

FACE-DISFIGURED WITH PIMPLES

Itched and Burned. Scarcely Slept. Cuticura Heals.

"Pimples affected my face. They were large and always festered, and they were scattered all over my face. They afterwards turned into scales and when they fell off they left big marks until my face was disfigured. They itched and burned so that I scarcely slept at all.

"I had been bothered for nearly two months before I started using Cuticura, and after I had used three boxes of Cuticura Ointment with the Cuticura Soap I was completely healed." (Signed) Miss L. Burns, St. Barile, Que., June 6, 1918.

Use Cuticura Soap, Ointment and Talcum for all toilet purposes. Soap 25c, Ointment 25c and 50c. Sold throughout the Dominion. Canadian Dept. of Commerce, Limited, St. Paul St., Montreal. Cuticura Soap always without cost.

SUNDAY SCHOOL LESSON

Lesson X. June 6, 1920. Saul's Failure. 1 Samuel 15: 1-35.

COMMENTARY—I. Saul untrue to his mission (vs. 1-9). Samuel stood between Jehovah and King Saul, the Lord sending messages through him. When Saul had reigned about twenty-five years, the Lord sent Samuel to tell him to go out against the Amalekites, and destroy them utterly, man and beast. It was included in the message that Amalek had laid wait for the Israelites on their way from Egypt to Canaan and had opposed them in their journey (Exod. 17: 8-14). Saul at once gathered an army of two hundred and ten thousand men and set out on his campaign against Amalek. The Kenites dwelt among the Amalekites and Saul notified them to go away from among their neighbors for their safety, for they had assisted the Israelites in their journey to Canaan (Exod. 18: 10-19; Num. 10: 29-32). Saul gained the victory over the Amalekites, but he spared Agag, the king, and the best of all the sheep and oxen.

II. Saul rebuked (vs. 10-12). The Lord told Samuel what Saul had done, and expressed his displeasure at his failure to obey his commands, hinting at Saul's removal from his position as king. Samuel was grieved and "cried unto the Lord all night." In the morning Samuel learned that Saul had gone to Carmel and set up a monument for himself, and had gone on to Gilgal. Samuel came to Saul—He had a most important message to bring to him. Blessed be thou of the Lord—This was Saul's salutation to Samuel, and in it he recognized Samuel's close relationship with Jehovah. I have performed the commandment of the Lord—Saul's statement was definite and positive, but it was a falsehood. He was either self-deceived or he meant to deceive Samuel. From what was said in the course of the conversation it is clear that the king was guilty of intentional misrepresentation. 14. What meanest thou of this bleating of the sheep—Samuel did not directly charge Saul with falsehood, but he called for an explanation of the sounds he heard of

HAS NO PAIN NOW

What Lydia E. Pinkham's Vegetable Compound Did for Mrs. Peasey of London.

London, Ont.—"I suffered with periodic pains, was weak and run down, could not eat and had headaches. The worst symptoms were dragging down pains so bad I sometimes thought I would go crazy and I seemed to be smothering. I was in this condition for two or three years and could not seem to work. I tried all kinds of remedies and had been treated by physicians, but received no benefit. I found one of your booklets and felt inclined to try Lydia E. Pinkham's Vegetable Compound. I received the best results from it, and now I keep house and go out to work and am like a new woman. I have recommended your Vegetable Compound to my friends, and if these facts will help some poor woman use them as you please."—Mrs. J. F. PEASEY, 200 Keele Street, London, Ont.

The reason women write such letters to the Lydia E. Pinkham Medicine Co. and tell their friends how they are helped is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives. Freed from their illness they want to pass the good news along to other suffering women that they also may be relieved.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co., Lynn, Mass.

sheep and oxen. Saul said, They have brought them—Saul attempted to place the responsibility for the sparing of these animals upon his army. Amalekites—The Amalekites were descendants of Amalek, a grandson of Esau. Saul was sent forth to accomplish this destruction. Spared the best—to sacrifice unto the Lord—An attempt was here made to throw a cloak of religion over this act of disobedience.

