A special to the St. John Sun dated

Ottawa, September 2 says:-payment of fishing bounties in two important particulars. A new section provides that the three months during which a vessel must have been engaged in fishing on the day the vessel sails from port on her fishing voyage and end the day she returns to port from said voyage. Another stipulates that from and after the 1st January, 1895, all vessels fishing under the bounty license are required to carry a distinguishing flag which must be shown at all times during the fishing voyage at have been destroyed. the main topmast head. The flag must be four feet square in equal parts of red and white, joined diagonally from corner to corner. Any case of neglect to carry out this regulation reported to the depart ment of marine and fisheries will entail the loss of the bounty unless satisfactory reasons are given for its noncompliance.'

matter the St. John Record says :-

the fatal Primrose yachting disaster a cordial address of welcome, in which he returned a verdict of accidental drown- pointed out the benefits derived from such will be made a special rule in all future races in this harbor. Yacht racing while noble forms of sport is perhaps the most Though an accident is only prevented by skill and a certain good luck, that follows yachtsmen equally with sailors, yet no provision is made for safety, no law is remarkably silent and allows things to be done that are a direct men-

the mills all at work and no one seemed inclined to take advantage of the new statutory holiday, excepting the overworked officials in banks and public offices.

In St. John, Montreal and other cities the day was celebrated by sports and trades processions, and yesterday's papers in many places were filled with accounts of the day's doings.

The day's doings.

A pond near the city and stood in the water out their neldren and held their children, while others threw water over them to keep them from burning. Hundreds of them went nearly wild with fear, and rush ed around the streets like so many wild animals. Many of them were not able to get to any place where they would not be caught by the flames, and being overcome by the heat and smoke they fell by the roadside and were either smothered or burned to death. There are a great many who went out toward the timber and who will probably never be found, as the fire

who went out toward the timber and who will probably never be found, as the fire lasted so long that it would entirely consume their bodies. A great many ame from Hinckley to Sands:one for safety. There was at least 100 bodies found in the water at Hinckley. The people had gone there for protection, had been overcome by the heat end deserved? About six o'clock last night the fire

About six o'clock last night the fire, driven by a southwest gale, reached the southern end of Baronette, and in a few minutes there was only a pile of glowing embers and one dwelling to mark the site of a town of 700 people, who had fled to safety with only their clothes. The mill and 10,000,000 feet of lumber were destroyed. Loss \$250,000; insurance unknown. ASHLAND, WIS., Sept. 3.—Nothing yet definitely known as to the loss of life by the forest fires in Northern Wisconsin.

MINNEAPOLIS, MINN., Sept. 3.—A private despatch received this noon from Pine City says the number of victims in and near that place from forest fires will reach at least 425.

Restigouche County.

TUBERCULOSIS AT NAPPAN.

—Local items of news gladly received at the Advocate Office.
—The house owned and occupied by Mrs. Dalton, formally the Matheson house, has been greatly improved of late. A new pavillion roof has been put on it and the whole finished and painted.

Scientists tell us that the test is infallible.

AN HOTEL MAN'S STORY.

TORONTO, RELATES AN INTERESTING EXPERIENCE.

Suffered Intensely From Rheumatism-Six Doctors and Mineral Springs Failed to Help Him-How He Found a Cure-His Wife Also Restored to Health - Advice to Others.

From the Toronto World. One of the most po pular efficers at the visited the World office. It seems natural to talk Dr. Williams Pink Pills to any one hailing from the home of that world-famous medicine, and incidentally the conversation with Mr. Betts turned in that direction, when he told the World that he had that day met an old friend whose in England; The General's Bluff; Early Summer in Japan; Within; The Golden House; The Tug of War; The Royal Marine; Some Records of the Ice Age about New York; A New England Prophet; Where Time Has Slumberel; The Origin of a Great and finest hosteries, the Grand Union

> his case for publication. Mr. Soby freely one after the other, tried to cure me, but did no good. The rheumatism seemed to be getting worse. As I had tried algest, I thought I would try a little prestribing on my own secount and pur-chased a supply of Pink Pills. The good flects were soon perceptible, and I procured a second supply, and before these were gone I was cured of a malady six in me she tried them. The marvelous improvement was just as marked in her case as in my own, and she says that her

ers call and see me and they will be controubles arising from a vitiated condition of the blood or a shattered nervous sys-tem. Sold by all dealers or by mail at 50 cents a box, or six boxes for \$2.50.

There are numerous imitations and sub-

KNOWLEDGE Brings comfort and improvement and rightly used. The many, who live bet-ter than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly ative; effectually cleansing the system, dispelling colds, headaches and fevers gists in 75c. bottles, but it is factured by the California Fig. Co. only, whose name is printed on eve
