

HAD ENOUGH OF THAT JOB.

Dog Catchers Quit, But Others Have Taken Places.

Good Progress Now Being Made on Barton Street.

Monthly Statement From the Treasurer's Office.

People who read about the dog catchers being bitten yesterday and allowed their dogs out this morning, taking it for granted that the enforcement of the new regulation would be dropped for the time being, were badly fooled. The city was prepared for such an emergency, and new dog catchers were at work today. Jimmie Lindsay and his assistant, Shea, who had charge of the work, after their unpleasant experience yesterday afternoon with two dogs, which tried to catch them, decided that the dog catching business was too strenuous for them and placed their resignations in the hands of Secretary Barr this morning. Shea was badly bitten. Some alarm is felt, in view of the report of the Dominion analyst on two heads sent to Ottawa in any of three weeks ago. These dogs were declared to be suffering from rabies. It is likely that the dog which bit Shea will be killed and the head sent away for examination. One of the dogs captured the other day was so vicious that it had to be killed as soon as it was taken to the pound. The city officials say that the police will shortly be instructed to summon people who allow their dogs to run at large.

City Engineer MacCallum announced this morning that it was not likely that any changes would be made in any of the departments under his control until the fall. This is the busiest time of the year, and he does not think it is advisable to make changes when the departments are buried in work.

A paragraph in a Toronto paper this morning conveys the impression that the Ontario Municipal Board has already decided on the order that is to be passed in connection with the proposed annexation of the Barton township territory. This is a draft order submitted by City Solicitor Waddell, attached to which are the proposed Victoria Avenue School, ten rooms to be built at once and the other ten as soon as the school is torn down, will be the principal business the Board of Education will deal with tonight. The committee has also recommended that the Playgrounds Association be permitted to use the Hess Street School grounds during vacation time to test the scheme of supervised playgrounds.

Although the strike of Italians on the street railway construction threw the work behind a week, rapid progress is (Continued on Page 10.)

MEDAL AND SCHOLARSHIP

Come to Hamilton Students at Toronto University.

Toronto University yesterday handed out the list of medals and scholarship winners; also the names of those securing degrees and the general results in the faculty of education. It is announced that the second year results in arts will be announced to-morrow, and probably the first year also.

Hamilton students have won a very creditable proportion of the honors. In the faculty of arts, Mr. R. Young wins the Royal Astronomical Society of Canada's gold medal.

Miss Mabel C. Jamieson is the winner of the Kirschmann scholarship in philosophy.

Miss V. B. Thomson carries off the Bishop Strachan scholarship in classics.

Miss M. L. Newton receives the degree of master of arts.

Mr. E. H. Freeman is awarded the degree of LL. B.

In the faculty of education the following Hamilton students have passed the general course: N. M. Duncan, M. C. Fleck, G. H. MacHaffie.

Miss M. L. Newton passed the second year, advanced course, and also the specialists' course in moderns and history.

M. C. Fleck took honors in the general course.

In the list published yesterday two Hamilton names were overlooked: Miss M. C. Jamieson secured first class honors in philosophy, third year, ranking third, and Mr. D. A. Warren was successful in all subjects.

IN RELIGION.

Reception Service at St. Joseph's Convent This Morning.

A solemn reception, marking the entry of four young ladies into the religious life, was held in the chapel of St. Joseph's Convent, Park street north, this morning. The chapel was filled with the relatives and friends of the young ladies. Mass was celebrated by Rev. Father Weidner, of Hespler, and His Lordship the Bishop officiated. The convent choir sang sweet and appropriate music. Those who took the vows were: Miss Agnes Cairns, of Stratford, in religion sister Mary Andrea. Miss Teresa Hughes, of Toronto, in religion sister Mary Emerentia. Miss Rose Runstetter, of Hespler, in religion sister Mary Emmanuela. Miss Margaret O'Brien, city, in religion sister Mary Carmela.

DR. PRINGLE ON MORALS IN YUKON

The Report of Moral Reform Department Diametrically Opposed to His Statements

At the General Assembly this morning, before resuming the discussion of social and moral reform, the moderator took occasion to read a letter to himself from the Jewish people of the city of Hamilton, expressing their good wishes and congratulations. This kind expression of good feeling was well received by the Assembly.

