**BIG GATHERING
CHEERS COLONEL
Roosevelt at a Mighty Mass
Meeting Tells Supporters His
Line of Attack.
FLAILS THE COMMITTEE
Says He Has Won the Nomination
Fairly, and Won't Be Cheated
Out of It.**

Chicago, June 17.—On the eve of the Republican national convention Col. Roosevelt tonight delivered the line of attack which he will make. He laid down two principles. He said that the delegates whose election he contests must not vote in the organization of the convention or upon the settlement of the contest, and he declared that no action of the convention based upon the votes of these "fraudulently seated" delegates would be binding upon the Republican party.

It was at the Roosevelt rally in the Auditorium that the ex-president made his challenge. He was facing a huge throng through which he passed the huge building as tightly as the live marshal would permit. Reaching far to the rear, to the last line of seats, and to the top of the topmost balcony were sold rows of men and women, delegates from every part of the country. Roosevelt leaders and a host of privates in the Roosevelt army. They gave the ex-president a mighty welcome. Col. Roosevelt made a fighting speech. His hearers were in fighting mood. They cheered him on as he denounced his opponents and shouted to him:

"Go at him, Teddy." "Knock out the steam roller." "Hit them again."

Thousands Denied Admittance.
Long before Col. Roosevelt reached the auditorium every seat was taken. Outside the building were thousands who were unable to gain admittance. Two hundred policemen held them back.

Senator Borah made a speech while the crowd was waiting for Col. Roosevelt. His remarks were brought to an untimely end when the people began to their feet with a yell. The colonel had come.

It was nearly four minutes later when the uproarious welcome subsided. The colonel stood on the platform, waved his hands and smiled broadly. The crowd was lively and eager to cheer. Col. Roosevelt was constantly interrupted during his speech with terms of applause. He frequently departed from his prepared speech for an extemporaneous thrust which brought the people to their feet, shouting and waving the flags which were handed to each person on entering the hall.

"I made my fight square and fair in the open and I won," he said.

Flails National Committee.
"I don't intend that my opponents shall cheat me out of it."

The colonel gave a new definition of the national committee. He exclaimed: "Who are they? About fifty people, with the ratio of honesty ranging from about fourteen to twenty and the remaining thirty sure-thing men."

Col. Roosevelt began to call the roll of some of his most prominent opponents. At the first he mentioned, a groan came from the crowd. At the next, another groan came from the crowd. He then decided to mention no more. He said that his chief opponents on the national committee were men who had been repudiated in their own states.

"It is bad enough," he complained, "to have the victory stolen by the

**"For 15 Years
I Had Eczema**

Mr. C. E. Cramer, farmer, Cramersburg, Sask., writes: "For fifteen years I had eczema and for about six years also suffered from itching piles. Seven different doctors were consulted in Canada and the United States, with only temporary relief. The eczema started on the legs and there was almost constant itching and smarting. Sometimes I would have to scratch half the night and get little or no rest or sleep. The very first application of Dr. Chase's Ointment brought relief and after the third application the itching stopped entirely. I now believe the cure to be complete and attribute it to Dr. Chase's Ointment and Nerve Food. The latter was used to enrich the blood, while the Ointment healed up the sores. I am ready to take my oath that this statement is true and correct."

**DEMAND FROM ALL
FOR EDUCATION**

"Many books of many kinds; Many men of many minds." But all sorts and manners of men and many different kinds of minds seem to fix upon The London Advertiser's Dictionary as the most desirable object of attainment.

The parade that is passing in and out of the Dictionary Department is worth watching.

A man said he had just clipped his sixth coupon yesterday, and his wife would send him back for it if he did not take the dictionary home with him. Another man said he has three children attending school now and he finds he needs a modern dictionary to help him to keep up with them.

Since its introduction in London, The London Advertiser dictionary offers has met with such pronounced success that a variety of imitations have sprung up. Of course none of these has the artistic color plan, or any of the other exclusive features that make The London Advertiser's dictionary so attractive.

It takes only six coupons and a small expense bonus to get one of The London Advertiser's dictionaries, as explained under the Dictionary Coupon printed elsewhere in this issue.

**POLICE ARE WORKING
ON MYSTERIOUS DEATH**

**Chief Fysh Reported to Have
a Clue in Ingersoll
Tragedy.**

[Special to The Advertiser.]
Ingersoll, June 18.—Between the mystery in connection with the death of the female infant, whose body was found in the river on Sunday, and the case in which five local men were arrested on gambling charges, Chief Fysh was kept bustling yesterday. The new officer bears the stamp of energy and he has commenced business with a swing that indicates a disposition to "clean up" wherever a clean-up may be necessary.

There were no sensational developments yesterday in connection with the death of the infant. The police claim to have a clue. This they are following. What it is of its value, they refuse to discuss. One thing is certain. They are determined to probe the mystery to the bottom, and no stone will be left unturned in their endeavor to fasten the guilt on the perpetrator of the crime.

B Squadron, Twenty-fourth Grey's Horse, left for Goderich yesterday morning in command of Capt. Datchelor. The squadron consisted of about 60 members, and the horses were a splendid type. Lieut.-Col. T. R. Mayberry is in command of the regiment.

Mrs. Pole and daughters, Emily and Mildred, have returned from Flint, Mich., where they spent two months with her daughter, Mrs. Williams.

Mr. and Mrs. A. C. Craig and little son, of St. Paul, Minn., are guests of relatives and friends here. They were accompanied by Mrs. Craig's mother, who spent the winter in St. Paul.

At the evening service in the Baptist Church Sunday, Mrs. (Dora) Walker, of Wetaskiwin, delighted the congregation with her rendition of the solo, "But the Lord is Mindful of His Own."

Walter Thurltel has left for Winnipeg to accept a situation.

Goderich, June 18.—The big camp grounds outside of the town is the scene of the training of the men of the Western Ontario militia. The men are now practically settled and active work starts at once.

The advance parties have done their work well and everything is in readiness for the men who go into training. Others are yet to come, as the Twenty-sixth Regiment is marching to Goderich and from there to the camp grounds.

Everying here is naturally bustle and hurry, with so many men anxious to get themselves and their equipment in place as soon as possible. The sight is a very gay one, and many of the parties were given hearty receptions on their arrival. Out at the camp grounds the staff is busily engaged looking after everything and issuing the orders. Active training will start at once, and the military broods is looking after the feeding arrangements. The "white city" is rapidly assuming a more orderly appearance, for as fast as the detachments arrive they proceed to their quarters and unpack. It is surprising in how short a time such a large body of men

Goderich, June 18.—The big camp grounds outside of the town is the scene of the training of the men of the Western Ontario militia. The men are now practically settled and active work starts at once.

The advance parties have done their work well and everything is in readiness for the men who go into training. Others are yet to come, as the Twenty-sixth Regiment is marching to Goderich and from there to the camp grounds.

Everying here is naturally bustle and hurry, with so many men anxious to get themselves and their equipment in place as soon as possible. The sight is a very gay one, and many of the parties were given hearty receptions on their arrival. Out at the camp grounds the staff is busily engaged looking after everything and issuing the orders. Active training will start at once, and the military broods is looking after the feeding arrangements. The "white city" is rapidly assuming a more orderly appearance, for as fast as the detachments arrive they proceed to their quarters and unpack. It is surprising in how short a time such a large body of men
