WOOL WOOL
The undersigned will be ready to receive Wool (unwashed preferred) June 1st to 15th inclusive. Be sure to send it along. If you are not a member of the Canadian Wool Growers Association you ought to be. They belong to a different class than the rag and junk dealers that are so hungry for your wool.

If it were not for our Association others would only offer you about 40 cents per pound. Ask those who put their wool thru our Association last year what they think of it. Would refer you to A. S. Burgess, Canning or Joseph Kinsman, Lakeville. Write or phone them they will tell you how to market your wool to profit.

We will give you a good advance if you want it, as soon as we receive your wool.

Death of Principal Fearon at Wolfville.

He Was Principal of the Halifax School for the Deaf for 27 Years.

Halifax lost one of its most highly respected citizens when death removed Mr. James Fearon who for the past twenty-seven years has been principal of the School for the Deaf. His death adds another name to the list of victims of the Great Disaster for Mr. Fearon had not been in good health since that fatal December day. Since then he had resided in Wolfville with the pupils, who have been domiciled at Acadia College, and it was there that his death occurred at ten o'clock on Saturday morning last.

Mr. Fearon did splendid work in connection with the School for the Deaf, which had grown four times as large as it was when he took charge. During the time that he was Principal he had many difficult pupils to teach, but his effort were always attended with success. He was the first to introduce the oral system into this country and it was later introduced into the schools for the deaf in Canada and the United States.

He was born at Portadown, Ireland, fifty-two years ago, and is survived by his widow, who is a daughter of Mr. H. D. MacKenzie of this city, and two daughters. The funeral took place Monday afternoon, at 3 p. m., from the residence of Mr. C. C. Blackadar, Halifax.

NEARLY A DROWNING ACCIDENT AT STARRS POINT

On Tuesday morning Mr. George McGinnis of New Minas and his two boys went to Starrs Point in a boat. When off the shore near Mr. Tobins, the boat upset and all were thrown into the water. Their cries for help brought Messrs Spriggs, Tobin, Lingley and others to the rescue and they were removed from the water in an exhausted state. They could not have survived much longer had not prompt assistance arrived.

A representative of the Canada food Board visited Kentville last week. He gave good reasons for obeying the food laws and helping to save food for the Allies.

Hospital Ship From Halifax Torpedoed.
Great Loss of Life

London, July 1st.—A German submarine seventy miles from the Irish coast on the night of June 27th., torpedoed the 11,000 ton hospital ship Llandovery Castle which had been chartered by the Canadian government and has been in the service of carrying wounded and sick from England to Canada for many months past. The ship was then on her way to England. She had on board 258 persons, including 80 men of the Canadian Army Medical Corps and 14 female nurses. Up to the latest reports only 24 of those on board, including the captain have survived the treacherous attack, which came without warning. The text of the admalty announcement follows—
"About 10.30 o'clock on June 27th., one hundred and sixteen miles southwest of Fastnet, the hospital ship Llandovery Castle was torpedoed by an enemy submarine and sank in about ten minutes. She was homeward bound from Canada and there were no sick or wounded on board, but her crew consisted of 164 officers and men and she carried eighty Canadian army medicals and 14 female nurses. Of this total of 258, only one boat, containing 21 survivors has so far reached port. Search still is being made and there is a bare possibility that others may yet be found.

DUNLOP TIRES
Two Questions
With so many low-priced so-called anti-skids obtainable, would that great host of motorists pay more for Dunlop "Traction" Tread if they could get its merits elsewhere?
Also, would that other large list of car owners buy "SPECIAL" if tires which somewhat resemble it in appearance resembled it in efficiency?
