N. B.—We sell "Royal Belfast Ginger Ale," the finest summer drink. In quantities to suit. **R. P.**

Weston.

Is beautiful for situation—nestling as it does at the base of the mountain on the North—with its Grand Pre-like meadow lands on the south, skirting the "Caribou." It is one of the finest fruit growing sections in the valley—in fact one of the best all purpose farming district in Nova Scotia.

There has been an abundant harvest of hay. Oats will be up to the average; potatoes are looking well. Apples will be a short crop.

The cheese factory is doing well and an air of hopefulness pervades the place. The usual number of summer tourists have recently been visiting the place—among whom were the DeWitts, Carters, Skinners, Sanfords, from St. John; the Hormes family from Halifax; Mrs. Eaton and daughter, from Wolfville; The Shaw brothers, Rev. M. B. Harlan and Fred have also been making visits here.

The school is being efficiently taught this summer by Mr. William Halsey, of the Senior class at Acadia College.

The outlook indicates that the Berwick Camp Meetings should have been held earlier in the season.

Sheffield's Mills.

We have not seen any news from our village for some time. There is not much but it may be interesting to a few.

The fine showers of Monday have revived the languishing crops, which were very dry from the long drought.

The potatoes in this part of the county are for the most part looking well, repeated applications of Paris green arresting the progress of "the beetle."

The late cold weather in the spring, aided by the caterpillar, injured the apple crop to a great extent, it is thought there will be about one half a crop.

Mr. and Mrs. Morgan returned to Mass. on Tuesday. They have been here visiting Mr. Simon Wood, Mrs. Morgan's father. Mr. Wood has had two other daughters home this summer, Miss Wood went back some time ago and Mr. Upton is still at home.

Mr. Fred Harris returned to Lynn after a short visit, but Mrs. Harris is still visiting friends in our vicinity.

The vacation of Mr. Leonard Newcombe and Miss Newcombe will soon be over and they will return to the States.

Charles Power, of Yarmouth, is on a visit to his parents in Canada.

Mrs. D. E. Ellis slowly recovering from a recent illness.

A party of a half a dozen young men from Church St. started Monday morning for specimens. The first and only one they obtained was a first class specimen of a rainy day. So instead of spending the day at Long Beach, as they expected they were obliged to drive into a shed for shelter. After some time, seeing there was no cessation to the rain fall, they were invited to put out their teams and repair to the house, where about two hours were spent, during which they partook of an abundant collation they had with them, they again tried to accost the mountain, but the rain obliged them to desist and start for home. **Z. X. Y.**

To Our Subscribers.

The special announcement which appeared in our columns some time since, announcing a special arrangement with Dr. B. J. Kendall Co. of Kennebunk, Me., publishers of "A Treatise on the Horse and his Diseases," whereby our subscribers were enabled to obtain a copy of that valuable work free by sending their address (and enclosing a two-cent stamp for mailing same) is renewed for a limited period. We trust all will avail themselves of the opportunity of obtaining this valuable work.

To every lover of the horse it is indispensable, as it treats in a simple manner all the diseases which afflict this noble animal. Its phenomenal sale throughout the United States and Canada, make it standard authority. Attention this paper when sending for "Treatise."

WHITE BRONZE MONUMENT CO.
ST. THOMAS, ONTARIO.

Manufacturers of Monuments: Headstones: Statuary Church Tablets: Vases, Grave Trimmings, &c., &c.

The above are guaranteed not to become moss-grown, discolored with age and not to crack with frost. All inscriptions being in raised letters, will remain legible. There is but one grade of metal used, and not containing iron in any form can not rust. Are endorsed by scientists.

In the Sales in Canada last season were over 50 per cent of previous years. In the United States there are six large establishments for the manufacture of the above, in which over 20 large soldiers' monuments were made in 1889, ranging in price from \$1,000 to \$6,000, besides a large number of family monuments and other cemetery work. Prices depend on size and style.
