

### Alpaca for Dresses Wears Well.

ALPACA is an ideal summer fabric—because the rich, smooth, lustrous surface, gives the wearer a refined, aristocratic appearance, and the nature of the surface does not allow the dust of the street to adhere, therefore garments made of it, always look bright, clean and new.

The Peruvian animal which produces the wool for this fabric, is noted for its lustrous silky wool, and the long fiber of the wool ensures satisfactory wearing qualities. The alpaca cloth will retain its silky appearance, because it is natural to the wool, and not artificially produced, as you will find is so with some fabrics.

Children's Coats, Dresses, Women's Costumes, Skirts and Blouses made of Alpaca look handsome, and for street wear, one of the most serviceable fabrics you can buy.

We can give you this reliable and good wearing, stylish, Alpaca Cloth in the following prices and colorings:—

- BROWN, all prices from..... 50c. to \$1.00 a yard
- CREAM, all prices from..... 50c. to 90c. a yard
- NAVY BLUE, all prices from..... 40c. to \$1.10 a yard
- DARK GREEN, prices..... 45, 65, 90c. a yard
- BLACK, all prices..... 30c. to \$1.10 a yard

## New Encyclopaedia.

THE 1911 NELSON ENCYCLOPAEDIA is based on the Harmsworth's Encyclopaedia and the Nelson's "Loose-Leaf." The amount of reading matter has been slightly increased. The best has been retained from both the older books, hundreds of new articles have been written and everything has been revised and brought up to date. It will be issued in twenty-five fortnightly shilling volumes in the handy size and neat cloth bindings familiar to all purchasers of the Nelson Popular Libraries. The paper is of excellent quality. Illustrations and diagrams elucidate the text where necessary and numerous full-page pictures add to the interest and value of the work. The Encyclopaedia itself will occupy twenty-three volumes and an English Dictionary and an Atlas as vols. 24 and 25, making the whole set a complete Reference Library for the home.

Vols. 1, 2 and 3 now in stock. Price 25c. per vol.

## "MOLASSINE" MEAL

and "Molassine" Meal Products are Unique, Distinct, and Superior to all others.

These claims are proved by

- (1) The large quantities shipped from England to Trinidad and other West Indian Islands, the home of molasses, where Molassine Meal fetches 4 or 5 times as much money as the ordinary molassed goods.
- (2) The experience of thousands of users. It is well known that ordinary molasses, in consequence of the presence of potash salts, cannot be used as a food for animals in sufficient quantities without evil effects. In Molassine Meal these potash salts have been chemically neutralized, preventing it from being detrimental to the animal organism, giving it antiseptic, digestive, health-giving, worm-destroying properties.

Molassine Meal is much less subject to the ravages of rats and mice than any other feed.
