Good WORK -D W Smith, Esq., residing at Fredericton Junction, ploughed five and a half acres with one team (and well done at that) in one day and a half. Who can beat it?

The International Sunday School Conven tion held its annual meeting at Atlanta Georgia, on 17th, 18th, 19th, April last. The delegates were over 500 in number, and re presented 37 states and provinces. The proceedings throughout were most interesting and profitable, and had relation chiefly to the reporting, defining, furnishing and promoting Sunday School work. The Committee of lessons, appointed in 1872, to arrange for a series of lessons for seven years gave in their final report which was agreed to. A great impulse was given to Sabbath School work in the South, by means of the labors of the Convention. The talent, eloquence, members and christian character of this vast assembly has eldom been equalled, and we have no doubt the results of their deliberations will be most favourable in the directions of so great a work as the moral training of our American young.
