Read How Royal Crown Remedy Cured Liver Complaint After Leading Physicians Failed and a Walking Skeleton Put on 150 Pounds of Healthy Flesh.

London, May 7th, 1891.  
I take pleasure in adding my testimony to the many you have already. About two years ago I was suffering from liver complaint. I could find no relief. I was advised to try your Royal Crown Remedy. After using one bottle I felt so much better that I was induced to continue. When I had taken the third I could enjoy my food, which I had not done for a long time. I was reduced to a skeleton when I commenced to use it, and to-day my weight is about 150 pounds.

Yours truly,

**MARKET IMPROVEMENTS.**  
No. 3 Committee Makes Some Good Moves—A Possible New Industry—The Fire Limits By-law.

No. 3 Committee are going ahead with their endeavors to make the Market Square as near an approach to what it should be as possible. Last night, at a regular meeting, the Committee instructed the Engineer to prepare an estimate of the cost of paving the space at the east side of Covent Garden Market. The City Solicitor will be consulted as to the legality of the market being legally empowered to put horses in hotel stables when left standing on the Market, the said owners to be liable for the cost of same. The Hide Inspector's office will be moved somewhere—anywhere, so long as it is off the Market, the odor arising from the hides, and the fact that they frighten horses being the reason for the removal. When the hucksters were moved their present quarters under the sheds they rose on masses and declared they would not submit. But they did. Now, they are quite happy, it is said; and in order that they may be made more comfortable, and at the same time, the general appearance of the place improved, twenty uniform tables will be procured upon which produce may be displayed, and the unsightly wagons removed. So much for the market.

The street watering inspector says several street hydrants are out of repair, and the commissioners will be notified.

The wood market clerk reported several losses of wood measured in the month, netting 35 cents in fees.

A. Anderson & Co., a Toronto firm, wants to know what inducement the city will offer if their fire alarm manufactory will remove to this city. Referred to the special committee on industries.

Chief Roe and the Chairman will consider the advisability of purchasing some new house gongs for the Department.

Tenders will be called for the supplying of one new street watering cart.

The claim of Weigh Scales Clerk Healy for \$48.70 for alleged loss sustained while new scales were put in, will be reduced to \$28.70.

A lengthy discussion arose over the Fire Limits By-law, arising out of the case of Mr. Tozeland, already referred to. City Engineer Gray said the by-law was not drafted enough, and should be altered; he believed it should be his duty, and not that of the Chief of Police, to look after buildings under the by-law. The Committee will recommend accordingly. The meaning of "brick, iron and stone" contained in the by-law will be defined.

Accounts were passed, and the Committee adjourned.

### GETTING UP A CHOLERA SCARE.

A Board of Health Method of Enforcing Cleanliness—The M. H. O. Reports.

The Board of Health thought they were getting a policeman's services free to the matter of making the annual house-to-house inspection this year. Instead, however, the Chief of Police has called the city for \$74.25 for special services rendered, an extra man having been employed. There was a rumour at the Board of Health meeting yesterday afternoon in consequence, and a kick will be made against the payment of the account.

"Cholera is on the wing," put in Dr. Gardiner, "and I move that all closets in the city be cleaned before August 15." The Board agreed, though not in the least flattered by cholera possibilities.

The Medical Health Officer Hutchinson recommended the removal of two old houses, Nos. 191, 193 and 195 Dundas street, belonging to the Ferris estate, on account of their unsanitary condition.

A lane in rear of the Gregg house should be drained and block-paved, and the cost charged to the owner. The ditch at the south end of Clarence street requires deepening in order to properly drain the street.

The pond in front of Barre's Hotel, on the Hamilton Road, is a nuisance to a horse breeder, but action in regard to it is not recommended at present on account of expenses.

On the report, the first recommendation will be forwarded to the trustees of the Ferris estate. In reference to the lane complained of, Mr. Ivay stated that the Board had no power to carry out the recommendation. The Council had the necessary authority, however. The matter was left over. The next clause, re Clarence street, will be recommended to the Council. On the pond difficulty clause Dr. Gardiner said the pond could be drained for a dollar by boring a hole in the bottom of it. Filed for reference.

The Board will recommend that the Council construct a drain on Thurston avenue to Oxford street, thence to Maitland street.

The Medical Health Officer will inquire into the necessity for putting up a drain on private property between Maple and Florence streets.

Ald. J. Heaman (chairman), Honnab, Farnell, Mr. Ivay and Dr. Gardiner and the Board officers were present.

### FREE PRESS CORRESPONDENCE.

**Opposition Medicines.**  
To the Editor of the FREE PRESS.

DEAR SIR,—I noticed in your press of Tuesday, 12th, a short squib, stating that the Salvation Army and a medicine vendor run opposition concerts on the market, which produced a painful discord.

Now, sir, I beg to state that for the last few nights I have held fourth on the square the Army have tried their best to drum me out. I am determined that they shall not, as I think I am entitled to as good a right to advertise my business as they have, being that I am a citizen of London. I must say it is not a very good religious principle for any Christian union to try and do an injury to their neighbor.

Scripture says, Do unto others as you would wish to be done by, and I have always favored the Army by waiting till they get through with their meetings until they started to try to drown me out with their big bass drum. I am respectfully yours,

PROF. B. L. MULVENEY.

### Memorial Church Picnic.

The annual picnic of the Memorial Church Sunday School came off according to announcement at Port Stanley yesterday. In all particulars it was a complete success. A large band of active workers, young men and women, were indefatigable in their exertions throughout the day, and their well-directed services made the occasion one of marked pleasure to all present. The Rev. Canon Richardson, well supported by Mr. J. G. Wright, superintendent, and an energetic staff of teachers and officers, discharged their duty nobly, and the children and members of the congregation generally entered most heartily into the spirit of the day. A sumptuous luncheon was participated in together in the large shed soon after noon, and the proverbial picnic appetite of the boys and girls was not wanting. The resources of the beautiful grounds about the Fraser House were well taxed by the happy party during the afternoon, and the lake shore and elevator received due appreciation. A well-selected lot of prizes were offered for races and other games. These were keenly contested, and the programme brought an interesting throng of spectators. The weather was all that could be desired, the attendance very large and enthusiastic, and the many expressions of a delightful day proved that all returned home thoroughly satisfied.

### LOCAL NOTICES.

Peddie & Co., at Powell's old stand, will inaugurate a new departure in the "inducement to purchase line" on Saturday next and continue the same until the last week in August. The proposition is that every purchaser of one dollar's worth of goods and over at Peddie & Co.'s establishment be allowed one ticket or vote for the most popular Ladies' Society in the city and the sum of \$125 in cash will be divided in sums of from \$50 to \$5 according to the number of votes cast. A committee of ladies well-known to Londoners, have consented to count the votes cast at the close of the election, and will award the prizes according to the number of votes polled. Read the firm's announcement in this issue for further particulars.

The special arrangements made by the Canadian Pacific Railway for the 9th of August, 1892, have been met with immense approval. The special through cars leaving Toronto at 9 o'clock on Tuesday and Friday evenings are duplicates in elegance and comfort of those on the renowned Montreal service. The service is so arranged as to afford a daylight view of the magnificent White Mountain scenery.