16. Stay—Samuel did not argue the question, but he notified Saul that he had a message from the Lord for him. 17. Little in thin own sight—Saul was humble at the time the Lord chose him to be king over his people. His humility and modesty were evident from his words in 1 Sam. 9, 21: "made the head of the tribes of Israel, in response to the demand of Israel, for a king." He was a man of distinguished appearance and there was "none like him among all the people" (1 Sam. 10: 23, 24). 18. The Lord sent them on a journey. Jehovah entrusted to him an important work. He had ability in leadership, he had a military force sufficient for the purpose and he had divine authority, therefore there was no reason for a failure in accomplishing the mission. The sinners, the Amalekites—See note on vs. 1-9). 19. Wherefore didst thou not obey. Samuel ignores the declaration of Saul that the people spared the best of the animals for the purpose of making a sacrifice to God. Didst fly upon the spoil—Saul is directly accused of greed, which was the cause of his disobedience. He attempted to make an excuse for his conduct, but Samuel told him that he had done "evil in the sight of the Lord." 20. I have obeyed the voice of the Lord. Saul persists in his declaration that he had fulfilled his divinely-appointed mission. He seems determined to carry his false profession through to the end—"have brought Agag, the King of Amalek." The Lord's command was to destroy the Amalekites utterly, and it was a violation of that command to keep Agag alive. Saul's statement that he had "utterly destroyed the Amalekites" was inconsistent with his admission that he spared Agag. 21. To sacrifice unto the Lord thy God. Saul speaks of Jehovah as Samuel's God. This may have been out of deference to Samuel as the prophet of the Lord, and from a desire to gain his favor. 22. To obey better than sacrifice. This is a great truth applicable to all time. No amount of sacrifice can take the place of obedience. Love and obedience are inseparably joined and are the basis and essence of true religion. No mere forms of religion will please God. There must be with them heart devotion. 23. Rebellion. The throwing off of rightful authority, is as the sin of witchcraft—sorcery. The presence of securing information regarding the future by consulting signs or by consulting spirits. Rejected—Saul's self-conceit led to his downfall.

III. Saul's repentance vain (vs. 24-26). 24. I have sinned—This confession is in sharp contrast to his declaration in vs. 20, 21. Because I feared the people—Saul admits his guilt and confesses his weakness of character in giving heed to the men of his army. 25. I had to do my sin—Saul desires forgiveness and asks Samuel for it. We may suppose that he has done against him and begs him to intercede with God in his behalf. Turn again with me, that I may worship—Saul feared the outcome of his sin and earnestly desired Samuel to join with him in acts of worship that the doom pronounced upon him might not be fulfilled. 26. I will not return with thee Samuel would not in any degree even appear to approve of the course the king had taken, nor would he do anything that might show that he was out of sympathy with the Lord's will. 27-35. As Samuel turned to go away, Saul caught hold of his garment, and in token of the fact that God had taken the kingdom of Israel away from Saul. Saul continued as king as long as he lived, but the kingdom would not pass to his posterity.

Questions—Who were the Amalekites? What evil things had they done to Israel? What message did God give to Samuel for Saul? What response did Saul make? How did Saul perform his mission? What did the Lord tell Samuel? Give the conversation between Samuel and Saul. What was to be the penalty for Saul's failure?

A Pill that Proves its Value.—Those of weak stomach will find strength in Parmelee's Vegetable Pills, because they serve to maintain the healthful action of the stomach and the liver, irregularities in which are most distressing. Dyspeptics are well acquainted with them and value them at their proper worth. They have afforded relief when other preparations have failed, and have effected cures in ailments of long standing where other medicines were found unavailing.

JUST THE THING.
"I want to get something for my husband," said Mrs. Newlywed, "that he will keep a long time and not give away."
"I know the very thing, then," said Mrs. Experience, "buy him some cigars of your own selection."

Wise mothers who know the virtues of Mother Graves' Worm Exterminator always have it at hand, because it proves its value.
"I hope you'll like me, Miss Shy; good looks runs in my family." "That so?" Too bad in your case it decided to ease down to a slow walk."—Florida Times-Union

NEURALGIA AND SCIATICA

Caused By Starved Nerves Due to Weak, Watery Blood.