Dr. Bryce, of Winnipeg, read a reference to the James Robertson memorial recommending the raising of a fund of not less than \$20,000, to be applied to the cause of missions.

Recommendations of the committee on social and moral reform were then presented.

A question was asked of the convenor by the secretary, Rev. W. M. Rochester, as to the social and reform council. A tilt took place in which the moderator and Dr. Patrick and Mr. Rochester were the chief actors.

On Mr. Rochester saying that his questions were for information, he was allowed to proceed.

DR. PRINGLE SPOKE.

The chief feature of the forenoon was the speech of Dr. John Pringle, who described himself as a kind of notorious storm centre. He spoke calmly and said: I came to this Assembly expecting that, if no reference appeared in the report to the evils which are inherent in our political life, I would bring up the subject. These evils exist unless all men are liars, and all the newspapers do not mean what they print. I want to say that I was called down by a Presbyterian minister of high standing. He stated that the Liberal party had given too many sites for churches and manes, and other favors to get up an agitation against it. There is also a libel suit pending which has troubled me very much. If it comes to a fight I shall throw up everything and go to Dawson to meet it. Last Assembly I was not a commissioner, and could not defend myself. The resolution passed a year ago stating that conditions had greatly improved in the Yukon had left me naked to my enemies. What are the facts? One month after that report was given, there was one dissolute woman in that territory for every 30 of its population. And Major Wood, the commissioner, gave the testimony himself.

I am going now to make a bull's-eye. My text is found in a Royal Commissioner's report signed by Walter Pringle Gibson Cassels, known as the investigation into the Department of Marine and Fisheries. It is this: "There seems to be not only a lack of efficiency, but also of conscience. There are several

Government officials who seem to be serving new masters, and succeeding with both." Now, who are going to awaken this sleeping conscience? Will the politicians? Not much.

He then went over the political camps of the Dominion, opening very unsavory nooks and corners. One is a specimen. The Government gave nine miles of a valley in the Yukon from mountain to mountain to Joe Boyle. "I was asked to take the stump before the last election. I could have made more money in four addresses in one constituency than I make in my pulpit in a year, but I would not, am not a politician, and wished to be absolutely free to serve the people of Canada with a clear conscience."

Dr. Pringle's speech was listened to in silence, and no one made reply.

The moderator ruled that the amendment was not pertinent, but suggested that it be submitted as an addition. Dr. Scott, of Montreal, seconded it, and it was carried. The amendment referred to appears in the report of yesterday's proceedings.

As opposed to the views expressed by Dr. Pringle, following extracts from the report submitted by Rev. Dr. J. G. Shearer, last night, is significant:

"To the statement made under 'Sabbath Observance,' in the main report, that 'The Lord's Day Act is now not only in force, but enforced in the Yukon,' must be added a statement based upon letters of date 24th April that the Criminal Code in its bearing upon prostitution, is being rigidly enforced. Major Wood, the Commissioner in command of the Royal Northwest Mounted Police for Yukon Territory, states that the attitude of the Police toward the enforcement of the laws against it is that 'We will prosecute on every occasion when we can secure evidence to warrant a reasonable expectation of securing a conviction.' He states also that certain remarks, widely published, made by Mr. J. M. Dugas, in August last, expressing approval of the policy of 'toleration,' must be understood as expressing the Judge's own opinion, and that they do not represent the attitude of the police, which is one of uniform and rigid enforcement of the law wherever it is possible to secure convicting evidence. He further states that 'There are no women known to be such in Dawson,' and that 'certain women under suspicion, residing on the creeks and in Klondike City, are closely watched, and the citizens are kept advised of the law wherever it is possible to secure convicting evidence. He further appointed Immigration Agents under the Immigration Act, for the purpose of preventing undesirable from entering the Territory," and he adds, "I have no hesitation in saying that these appointments have been most beneficial."

Go up and see the Art School exhibit, and then say whether the school should be closed or not. I bet you will say no, and say it out quite loud.

