National I.O.D.E.'s New Constitution More Democratic, Duly Cautious

THE annual meeting of the National Chapter of the Imperial Order of Daughters of the Empire in progress in Vancouver, is epoch making in the history of the order in Canada, from the fact that the revision of the constitution is the outstanding business.

According to the report of Mrs. McDougall of Montreal, convener of the committee on constitution, here are some points in which the new constitution differs from the old that will be of interest to members of the order in Western Ontario:

It embodies incorporation of chapters.

Refrains from further mention of granting of charters to other national chapters than authorized in the act of incorporation. Provides for a full use of chapters' powers to make bylaws for

management of their own business. Provides representations to all provinces of the national execu-

Preserves to the national chapter its right to elect, but under a system of proportional representation to all provinces.

Alters system of nomination for the national executive by giving provincial chapters the privilege of electing nominees on a proportional basis.

Grants full measure of autonomy to provincial chapters in approaching provincial governments.

Places a check upon enactment of hasty legislation by requiring a year's notice of motion to the national chapter for amendments to the constitution.

HEAR ASSOCIATION REPORTS. Reports from the Lambton and Middlesex Association, Women's Mission Circle conference, held Wednesday in Sarnia, were a feature of the closing meeting of the season of the Women's Mission Circle of Talbot Street Baptist Church, held on Thursday afternoon. These were ably presented by Mesdames E. L. Brown, J. W. Jones and R. L. Wilson. A letter from Miss Laura Allyn, the medical missionary supported by the circle in Pethapurum, India, read by Mrs. W. J. Jones, contained interesting information with regard to the politi cal and social unrest of India at the present time, the appreciation of the people of the hospital and other medical service. Mrs. Stewart read items regarding missionaries of the church in India, prepared by Mrs. A special collection was taken on behalf of Dr. Allyn and her work. In this connection the circle has a novel method of keeping the obligation before the members. STILL HOPES FOR CHAIR.

Dear Miss Grey,-I am very grateful to you for putting my letter and request for wheel chair in your corner. Please find in-closed 10c for Sick Children's Hospital fund; I wish it were more. The first time I wrote to you was many months ago, asking the Boxites if any of them were leaving city and wanted a good home for a singing canary. I would be glad of the gift of one in my lonely existence. But my need now for chair is greater. The world, what I can see of it, and the lovely blossoms look, beautiful to me. How much we have to thank God for, have we not? I will send you some hints that may be useful to boxites.

Keep a bottle of liquid glue and a bottle of cheap yellow vaseline in the house. If, as often happens, the tag comes off a new shoe lace, take needle and coarse, black sewing thread, insert needle at bottom of impression where tag came off, wind tightly round, push needle through top, make a knot, then immerse in glue, only takes a moment. Will outlast shoe lace. If the walls of a room will not hold a nail, insert a smaller nail than you need, push, or a smart knock with hammer; put heavy nail into glue, push into hole, let dry for some hours; then you can hang picture of heavy weight or whatever you wanted nail for. If door hinge squeaks, apply vaseline, open and shut door a few times, then wipe any vaseline off outside of hinges. To find a nail or hook easily in obscure light, paint with white enamel. The use of a wisp of broom to try if cake or loaf is done is a dirty habit. Take 3 or 4 steel knitting needles, put end in fire, get red hot, make a loop, plunge into cold water, place a nail or hook convenient to oven, hang needles on hook. They can be washed and hung up as soon as used, anl ast a lifetime. I sincerely hope that you are for-

mate enough to obtain a wheel chair, for the summer months, as you would be able to stand the hot weather better if you got out, vouldn't you? Maybe someone would lend you one for a while, if they feel they cannot afford to give it to you. Thank you for the household hints. which are very useful. I am quite sure your first letter never reached the Mail-Box, as I do not remember as used, and last a lifetime.

SORRY FOR MISS GREY. Dear Miss Grey,-Having been

an interested reader for a long time, I felt I must write when I saw an inquiry for mint roots. I have hundreds and anyone wishing for them can have what they want by paying postage, or I could send some to Miss Grey, and they might make a little to swell the Sick Children's Hospital fund.
