ALLEY SUPPLE

\*\*RECORD AND ALLEY STATE AND ALL

The standard of the contract o

1

The entries, we believe, I to number nearly 1000, at the ideor amounted to this amount would have been

but for the minimable veather. Between directors, jadges, dishibors and visitors we estimate that nearly 2000 persons were on the grounds. All that was unning, to show to advantage ithe especities of the surrounding county and the intelligence and enterprise of the settlers, was allittle sunshima. When next the South Riding shows its passa, at whatever place the Directors of the Society may resolve on, we earnestly trust "Old Sol" will deek himself in all his glory. The subjoined prize-int sill, we trust, inspire every non-exhibitor with a spirit of friendly rivalry against the coming year, and cause every farmer of the south Riding to receive the show something better than his neighbors.

FALL SHOW AT DUNGANNON. This show was held on Thursday, 29th Sept. The weather is spite offthe threatening rain, continued fine. The display of articles in all departments was the very best which has ever been made in Duagannon, and the estries were more numerous than on any former occasion. Fruit was well represented and the vegetables were really first-rate. The entries for butter both in number and quality argue well for the excellence of the Dairies of the district. Home made blankets and finand were of very superior texture and finanh were of very superior texture and finish.—
The show of young horses was particularly worthy of remark. We are only sorry our limited space prevents us from further enlarging. By the courtesy of the Secretary, J M Roberts, Eq., we are enabled to publish the official.

Rish the official
