THE *Examiner* announced last week that English sparrows had arrived here in large numbers and that people are wondering where they came from. The *Examiner* reporter must have been looking at the wild geese through the other end of a telescope. He should try an "eye-tester."

BOTH the *Northern Light* and *Neptune* are to be employed in the Winter Service between this Island and the Mainland; they will run from Charlottetown to Pictou as long as possible. The *Neptune* made her first trip on Monday, and the Island steamers went into winter quarters yesterday.

A FEW weeks ago one of our citizens was sentenced to two months' imprisonment for violation of the Scott Act, and after some trouble, was arrested and placed in durance vile. He made application to the Supreme Court and last Saturday the Chief Justice ordered his discharge on account of an informality in the warrant of commitment.

OUR citizens have generously responded to the Stipendiary Magistrate's proposition to furnish a number of the most deserving poor with a Christmas dinner. A PUBLIC MEETING was held at Bay Fortune on 13th inst., for the purpose of considering the advisability of improving Bay Fortune Harbor. The meeting was addressed by leading men of both political parties, and a committee was appointed to petition the Dominion Government for a sum of money to complete the breakwater commenced some time ago. It was also agreed that the people of Bay Fortune and vicinity should themselves construct fifty yards more breakwater in extension of the portion already built.

DURING the past year 77,221 cases of lobsters were packed on the Island, valued at about $405,410. The number of fish killed amounts to 25,946,256, averaging in size about 7 to a can. The greater portion of these goods was shipped to England. Besides these, some 14,708 cases, put up in Newfoundland, New Brunswick and Nova Scotia were brought here for shipment. On the whole the season has not been satisfactory, and in all probability the packers will soon hold another convention, to consider their course for the future. Compared with last year, the output has been about 1,520 cases more, but the fish have decreased again in size; for whereas in 1885 it took 5½ lobsters to fill a can, during the past year it took 7. In fact ever since 1879, when it took but 3 to a can, the fish have steadily decreased in size, sometimes by three-quarters of a fish to a can per year.—*Review*.

1873. GRIP! 1887.

CANADA'S COMIC JOURNAL.

ANNOUNCEMENT FOR THE COMING YEAR!

GRIP is now so well known as to require very little of either description or praise. It is

The Only Cartoon Paper In Canada,

and it is furnished at about ONE-HALF THE PRICE of similar journals in the United states.

GRIP'S CARTOONS,

in addition to being strictly impartial when they refer to politics, are always on the side of patriotism and morality.

The late improvements are universally admired. The Journal is enlarged to 16 pages, and it is printed upon heavy toned and well-calendered paper. This gives both the engravings and the letter-press a beautiful appearance. And, notwithstanding this enlargement and improvement, the price of GRIP is

Only $2 a year: Single Copies, 5 Cents.
(the price it commanded when but a four-paged sheet.)

GRIP'S PLATFORM:

Humor without Vulgarity; Patriotism without Partisanship; Truth without Temper.

☞ Do not be without this favorite Canadian Cartoon Paper. Its price places it within the reach of all.

Address the *Grip Printing and Publishing Company*, 23 and 25 Front Street West, Toronto. New Subscribers, sending $2, will receive the paper the balance of 1886, and to 31st December, 1887.

SPECIAL PREMIUM OFFER.

All subscribers to GRIP, new or old, are entitled to a copy of the magnificent Photograph "CONSERVATIVE LEADERS," or the companion piece, "LIBERAL LEADERS," shortly to be published, on payment of 5 cents for postage.
