DIED OF CANCER.

W. Stewart, superintendent of the Sutherland-Innes Co., Ltd., at their Renwick mill, died at Harper's hospital on Friday last, the 19th inst., from cancer of the stomach. Mr. Stewart went down to Harper's hospital on the 13th inst. and was operated on on the 18th. Although he got over the operation nicely he died from weakness the following day, the operation being too long delayed for him to recuperate. Mr. Stewart was fifty-one years and

was born at Thurston near Wick, Cathness, Scotland, in 1849. He came to this country six years ago and located with his family at Renwick. Mr. Stewart leaves a widow and seven children to mourn his loss.

Coal Miners Will Resume Work on Monday Next.

President Mitchell's Statement to the Miners—Nearly all Their Demands are Conceded.

Hazleton, Pa., Oct. 25.—The following statement was given out for publication last night, by President Mitchell of the United Mine Workers:—
"Temporary headquarters, United Mine Workers of America, Hazleton, Pa., Oct. 25.—

"To the miners and mine workers of the anthracite region:—

"Gentlemen,—After carefully canvassing the entire strike situation, we, your officers, district and national, have concluded that your victory is so nearly complete that no good can be achieved by continuing the strike longer. The contest has been in progress for 39 days, and the companies employing you have, with few exceptions, signified their willingness to pay the scale of wages formulated by the Saranot convention of October 12 and 13.

"We are aware that some disappointment and dissatisfaction have been caused by the failure of the operators in districts 1 and 7 to separate the reduction in the price of powder from the advance in wages, but, after careful inquiry, we are satisfied that each mine employee will actually receive an advance of 10 per cent on the wages formerly paid. In the Schuylkill and Lehigh regions the largest companies have agreed that the sliding scale should be suspended and that wages should remain stationary at 10 per cent until April 1, 1901, thus removing one of the inequities which you have complained for many years.

"While it is true that you have not secured redress for all of your wrongs, while it is true that the increase in your earnings will not fully compensate you for the arduous labor you are compelled to perform in the mines, you have established a powerful organization, which, if maintained and conducted on business principles will enable you to regulate many of your local grievances and make your employment less hazardous and more profitable than before the strike began. The companies agree in the settlement to take up with the mine employees all grievances complained of. We would therefore advise that when work is resumed committees be selected by the mine employees, and that they wait upon the superintendent of the mines and present their grievances in a businesslike manner, and ask that they be corrected."

After calling the miners' attention to the State law providing for semi-monthly payment of wages and the benefits derived from organization, the statement continues:—

"As there are some few companies who have not posted, notified nor signified in any other manner their willingness to pay the 10 per cent advance in wages, and suspend the sliding scale, we would advise that unless the men employed by such companies receive notice before Monday that the advance will be paid, they remain away from the mines and continue on strike until the companies employing them agree to the conditions offered by the other companies, and the employees of the companies who have offered the advance of 10 per cent and abolished the sliding scale are hereby authorized to resume work Monday morning, Oct. 29, and to be prepared, if called upon to contribute a reasonable amount of your earnings for the maintenance of those who may be compelled to continue the strike.

(Signed) John Mitchell, President; W. B. Wilson, Secretary United Mine Workers of America; Fred. Dicher, W. G. Parcell, W. R. Fairly, Benjamin James, National Executive Board United Mine Workers of America."

ALIEN LABOR FIASCO.

The Government Evidently Not Attempting to Keep Americans Out of Canada.

Toronto, Oct. 26.—Notwithstanding the alien labor law ten riveters have been brought in from the United States to work in the Bertram Company's ship yards, and the foreman is now in Buffalo, ostensibly for the purpose of inducing more men to come to Toronto. The Bertram Company, which pays the union rate of wages to riveters, is building a new boat for the Richelieu & Ontario Navigation Company, and in consequence has had to increase its staff of riveters. The new men, with a few exceptions are aliens, and mostly from Buffalo, Detroit and other United States lake ports. The men all claim to be members of the Boiler-makers' and Shipbuilders' Union.

THREATS OF LYNCHING

A Mob Demonstrates Against the Paterson, N. J., Bruties.

New York, Oct. 26.—Crowds surrounded the Passaic county jail in Paterson, N. J., last evening, and threats were made against Walter C. McAllister, George J. Kerr, William A. Death and Andrew Campbell, confined there on the charge of having murdered Jennie Besschietter, the maid of a house in the city last week. So menacing were they that extra guards were put on duty. The officials feared that if a leader appeared at any time to inspire the crowd an assault might be made. There had been fully three hundred persons present during the afternoon, but when the mills and factories closed probably three thousand gathered, and the excitement was intense for a time.

AT THE THEATRE.

In addition to the private car "Flora," built expressly for John W. Vogel & Arthur Deming's big minstrels, and said to be the handsomest and costliest car ever constructed, the organization carries special baggage car for the elaborate scenery and effects which will be used in their performance at the Grand Saturday night.

The Brockville Times says concerning next Tuesday's attraction at the Grand—"The Messrs. Shipman's 'Cavalier of France' company gave an excellent portrayal of romantic drama at the opera house last night. The stage settings and costumes were fine and the performance went with a dash that held even the gallery in close attention. The climax of the fourth act worked up a wonderful pitch of excitement and resulted in three curtain calls. Mr. Joseph Degrasse is an actor of exceptional merit, and has that high tragic tone in his voice so remarked in the elder Salvini. He is a man of dashing appearance, great reserve power and intelligence, and made a most favorable impression. Mr. Geo. W. Paige impersonated the disolute king of France to the life, while Lillian Paige made an excellent impression as the queen mother. Miss Clara M. Langley looked beautiful and easily won the hearts of the audience. The supporting company were clever and effectively costumed, and Messrs. Shipman added another laurel to last season by this production, and there is no doubt but that their 'Prisoner of Zenda' company in December will meet with an immense reception."

ACCIDENTALLY SHOT.

Warton, Ont., Oct. 26.—While G. W. Ames, banker, was out hunting with his youngest son, 14 years of age, the boy placed the butt end of the gun on a log, when it slipped off. The hammer, striking against the timber, exploded the charge, which entered his right side. The doctors entertain good hopes of recovery.