In bidding the Assembly good-bye, it is pleasant to think that the members appear to have thoroughly enjoyed their stay in Hamilton, and the citizens in general have found it a pleasure to do what they could to make things agreeable for them.

Judging by its Police Court reports, Toronto is ripe for another revival.

We have had enough of Hydro-Electric; let us talk about something else.

FR. DONOVAN

Sang His First Mass in His Mother Church.

Rev. Father Cornelius Donovan, who was ordained to the priesthood in Chicago last Saturday, sang his first mass in his mother church, St. Patrick's, of this city, at 9:30 this morning, in the presence of a goodly gathering of his old friends, and friends of his late father. There were also present a number of his old St. Michael's College fellow students and friends, and a large number of priests from many parts of the diocese.

Rev. Father P. J. Donovan, of Dunnville, an elder brother, was deacon; Rev. Father Carl, C. S. V., of St. Michael's, sub-deacon; Rev. Mr. Hall, of St. Michael's, Master of Ceremonies, and Rev. Mr. Murphy, of St. Michael's, thurifer.

Rev. Father Coty, the rector, preached, delivering a beautiful and impressive sermon on the dignity of the priesthood. He congratulated Mrs. Donovan, who was present, upon being the mother of two sons in the priesthood, and also made reference to the late Mr. Cornelius Donovan, former Separate School Inspector. The choir, under the leadership of Mr. J. F. Morrissey, sang the mass.

At the conclusion Rev. Father Donovan gave his blessing to the congregation.

A Renewal. Your old hat can be made to look like new with an application of Oriental Straw Hat Dye, a waterproof color that won't rub off—25c. per bottle. Oriental Straw Hat Cleaner cleans the dirt and tan off white straws—15c. per bottle.—Parke & Parke.

A Good Pipe to Smoke. A briar pipe with a meerschaum lining in the bowl makes a cool, dry pipe to smoke. They are sold in this city for 25 cents at peace's pipe store, 107 King street east.

CLOTHING STOLEN. Welland, Ont., June 10.—Porter's clothing store here was the scene of a burglary last night, fifteen suits and a quantity of other goods being taken.

No Autos

Rome, Ga., June 10.—The little town of Seney, near here, has declared war on automobiles. At a meeting of the town council recently, after a spirited discussion, an ordinance was adopted prohibiting the use of automobiles within the city limits, and the town marshal was authorized to arrest any one passing through Seney with such "engines of destruction." This is said to be the first town on record to declare against the automobile in toto.

THE MAN IN OVERALLS

These are the dog days. Liberal meeting to-night. Come up. Milk for babes—pure milk.

And I thought the city had promised to do no more quarrelling on the mountain.

This is get-away-day at the Assembly. The next order will be to keep your cat on the chain.

How many millions did you say this Hydro-Electric scheme is to cost?

Well, this is fine working weather anyway.

Lansdowne Park will not always be on the market, and it will never be cheaper than it is now.

Have any of you seen the color of the York Loan money yet? I haven't.

My hospital suggestion last evening met with more than one approval. General and Convalescent Hospital on the mountain top and emergency hospital at present hospital. Any objections?

Lady Aberdeen should not be allowed to leave Hamilton when she comes out some recognition by the city authorities for the great benefit she has conferred upon the poor of the city by the institution of that admirable organization, the Victorian Order of Nurses.

Perhaps the neglect to give Mr. Greenwood due credit for his chapter, may have been just one of Mark Twain's jokes.

Go up and see the Art School exhibit, and then say whether the school should be closed or not. I bet you will say no, and say it out quite loud.

CRIMINAL CASES BEFORE THE JUDGE.

Birmingham and Austin Get Nine Months—Stabbing Case Also Tried.

John Birmingham and Erle Austin, charged with housebreaking and theft, came up for trial at the General Sessions of the Peace this morning. His Honor Judge Snider asked the prisoners if they had any one to defend them and they replied that they had no money and didn't expect anyone to do it for nothing. They had no witnesses to bring to their help.

