VON HOLLWEG'S RETIREMENT DEMANDED

His Opponents Issue Circular Demanding His Retirement—Indictment Covers His Whole Conduct of Foreign Affairs Before and After the War—Chancellor and Others Discuss Points at Issue in Secrecy

BERLIN, Oct. 4.—The campaign against Chancellor Von Bethmann-Hollweg is daily assuming more tangible form. One of the latest developments is a circular demanding retirement of the Chancellor, which has been sent by a vociferous group of his opponents to such members of the Reichstag as are considered open to these arguments. The indictment covers almost everything in the Chancellor's conduct of Foreign Affairs before and during the war. Attacks are made in particular on his attempts to reach an agreement with England, his first attitude toward Belgian neutrality, and naturally his policy in the submarine issue. Another factor in the truce proclaimed at the outset of the war which has been made by the Saxon socialists. This faction has determined to run a candidate for the seat in the Reichstag vacated by the death of the Conservative, Ernest Eduard Gies. This determination violates the general agreement between the political parties that all vacant seats shall be resigned without contest to the party holding them at the outset of the war. Meanwhile the Chancellor and the Reichstag leaders continue to discuss the points at issue behind closed doors. The discussion is being conducted on even a more confidential basis than before. It is no longer held before the full committee on ways and means to which all members of the Reichstag are admitted as auditors, but in a smaller select committee of party leaders who are specially bound to secrecy. Such reports as leak out say that while the antagonism between the Chancellor and his opponents has not disappeared the discussion is now being conducted on the basis of reason and not of passion. It is believed that there is a good prospect that an agreement will be reached which will avoid the open discussion of issue before the Reichstag.

Furious Fighting South of Lemberg

LONDON, Oct. 4.—After three days of incessant and furious fighting the Russians are reported to have won a considerable advantage in their new drive on Lemberg from the south and to be threatening the important railroad town of Brzezany, 50 miles S.E. of Lemberg. Reuter's Petrograd correspondent says that the Russians, under cover of artillery fire, forced their way across the Zlota-Lipa River, south of Brzezany, driving the Austro-German forces from the heights. The Russian artillery then advanced, and began a bombardment of the camps, military establishments and suburbs of the town.

The Jury's Verdict

LONDON, Oct. 4.—Official evidence presented at the inquest into the death of the members of the German crew of the Zeppelin, which was destroyed at Potter's Bar on the night of Oct. 1st, showed that nineteen bodies were recovered. Impounder Desart summoned two men for obstructing him in the discharge of his duty. Both cases were postponed to a later date.

LIGHTS &c. DESTROYED

It looks as if some persons have evil designs on the street-car service. Previous to the finding of fish car plates on the track at Holloway Street, Tuesday evening, the shack on that thoroughfare was broken into and some electric lights broken, while nuts, bolts &c. were stolen and everything there turned topsy turvy. The police are after the perpetrators, who, if found, will be severely dealt with.

TELL A WOMAN AND—

Some time ago a plate glass window, valued at \$10.00, was broken in Mr. Matt Kent's grocery store, near the Cross Roads and \$10 worth of cigars, cigarettes and other goods stolen through the opening made. A few days ago a sister of the thief, after having a disagreement with him, told Mr. Kent her brother was the guilty and had secreted the goods on the South Side Hill and consumed them at his leisure. The young chap was not long ago liberated after having time for another theft and will be arrested for the larceny committed at Mr. Kent's.

SOME YOUTHFUL VANDALS

Of late boys who congregate at the foot of Cookstown Road have been damaging the fire alarm apparatus post box and other public utilities. Last night Const. Whalen made a descent on them and found the lad upon a pole. The boy jumped 10 feet to the ground and when the officer grabbed him a safety-pin, which the lad wore, split open the flesh of the Constable's hand between the thumb and index finger, the wound being very painful. The names of the boys have been secured and all will be summoned.

THE "KITE" HERE

The S.S. Kite, Capt. Parsons, arrived here this morning. The ship went to Baffin's Bay several weeks ago, landed an explorer and had a very stormy trip of it, we learn. She found heavy close packed ice and landed her passenger within 10 miles of his objective. She was 30 days on the run South and called at Battle Harbour, which she left six days ago.
