### PRESBYTERIAN ANNIVERSARY

About as disagreeable as possible was the weather on Sunday and Monday last, but notwithstanding this the pastor and congregation of St. Paul's Presbyterian church had very successful services in connection with the anniversary of the church.

The Rev. Prof. Macnaughton of Queen's University preached to large congregations in the morning and evening, and his scholarly yet simple presentation of divine truth secured and held the close attention of all. The liberty from ceremonialism that that Christ brought and the simple laws of His gospel formed the theme of his evening discourse, and he was heard with pleasure and profit by all. The Rev. S. J. Hughes assisted at the evening service.

An excellent service of song was rendered by the choir.

On Monday evening the annual concert was held, and despite the storm and darkness there was a large attendance. The Rev. I. N. Beckwith presided.

Mr. Chas. A. Cooke of the Hiawatha Quartette has visited Athens before, and he was accorded a very warm reception. He very kindly responded to the encore that followed his every number, and was also heard to advantage in a duet with Miss Vallie Wright (an extra number).

Miss Irene Mallory, always popular with Athens audiences, was in good voice and delighted her hearers with several impersonations of children. In this line, Miss Mallory undoubtedly excels. Her encore numbers were, as usual, brief and witty.

Miss Vallie Wright was under disability from a slight cold, and was therefore unable to respond to the frequent encores she received.

Altogether, the concert was nicely balanced and very enjoyable. Miss Jessie Taplin presided at the piano as accompanist with marked ability.

### PRINTED BY REQUEST

Mix the following by shaking well in a bottle, and take in teaspoonful doses after meals and at bedtime.

Fluid Extract Danleion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. A local druggist is the authority that these simple, harmless ingredients can be obtained at nominal cost from our home druggists.

The mixture is said to cleanse and strengthen the clogged and inactive Kidneys; overcoming Backache, Bladder weakness and Urinary trouble of all kinds, if taken before the stage of Bright's disease.

Those who have tried this say it positively overcomes pain in the back, clears the urine of sediment and regulates urination, especially at night, curing even the worst forms of bladder weakness.

Every man or woman here who feels that the kidneys are not strong or acting in a healthy manner should mix this prescription at home and give it a trial, as it is said to do wonders for many persons.

The Scranton (Pa.) Times was first to print this remarkable prescription, in October, of 1906, since when all the leading newspapers of New York, Boston, Philadelphia, Pittsburg and other cities have made many announcements of it to their readers.

### Death of Edward C. Bulford

The death of Edward C. Bulford, which occurred at Brockville General Hospital last week, removed one of the best known and most highly esteemed farmers of this district.

A native of the Island of Guernsey, he came here when quite young, and his industry brought him a fair measure of success. He was an occasional contributor to farm Journals and had up-to-date ideas on all agricultural subjects.

He is survived by his wife, who was a daughter of the late Jacob McVeigh of Addison, and one son, George of Regina.

The funeral service was conducted in the Methodist church on Friday morning.

A weak Stomach, causing dyspepsia, a weak Heart with palpitation or intermittent pulse, always means weak Stomach nerves or weak Heart nerves. Strengthen these inside or control nerves with Dr. Shoop's Restorative and see how quickly these ailments disappear. Dr. Shoop of Racine, Wis. will mail samples free. Write for them. A test will tell. Your health is certainly worth this simple trial. Sold by all dealers.

### A CLOSE CALL

The business portion of Athens had a narrow escape from fire on Friday evening last. About 8.30 Mr. Del Dobbs noticed a small blaze at the rear of the barn of Mr. William Parish and at once gave an alarm. Nearby business men responded promptly and with pails of water the fire was soon extinguished. The fire bell had sounded a general alarm and the engine was run to the Dowley tank where, for the next half hour, Caretaker B. Loverin and a number of willing assistants strove in vain to make it work. In the first place, the wrong end of the hose was found to be at the engine. This mistake was corrected, and frequent priming of the cylinders resorted to, but no water came. Finally, it was discovered that there was a leak in the suction hose and an abortive attempt was made to close it. The fire had long before been put out, and the engine was finally abandoned.

An inspection next morning discovered several holes in the suction pipe (near the engine), any one of which would have been sufficient to prevent the engine from working. The caretaker states that the engine was damaged in its run to the House of Industry fire, which took place on the 22nd of last May. The engine has since been used in connection with the building of granolithic walks, so it is apparent that the injuries to the suction hose were of more recent origin. Just how and when the defects developed and why the engine was found to be in this useless condition should be ascertained by the village council.

An examination of the scene of the fire showed how very serious had been the danger that menaced the village. The barn is on three sides surrounded by wooden warehouses, etc., and with the strong north wind that prevailed, and the engine in an unworkable condition, a start of only a few minutes more would have placed the fire beyond all control and the destruction of a large part of the village would certainly have resulted.

How the fire originated is not known.

### SHELDON'S CORNERS

Peace, quietness and contentment rule in this rural district. We have no cause for murmuring, as neither poverty nor riches exist here. The pure air is invigorating and the late autumnal beauty enchanting.

We regret that the frosty tinge in the atmosphere proved too sudden a change for Miss Elva Preston, but she is improving under the doctor's care.

Mr. Adam Whitmore has his threshing machine in our community. It does good work.

Mr. C. N. Hollingsworth has returned to Russell after a brief visit at the old homestead.

Mr. Melvin Hamblin is doing a rushing work in the meat business. Husking bees have begun in our neighborhood. Mr. Abel Berney heads the list this season.

Mr. Mort Topping and family spent a day recently at Mr. John Topping's.

Mrs. N. Hollingsworth spent a few days last week with her brother at Escott, who is very ill.

Mr. Wm. Wright makes a capable man for the meat wagon. Mel showed wisdom in selecting him.

Messrs. Thos. Hollingsworth and S. Niblock are busy hauling wood.

Mrs. Bert Knapp is very ill.