Mrs. Johnson was the first witness called. She swore that she lived just across the road from the Gleason home where the robbery occurred, in West Flamboro. On the morning of May 20 last, Birmingham called at her house for something to eat. Later Mrs. Gleason came over to give the alarm. She went over and recognized Birmingham.

Mrs. Alice Gleason said that on the morning of the robbery she left the house locked. She was away about 20 minutes, on her return saw Austin in one of the bedrooms. The screen on the window had been taken off and the window raised. Austin had Mr. Gleason's pipe in his hand which he dropped on the floor, he also had some sweaters in his hand and had eaten some of her pie. Upon seeing Mrs. Gleason prisoner asked for something to eat. She ran out to give the alarm and Austin went out of the window and Birmingham ran out of the front door. Both attempted to escape. When she went into the house she discovered that her husband's and son's watches were missing. After the prisoners had been apprehended they began to blame each other for breaking into the house.

Mr. Gleason swore he was not at home when the offence was committed, but returned before the prisoners were brought back. He asked the prisoners for his watch, and Birmingham handed out the nickel one, but not the gold one belonging to himself, which he hasn't yet recovered.

Mr. David Simpson swore that he pursued the prisoner Birmingham and brought him back, whereupon he gave up the nickel watch to Mr. Gleason.

William Bolton, county constable, swore that he arrested the men on the morning in question. Neither of the men would say anything, so he took them to the Gleason house, and ordered them to give up what they had stolen. Austin had nothing, and Birmingham handed out the watch belonging to Mr. Gleason's son, but nothing was said about the gold one.

Birmingham was put in the witness box, and said he and Austin were on

the track going to Toronto. He had money in his pocket, but there was no place to buy a meal. They went up to the Gleason house, but seeing no one in they turned back. Just then a lady came to the house, and seeing the window open started to scream. They told her they hadn't been in the house, nor had they stolen anything. As the woman continued to scream they thought it was time to go, but were soon apprehended and brought back.

Austin was then called upon to give his side of the case. He said he came from Canton, Ohio; met Birmingham in Buffalo, and came here with him in search of work. Birmingham, he said, had been offered work in Hamilton, but wouldn't accept it, so both started out for Toronto. He denied being in the Gleason house at all.

Crown Attorney Washington asked him if he had ever been in a reformatory in Canton for stealing. He replied that he had spent about 18 months there, his parents having put him in for not staying at home.

After being out a short time the jury returned a verdict of guilty.

His Honor, in passing sentence, said he did not intend to give them a long term, as they had never before been guilty of an offence in Canada. It was his intention to have them deported after they had served their term in prison. He then sentenced them to nine months each, with hard labor, in the Central Prison, and warned them not to return to Canada after being deported.

THE STABBING CASE.

Thos. Simpson, charged with stabbing Roseo Wallace, with intent to do grievous bodily harm, was next on the list. Dr. Wickens was the first witness, and said he was called to Wallace's rooms on April 18 to attend the wounded man. He did not consider the wound dangerous, although it was in the breast. Had the knife pierced a little lower it would have entered the heart. After he was satisfied that the patient's condition was not serious he telephoned for the ambulance and had him removed to the hospital.

Wallace swore he was a brother-in-law of the prisoner. Mrs. Simpson with her two children came to him on the night of April 17 and said prisoner would not let them in. They stayed with him all night. About 9 o'clock Sunday morning the prisoner came to his rooms and asked if his wife was there. Witness said "No." Prisoner's wife had hidden in another room, fearing to meet her husband, and asked witness to say she was not there. Prisoner then went away, but came back later and found his wife in the room. Simpson then (Continued on Page 10.)

IS ACCUSED OF THEFT.

Insurance Collector Arrested at Instance of Company.

A Bunch of Toronto Boozers in Police Court.

Robert Horcus Had Forgotten His Name When Called.