People generally think of neuralgia as a pain in the head or face, but neuralgia may affect any nerve of the body. Different names are given to it when it affects certain nerves. This neuralgia of the sciatic nerve is called sciatica, but the character of the pain and the nature of the disease is the same. The cause is the same, and the remedy so effective, must be the same. The pain of neuralgia, whether it takes the form of sciatica, or whether it affects the face and head, is caused by starved nerves. The blood, which normally carries nourishment to the nerves, for some reason no longer does so and the excruciating pain you feel is the cry of the starved nerves for food. The reason why the blood fails to properly nourish the nerves is usually because the blood itself is weak and thin.

When you build up the thin blood with Dr. Williams' Pink Pills, you are attacking neuralgia, sciatica and kindred diseases at the root. As proof of the value of these pills in cases of this kind we give the statement of Mrs. Thomas McGuire, North Malden, Ont., who says: "I have been a severe sufferer from sciatica, which attacked the sciatic nerve in the left leg. At times the pain was most excruciating and as a result of the trouble there was a distinct shrivelling of the leg. I could only hobble about by using a cane, and if I attempted to walk to the fields I would have to sit down every little while to ease the agony I felt. I was under medical treatment, but as there was no improvement shown, I was getting very despondent, as the trouble was affecting my general health. Finally a friend advised me to try Dr. Williams' Pink Pills and I decided to do so. I took the pills faithfully for several months, finding a gradual and increasing improvement in my case, until finally every vestige of the trouble had gone, and I was again enjoying the blessing of good health and freedom from pain. What Dr. Williams' Pink Pills did for me seems almost a miracle and I hope that my experience may benefit some other sufferer."

If you are suffering from any ailment due to weak blood avail yourself at once of the splendid home treatment which Dr. Williams' Pink Pills so easily afford, and you will be among those who rejoice in regained health. These pills are sold by all dealers in medicine, or may be had by mail at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

DON'T SUFFER.
(London Answer.)
Miss Mary—Mary, I hope you have taken good care of my pets while I have been away.
Mary—Indeed I have, ma'am. Only once did I forget to feed the cat.
Miss Mary—I hope she didn't suffer.
Mary—Oh, no, ma'am. She ate the canary and the rabbit.

When Holloway's Corn Cure is applied to a corn or wart it kills the roots and the callosity comes out without injury to the flesh.

Small kindnesses, small courtesies, small considerations, habitually practiced in our social intercourse, give a greater charm to the character than the display of talents and accomplishments.—Keltz.

Take the thought for the dead and you won't have to pay the conveyancer.

For Colds, Catarrh or Influenza

Do you feel weak and unequal to the work ahead of you? Do you still cough a little, or does your nose bother you? Are you pale? Is your blood thin and watery? Better put your body into shape. Build strong!

An old, reliable blood-maker and herbal tonic made from wild roots and herbs, is Dr. Pierce's Golden Medical Discovery. This "nature remedy" comes in tablet or liquid form. It will build up your body and protect you from disease germs which lurk everywhere. One of the active ingredients of this temperance alterative and tonic is wild cherry bark with stillingia, which is so good for the lungs and for coughs; also Oregon grape root, blood root, stone root, Queen's root, all skillfully combined in the Medical Discovery. These roots have a direct action on the stomach, improving digestion and assimilation. These herbal extracts in the "Discovery" aid in blood-making and are best for scrofula. By improving the blood they fortify the body against an attack of grip or colds.

Catarrh should be treated, first, as a blood disease, with this alterative. Then, in addition, the nose should be washed daily with Dr. Sage's Catarrh Remedy.

Send 10c for trial pkg. of Medical Discovery Tablets or Catarrh Tablets to Dr. Pierce's Laboratory, Bridgeburg, Ont.

SPRING SEEDING IS NEARLY DONE

Recent Rains Have Helped the Grass.

Fruit Prospects Are Encouraging.

The following is a summary of reports made by Agricultural Representatives to the Ontario Department of Agriculture.

Grass has been improved by recent rains and warmer weather, but some representatives still regard pastures as being much behind, compared with average conditions at this time of year. Spring seeding and planting is being pushed along vigorously. In some counties the grain crops are practically all in.

The land is said to be working well for the sowing of roots, speaking generally. An increased acreage of sugar beets is assured in the southwestern portion of the province.

