeopardy of withdrawal. Chief Justice Falconbridge and Mr. Justice Teetzl upheld the decision of the lower court; Mr. Justice Riddell very vigorously dissented, and would have reinstated the by-law.

A. H. Musgrove, principal of Wingham public school, is the Conservative candidate in the newly-formed riding of North Huron, and as the constituency is strongly conservative his chances of election should be good. In East Wellington the local member is Inspector Craig of Ferguson. Up in Bruce county, teachers and inspectors are kept so busy with their professional duties, that the ratepayers would not stand for paying salaries to two public officials while they spend three months of each year in Toronto and considerable of the rest of the year in talking party politics.

Many get Consumption In Spring Months.

THE SYSTEM IS GENERALLY RUN DOWN AND LACKS POWER TO DESTROY GERM.

Winter takes the vitality and snap out of us all. Instead of being rich and healthful, the blood is sure to be thin and watery in the spring. An overpowering tiredness comes upon us—this is followed by dead weakness, loss of sleep, poor appetite and depression. Doctors all say the only hope lies in supplying lots of new blood which must be brimming with vitality and building material.

The quickest way to get the necessary supply of vitalized blood is by taking Ferrozone. It establishes a high standard of blood, increases nerve force, restores bodily vigor in a truly marvelous way.

You are amply protected from spring fever and debility diseases by using Ferrozone.—This is proved by Mrs. E. J. Richardson, of Manotick, Ont., who tells in the following words how she gained in health and spirit from Ferrozone. "For about two years I was not well. I was thin and anaemic. Towards spring I fell into a condition of nervous exhaustion that made life scarcely worth living. A dead tiredness seemed to hang over me like a load of lead. I simply could not do housework of any kind. A bad cough developed that worried me greatly, for I thought it might be tubercular. When I first read about Ferrozone I was convinced it was good. I took it regularly for about eight weeks and the change in my health was wonderful. My checks filled out and became clear and rosy. I gained eight pounds in weight and am now as strong and vigorous as possible."

Ferrozone feeds and nourishes the organs that require assistance. It sends the thrill and vim of robust health from head to foot, makes you feel better at once. Won't you use Ferrozone? Sold everywhere; 50 chocolate-coated tablets in a box for 50 cents, or six boxes for \$2.50 at all dealers.

Some of the lake men say that Lake Huron is very much lower this spring than any year they can remember. This is peculiar when we note the fact that Lake Ontario is some two feet higher than usual at this time of the year.