John Stout, 33 Simcoe street west, was arrested last night by Detective Coulter and Constables Gibbs and Aikin on a warrant sworn out by the Union Life Assurance Company, charging him with theft. Stout has been in the employ of the complainant for three months and during that time nothing occurred that would lead them to think that he was anything but honest. He was employed as a collector. A few days ago, the company claims to have discovered that he did not turn in certain moneys which he had collected from policyholders. The amount is not large, somewhere between \$11 and \$30. Stout appeared before Magistrate Jelfs at the Police Court this morning, but the case was remanded for a week, at the request of Acting Crown Attorney F. R. Martin, who was not prepared to go on with the case till the company had gone over its books and was able to say what was due to what amount the discrepancies existed. T. H. Cramer appeared for the defendant and asked that bail be set as low as possible. "Four hundred dollars is the smallest I can give," said the Magistrate.

Robert Horcus, a vacuous-faced individual with no address, was charged by P. C. Elliott with absence of grey matter. When the Sergeant called out his name the prisoner had apparently forgotten that it had any connection with him, as he sat in the dock, serenely unconscious of the proceedings, and had to be told to stand up before he paid any attention.

P. C. Elliott said that he was walking around on James, near Burlington street, last night, talking to himself and behaving in a generally peculiar manner. He told the constable that he had just got out of jail in London.

"What is wrong with you?" asked the Magistrate, turning to the prisoner.

"Nothing, do you think there is anything wrong with me?" enquired Horcus, with a pitying aspect.

The Magistrate replied that he did not know, but thought there was generally something wrong with the people who were brought to jail. Horcus further said that he was a sailor by profession, and to an enquiry of the bench said that as he was not feeling well he imbibed a glass of Scotch and a thimble full of sweet ale last night. The Magistrate did not think that was the responsible cause of his condition, and remanded him to the jail until Monday. He will be examined in the interim by medical men as to his sanity.

William Smith, a Toronto importation, took too many powerful stimulants last night, but worse than that, did not treat the preservers of the peace with proper respect, being so far as to call Sergt. Walsh a very suggestive name. It was not to be tolerated, and William was promptly locked up. He was quite willing to admit that he had imbibed overmuch, but was doubtful about the charge of acting disorderly. The Magistrate fined him \$5, just to teach him respect for the blue-coated fraternity.

William Moffett and William J. Cummings, also from the Queen city, were charged with a similar offence. They also had a convenient memory and recollected nothing about the disorderly portion of the charge. P. C. Clark said they were on King street in front of the post-office last night, pulling one another around. Constable May stepped into the room while the case was on, and unfortunately for the prisoners, recognized them as having been in a fight near a hotel, earlier in the evening. They were fined \$5 each.

When P. C. Cheeseman was walking on his beat on King William street last night he noticed a man zig-zagging along the walk and behaving in an improper manner. He promptly arrested him, and learned that his name was Elliott. The prisoner pleaded not guilty, but admitted that his condition was suspicious. He said he suffered from giddiness, and last night he felt quite silly.

"Have you been drinking anything?" queried the bench.

"No, sir, I dare not."

"Where do you live?"

"At the Bethel Mission."

The Magistrate then instructed one of the prisoners to go there and get the proprietor, who upon his arrival corroborated the prisoner, and said that he had been taken with these dizzy spells while in his place.

"You can go," said the Magistrate.

W. Mehan was summoned for not paying Thomas Launder's \$7.25 wages, but the case could not go on as 31 days had elapsed since the work was done. Rather than take the case to the division court the complainant accepted \$4.

Thomas Drake, 49 Earl street, had to pay \$5 for riding his bicycle on the sidewalk.

William Proctor was fined \$2 for being a vagrant. He promised to get right out of town and was treated with leniency.

John Godfrey, Rockwood Park, was arrested by P. C. Cannon, senior, on a charge of non-support. The case was remanded until to-morrow. The defendant is employed as a carrier on Central market.

MADE CHANGE.

Ald. Anderson Joins the Humane Horse Collar Co.

After being with the Brown-Boggs Co. for fifteen years, Ald. William Anderson has resigned to accept a position with the Humane Horse Collar Co., one of Hamilton's new industries. Mr. Anderson will have charge of the mechanical work. He left the Brown-Boggs Co. with the best wishes of the firm and employees, the latter presenting him with a beautiful gold-headed umbrella, as a token of esteem. The presentation was made by Herbert Rothwell, who impressed on Mr. Anderson the respect in which he was held by all his shopmates. Ald. Anderson replied feebly.