A considerable acreage of potatoes has already been planted, but potato seed was never harder to procure, and it has been very high in price.

Fruit prospects, taken all together, are encouraging. Orchard trees of all classes are blossoming more or less freely, and although some raspberries have been frozen back, even they are making a fair renewed growth. Strawberries are looking well.

Cattle are in good health, but as a rule are rather thin on account of the backward condition of pastures.

Bees did not winter well. Haldimand reports that many apiaries have lost more than half of their colonies.

Farm help is still very scarce, although many farmers have got along with their spring work much better

HOLY GEE, MY HEAD FEELS GOOD TO-DAY!

PAIN OVER EYES IS GONE, HEADACHE CURED, CATARRH RELIEVED!

This is the Common Experience of Those Who Breathe the Vapor of

Catarrhazone

Remember this, Catarrh can never be cured or even relieved by a cough syrup, a spray, or tablet treatment. Trouble is these remedies slip quickly over the sore irritated membranes, drop into the stomach and do little else but harm digestion. It's different with "Catarrhazone"—you inhale it. Every breath sends healing balsams to the inflamed tissues. Tightness, soreness and inflammation are cured by healing pine essences. The cough dies away, throat is strengthened, huskiness is cured. Nothing is so simple, so convenient, so certain to cure as Catarrhazone. The dollar outfit includes the inhaler, costs \$1.00, and is guaranteed to cure. Small size 50 cents, trial size 25 cents, all dealers, of The Catarrhazone Co., Kingston, Ont.

Her Namesake.

When Mrs. Lombard heard that the baby of her former cook had been named for her, she bought a suitable rattle with many namesake.

"Why, Bridget," she said to the late Miss Leahy, now Mrs. Sullivan, "I thought you said the baby was named for me. My name is Hannah, and you are calling the baby Celestine."

"Celestine L. Ma'am," said Mrs. O'Sullivan hastily. "The 'L' is for Lombard, and Celestine is just a kind of a name to describe you, ma'am. There ain't any Hannah to your looks, Mrs. Lombard; any woman would tell you that."—Youth's Companion.

An Oil Without Alcohol.—Some oils and many medicines have alcohol as a prominent ingredient. A judicious mingling of six essential oils composed the famous Dr. Thomas' Electric Oil, and there is no alcohol in it, so that its effects are lasting. There is no medicinal oil compounded that can equal this oil in its preventive and healing power.

LOOKED LIKE IT.
She: How smoothly this motor car runs!
He: Yes; I'm afraid something's gone wrong!

QUITE LIKELY.
Angler (describing a catch): The trout was so long—I tell you I never saw such a fish!
Rustic: No, O! don't suppose ye ever did.—The Queenslander (Brisbane).

Attacked by Asthma. The first fearful sensation is of suffocation, which hour by hour becomes more desperate and hopeless. To such a case the relief afforded by Dr. J. D. Kellogg's Asthma Remedy seems nothing less than miraculous. Its help is quickly apparent and soon the dreadful attack is mastered. The asthmatic who has found out the dependability of this steering remedy will never be within it. It is sold everywhere.

Even the man who isn't in the Social Register may look himself up in the city directory.

A burned child dreads the fire, just as an experienced man dreads a heated argument.

MOST EVERYONE USES THEM FOR THE STOMACH

They Act Quickly, and Make You Feel Lively As a Kid.

A crowning curative triumph in medicine is now given to the world and all who have been sufferers from stomach ailments, indigestion and headache can be cured by a purely vegetable remedy.

Calomel, salts and such like are no longer necessary. They are harsh and disagreeable. Science has devised something far superior, and you can go to-day with 25c to any druggist and buy a box of Dr. Hamilton's Pills, which are considered the very quickest and safest cure for the stomach, bowels, liver and kidneys.

Half sick men and women who scarcely know what ails them, will be given a new lease of life, with Dr. Hamilton's Pills. Depressed spirits disappear, headaches are forgotten, appetite increases, blood is purified and enriched, pains at the base of the spine are cured, the nerves are toned up, ambition to work is increased, and day by day the old-time health and vigor return.

A trial only is necessary to prove how beneficial Dr. Hamilton's Pills are to all who are weak, nervous, thin, depressed or in falling health.
