Knock Down Motor Engines!

4 H. P., \$110.00; 8 H. P., 2 Cylin-
der, \$175.00.

A new idea in Motors.
We have secured the agency for the celebrated
"Knock Down" Motor Engines. Each part of these
engines is made so perfect that it is not necessary to
assemble and test the engine before shipment. You
save the cost of all that work by doing the work your-
self.

All parts of the engine are carefully packed and
shipped just as they come from the automatic machines
at the factory—not even painted—full directions for
assembling, including a picture with number and name
of each part, are sent you. The Company guarantees
that every part will fit perfectly, and that any man
who can read English and use a wrench can set them
up.

Those engines are guaranteed exactly the same as
common engines that have been fitted and tested at
the factory and sold at double the price. Why not
save a month's wages by setting up your own engine?
These engines are 2 cycle. Terms: half cash with
order, balance on arrival.
On rush orders, can wire order and have engine
sent by express.

WATERPROOF ENGINES, Four Cycle.

Here is what you have been looking for, a special
Four Cycle Engine, specially fitted with a waterproof
ignition system, at a price to meet all competitions.

- 1 CYLINDER 2 HORSE POWER \$ 70.00
- 2 CYLINDER 4 HORSE POWER 130.00
- 2 CYLINDER 8 HORSE POWER 190.00
- 3 CYLINDER 6 HORSE POWER 175.00
- 3 CYLINDER 12 HORSE POWER 240.00
- 4 CYLINDER 16 HORSE POWER 295.00

These Engines come set up ready for use.
Everyone knows that a Four Cycle Engine will
produce the same power on much less fuel than any
two Cycle Engine made; it will also be much cleaner.
The only objection to Four Cycle Engines has been
the difficulty of keeping the ignition dry in wet weath-
er; this objection is overcome in our "WATERPROOF"
Engines. A big advantage in having two or more
Cylinders is to reduce vibration and give steady power;
a smooth running Engine will last much longer
than any other.

Write or wire if interested.
Two shipments of Engines now on road, expected
here by June 25th. Wire your order.

ST. Louis Cash Registers!

We have secured the Agency for the St. Louis Cash
Register line. These are not second-hand or rebuilt
machines, but are new Registers, built in a new Fac-
tory, and are sold at about half the price of the com-
mon registers. Now is your chance to get a New
Register right from the Factory at a reasonable price.

Fishermen, now is the time to se-
cure O. Muntad's Jiggers or Pirk
Hooks. They are bright, small and
act as a minnow, attach small swivels
to make it spin. Just try this famous
Norwegian fish killer, any ordinary
lead sinker will suit, but place one
swivel above the sinker and the other
below to keep your line from twist-
ing.