PLAYGROUNDS.

Ladies Will Report on Apparatus Needed To-morrow.

Yesterday afternoon the Ladies' Committee of the Playgrounds' Association visited Hess Street School grounds for the purpose of being able to come to an idea of what apparatus would be required, upon which they will report to a meeting of the executive, to be held to-morrow afternoon, at 4:30 in the Board of Trade rooms.

The Association is meeting with a good deal of encouragement, and a number of subscriptions have been sent to the treasurer, Mr. R. K. Hope. The association will gladly accept any financial assistance.

—Mr. Wm. Glashan will leave for England this evening.

GRANTS MADE BY COUNCIL.

Some Discussion About How the Grant to Soldiers is Used.

Wentworth County fathers considered grants at their meeting yesterday afternoon and made the following: Dundas High School, \$400.00. Waterdown High School, \$400.00. South Wentworth Farmers' Institute, \$25.00. North Wentworth Farmers' Institute, \$25.00. St. Peter's Home, Barton, \$300.00. House of Providence, Dundas, \$400.00. North Wentworth Woman's Institute, \$25.00. South Wentworth Woman's Institute, \$25.00. Ontario Municipal Association, \$10. Hamilton Poultry Association, \$25.00. County horses attending camp in the Hamilton Field Battery, 25c per day. Salvation Army Rescue Home, \$50.00. Children's Sick Home, Toronto, \$10.00.

A warm argument arose over the usual grant of \$200 for the 77th Regiment of Wentworth. The idea got into some of the councillors' heads that the officers squandered the money in drink and having a good time generally. Councillor Lawson, denied this and said the officers had to keep up the band and had other expenses of the regiment. Sometimes they found it necessary to go down into their own pockets to defray expenses as the grant was not adequate. A motion was brought for a grant of \$150, but Mr. Lawson thinking it would be defeated asked that it be laid over until to-day when more information could be obtained.

There was some fun over the \$10 grant to the Ontario Municipal Association. A motion was made to send the warden and clerk down as delegates. This was declared defeated by Councillor Lawson, who explained that the \$10 was the annual membership fee for the county and not to pay expenses of delegates. After being declared lost the motion was carried.

With respect to the grant for the erection of a monument on the battle ground at Stony Creek, the council decided to lay the question over until it could learn what the Government is going to do or until preparations were well under way for the erection of the monument.

The council adjourned at 1:45. County Council this morning gave a grant of \$500 to the town of Dundas for the building of the Sydenham road to King street.

A grant of \$200 for the improvement of the Waterdown road, also \$200 to the support of the 77th Regiment while at Niagara.

The engagement is announced of Miss Ida Merner, youngest daughter of Mr. and Mrs. John Merner, of Toronto, to Mr. Carl F. Hopkins, of Toronto, eldest son of Mr. and Mrs. Wm. V. Hopkins, of Burlington.

YORK LOAN.

Dividend of 25 Per Cent. Payable Next November.

This morning S. D. Biggar, K.C., received a letter in regard to the York County Loan & Savings Co. liquidation, from Scott, Scott & MacGregor, solicitors for the company, stating that the official referee had authorized the payment of a dividend of twenty-five per cent. to the shareholders of the company and the liquidators' staff is engaged in the adjustment of claims. There are one hundred and twenty thousand shareholders in the company whose claims have to be audited and adjusted before the dividend can be paid and that, of course, will involve an immense amount of labor, so that it will probably be next November before the dividend can be paid. It is probable that there will be subsequent dividends of about 25 per cent.

Tempting Things. Canteloupes, grape fruit, new carrots, new beets, new potatoes, butter beans, Boston head lettuce, mushrooms, spy apples, cucumbers, navel oranges, bananas, Bermuda onions, six pounds for twenty-five cents, new cabbage, Grimby tomatoes, choice comb honey, cooked meats. Daily Beach service.—Bain & Adams, 80, 91 King street east.

FEVER AT CAMP.

Kingston, Ont., June 10.—A case of typhoid fever has developed at Petewawa camp. The disease could not have been contracted at the camp, however, the man having arrived there only a few days ago.
