

**Notes and Comments**

Canada spent \$19,000,000 on American magazines and periodicals in 1919.

Her Majesty, the Queen, has presented to the people of Canada the dress worn by her at the Coronation festivities and also that worn by her on Their Majesties' drive through London on the day after the Coronation and on the State entry into Delhi on December 7, 1911. These dresses are for the Royal Ontario Museum.

Captain H. A. Wilson, of Montreal, established an eastern Canadian air record on Saturday, when in company with Major L. S. Breadner, D. S. C., Inspector of the Certificate Branch of the Canadian Air Board, he piloted a hydroplane from Quebec via River Du Loop and Fredericton, to Halifax, and covered the last leg of the journey in two hours and twenty minutes. As hydroplanes usually take from two and a half to three hours to cover this leg of the Trans-Canada air route, the time made by Captain Wilson is considered a record. Captain Wilson passed over Wolfville en route and was seen by quite a number of the citizens.

**GRAND PRE AND HORTONVILLE.**

Mrs. R. W. Woodman and Miss Edith Hardacker were in Canning on Tuesday, the 19th, attending the Convention as delegates from the W. M. S. and Mission Circle. Others who attended the Convention were Mrs. Bishop, Mrs. Johnson, and Miss Edith Trenholm from Grand Pre, also Mrs. A. H. Patterson and Miss Annie Patterson from Hortonville.

Mrs. O. T. McNeil and little son Archie spent Thursday of last week in Grand Pre, guest of her parents, Mr. and Mrs. S. W. Rodgerson.

Mrs. A. Bishop has returned home after spending a few days in Canning visiting friends.

Mr. Wm. B. Morine, of Bear River, spent last week in Grand Pre, guest of his father-in-law, Mr. John Hardacker.

The W. M. S. took charge of the weekly Prayer Meeting, Oct. 20th, Rev. G. W. Whitman being absent.

Miss Pearl Sawler, Primary teacher here, spent the week end at her home in Somerset.

Miss Annie M. Stuart has returned home after an absence of a few days.

**PAPER PRICES**

A number of Canadian newspapers, some of them of long standing, have ceased, or are about to cease, publication, owing to the high price of paper. Yet Canada is one of the great paper-producing areas of the whole world with pulp for papermaking for many years to come. There are not, however, sufficient mills to meet the demand or sufficient pulp grinders to supply the raw material. At this moment newspapers are looking everywhere in the whole world for relief from the crushing price of the paper upon which they have to print, but the problem is less one of finding the trees from which is procured a suitable pulp than of providing machinery and transport. There will probably be no reduction in paper prices for two years to come, possibly for a much longer period ahead. Natural and certain consequences will be the death of a large number of journals and further increases in price upon those which remain.—Westminster Gazette.

**Rich, Red Blood  
The Greatest Need**

**Nearly All Ills Are Due to Poor, Watery Blood—How to Improve its Condition**

To be in a healthy condition the human body requires a constant supply of rich blood. Nearly all the ill from which people suffer arise from one cause—poverty of the blood. If the blood is rich and red it absorbs nourishment from the food which passes into the stomach and distributes that nourishment to the brain, nerves, muscles and all the organs of the body. When the blood is weak and poor in quality it cannot do its natural work of feeding the brain and body, and the result is weakness and disease.

Headaches and backaches, loss of appetite, poor digestion, nervousness, pimples and unsightly blotches on the skin, all indicate that the blood has become impure—that it is not doing its appointed work. If this condition is not remedied it will grow worse and worse, and a complete breakdown will eventually occur. To bring about a healthy condition of the blood no medicine can equal Dr. Williams' Pink Pills. Their one mission is to make new, rich blood, which reaches every part of the body bringing with it new health and increased vitality. Thousands have testified to the benefit they have found in the use of Dr. Williams' Pink Pills when run down in health. Among these is Mrs. Bertha Kendall, Darling avenue, Toronto, who says—"In the summer of 1918 I was in poor health. My appetite was variable, and I was weak and unfit for work, and I suffered a great deal from nervous headache and palpitation of the heart. A lady friend recommended Dr. Williams' Pink Pills which I used with splendid results, as by the time I had taken six boxes I felt like a new woman. I think Dr. Williams' Pink Pills are worth their weight in gold to every nervous, sick woman, as they cure quickly and save big doctor bills."

Dr. Williams' Pink Pills may be had from any dealer in medicine, or by mail at 50c a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

**HE BORROWED HIS NEIGHBOR'S PAPER**

A woman who was too economical to subscribe for her home paper, sent her little boy to borrow the copy taken by her neighbor. In his haste the boy ran over a four dollar stand of bees and in ten minutes looked like a warty summer squarb. His cries reached his father who ran to his aid, failing to notice a barb wire fence, ran into it, breaking it down, cutting a handful of flesh from his anatomy and ruining a ten dollar pair of pants. The old cow took advantage of the gap in the fence and got into the corn field and killed herself eating corn.

Hearing the racket the mother ran, upset a gallon churn of rich cream into a basket of kittens, drowning the whole litter. In her hurry she dropped and broke past all hope of mending, a twenty-five dollar set of false teeth. The baby left alone, crawled through the spilled cream and into the parlor, ruining a forty dollar carpet. During the excitement the eldest daughter ran away with the hired man, the dog broke up eleven setting hens, and the calf got out, and chewed the tails off of four fine shirts.

And all to save two dollars.

Moral.—Subscribe for THE ACADIAN and protect yourself from such calamities.

"Yes," said the junk man, who has just gathered in the salient features of three cars that had gone about of each other. "I surely have a bumper crop."

**A NOBLE TRIBUTE**

It has remained for Great Britain to pay what may well be the finest tribute to the memory of the men in the ranks who fell in the Great War. It is proposed to place the body of an unidentified British soldier alongside those of kings, statesmen, illustrious poets and warriors in their final resting-place in Westminster Abbey. The approval of King George and the Archbishop of Canterbury, according to report, has been obtained and the selection of a nameless hero and the burial site are being made. The grave will be indicated by the inscription:

"Here lies an unknown soldier who fell in the war of 1914-1918."

Simultaneously with the burial on November 11th, at the celebration of the Armistice anniversary, King George will unveil the Cenotaph Memorial to Britons who fell in the war which has been erected in Whitehall. The unveiling will take place shortly before the firing of cannon at eleven o'clock, when the Armistice began two years ago. Silence will be observed for two minutes throughout the British Isles.

The beautiful Cenotaph in Whitehall will, of course, be an ever-speaking memorial to the heroic dead, but the giving of an honored place in Westminster Abbey to the body of an unknown soldier of the ranks has a deeper and richer significance. Westminster Abbey is the shrine of the English-speaking world, and nothing could be more fitting than that it should so perpetuate the memory of that gallant host of men who gave their lives for freedom. Perchance this nameless hero may have been a Canadian, or an Australian, but what ever his origin, he fought the good fight as a soldier of freedom, and at his tomb, future generations of our race in their pilgrimages to that historic pile in Westminster will do homage to the memory of our glorious dead.

**CANADIAN BORN**

We first saw light in Canada, the land beloved of God;  
We are the pulse of Canada, its arrow and its blood.  
And, we the men of Canada, can free the world and brag  
That we were born in Canada beneath the British flag.

Few of us have the blood of kings, few are of courtly birth,  
But few are rogues or rogues of doubtful name and worth;  
And all have one credential that entitles us to brag—  
That we were born in Canada beneath the British flag.

We've yet to make our money, we have yet to make our fame,  
But we have gold and glory in our clean colonial name.  
And every man's a millionaire if only he can brag  
That he was born in Canada beneath the British flag.

No title and no coronet is half so proudly worn  
As that which we inherited as men Canadian-born;  
We count no man so noble as the one who makes the brag  
That he was born in Canada beneath the British flag.

—Pauline Johnson.

The average American farmer clears only \$9.61 a week, says a Department of Agriculture expert. He adds that the proportion of Americans engaged in agriculture dropped from 87.1 per cent. in 1830 to 32.9 per cent. in 1910, and might go to 30 per cent. in 1920.
