Thos. E. Lanner, who is in town, is greatly elated over the good results of the dyking of the western portion of Delta mumicipality that is just completed. "It has cost us \$60,000," he said, "but it for the first time has put out of danger of high water 40,000 acres of fine agricultural, land, and this year has proved an immense success. By means of the system the land has been drained off early and we have been able to put in crops a month earlier than usual. Things look fine in Delta and the farmers are happy this spring. Sixty thousand dollars is a lot of money, but what is that compared to our getting even a quarter of a ton more crops to the acre."

Son of Newloundiand, Mr. Jos. Williams, the local postmaster. lineman, storekeeper, etc., is to miss meeting the color will be man in British Columbia.

LAST OF THE FLEET ARRIVES.

Yesterday the schooner Mary Ellen, Captain McPhee, the last straggler of the coast sealing fleet to return arrived with a total catch of 290 odd skins for her of the wearing at the time. The fire was evidently caused by a log which had been burning near the house. Being obliged to go to the waterfroat for supplies he was more than astonished on his return to find nothing left but ashes of what had been in the morning a comfortable home.

In the newer settlements of all the

and their families. They are not the downtrodden, the baffled, the heartless, the faithless of the people. On the contrary, the enterprising, the courageous, the hopeful, have gone out to conquer new fields by their masterful labors. The best types of humanity are often found in those homes. They are sturdy and independent. They would say:
"We do not want any doles of charity through this through this or any other agency; but we need adequate medical and nursing help brought within our reach, and are

we need adequate medical and nursing help brought within our reach, and are willing to pay for it as far as we can." That is what the Victorian Order of Nurses proposes to accomplish.

An improvement of the conditions under which trained nurses follow their devoted and helpful occupation in the cities of Canada is also urgently needed. The first application gave me instant relief, and in an incredibly short time I was absolutely cured from this distressing and disgusting malady." James Headley, Dundee, N. Y.

Sold by Dean & Hiscorks and Hell & Co. cities and towns, and the sick of those of moderate incomes, would be greatly benefited if they could secure even short visits from thoroughly trained nurses. This is what the Victorian Order of

Nurses proposes to accomplish. Husband Is Well,

Mrs. Wm. Hambly, Belleville, Ont., says:
My husband was troubled with kidney complaint. rheumatism, loss of appetite, siceplessness, etc., and could not get relief until I gota box of Doan's Kidney Pills for him. He has now used four boxes in all and is perfectly cured."

Doan's Kidney Pills are the ones that cure. Remember the name, Doan's.

WEST COAST PROSPECTING.

Among the passengers returning from the West Coast on the steamer Thistle last evening was Mr. W. Lorimer, who with a party has been prospecting up the Gordon river and adjoining creeks for the past six weeks. It was Mr. Lorimer's intention on leaving Victoria to proceed from the Upper Gordon to the Nitinat, but on account of wet weather starting SPAKING of salmon prospects this season, Mr. H. A. Munn yesterday remarked that very extensive preparations are being made for this season's operations. This is supposed to be the big frun year, but people seem to forget the party necessarily had to travel light. Mr. Lorimer is very sanguine of the future of the district, and his party promising locations. There are now consequence, and they are bad enough already in London.

On application of Mr. Yarwood, who considered the provided for the season's operations are being made for this season's operations found next to impossible for over aweek, the party necessarily had to travel light. Mr. Lorimer is very sanguine of the future of the district, and his party promising locations. There are now some forty locations made on the river and creeks were swollen to such an extent that travelling was standed in the found travelling and the river and creeks were swollen to such an extent that travelling was found true of the regular steamers, carrying passengers at \$10 and \$5 and freight at \$1 per ton. The Pacific Coast Steamship Company has met the freight reduction. Notice was given to day. She cut the rates of the regular steamers, carrying passengers at \$10 and freight at \$1 per ton. The Pacific Coast Steamship Company has met the freight reduction. Notice was given to day that the Pomona will receive freight at the \$1 rate."

To THE EDITOR:—Why all this break-neck business about the snow and ige-fic Coast Steamship Company has met the freight reduction. Capt. Chas. Richardson, is again paying Victoria a brief visit, having arrived at least to-day. She is on the way North on her annual tour of inspection of the lighthouses and buoys along the last two harvests. Alaskan coast, and will be absent until about the last of June. Commander John P. Merrell, of the U.S.N., his wife John P. Merrell, of the U.S.N., his wife and daughter, together with a relative from New York named John C. Greves, are on board. The present is Mr. Greves' first visit to Victoria, and like Captain Richardson, he hopes to be back here in time to "take in" the Diamond Jubilee celebration. "I think we can make it," said Captain Richardson, "I have been here before on a Birthday celebration and I can tell you Victorians know how to enjoy themselves. If the coming lay in celebration the Onean's Rivitle of the Steamer Labrador went ashore at Anticosti.

Dr. John Gentles has been drowned in Cedar Rapids.

Americans attending the trainmen's convention at Toronto were by no means lay in celebration to the coming of the convention and I can tell you Victorians know how to enjoy themselves. If the coming lay in celebration the Onean's Rivitle of the same week last year \$409,-000; for the same week last year \$407,-000.

There is no truth in the report that the steamer Labrador went ashore at Anticosti.

Dr. John Gentles has been drowned in Cedar Rapids.

said Captain Richardson, "I have been here before on a Birthday celebration and I can tell you Victorians know how to enjoy themselves. If the coming celebration is to provide a finer spectacle than heretofore I want to see it." No than heretofore I want to see it." No election of officers takes place to-day.

Happiness and visore convention at Toronto were by no means lax in celebrating the Queen's Birthday. They resumed business yesterday; the than heretofore I want to see it." No than heretofore I want to see it." No prettier craft to be in port on a holiday occasion could be found than the Columoine, and Victorians would give the Captain a hearty welcome at the Jubilee.

SEALERS' HARD LUCK. A Port Townsend special says: Sealers are now fully realizing the fact that "one woe upon the heels of another doth tread." After a remarkably hard season Owing to the rapid development of the province, the démand for more post offices is coming in from places where a few months ago only the wilderness existed. It is probable that two new post offices will be established by the beginning of June, one at Deer Park, on Lower Arrow lake in West Kootenay, and the other to be called Van Anda, at the now famous mining camp on Tayada.

Riding, on his meeting shipping men about town yesterday. The captain's voyage was a good one in every respect, but was not marked by many incidents at sea. In about latitude 8, after rounding the Horn, he spoke the ship St. George, out from the same port and bound for San Francisco. The North Riding brings over 1,900 tons of coal for the navy.

A San Francisco dispatch says: "The steamer Cleveland completed her first round trip on the Puget Sound run today. She cut the rates of the regular steamers, carrying passengers at \$10 and \$5 and freight at \$1 per ton. The Pacific Coast Steamship Company has met the freight reduction. Notice was given to-day that the Pomona will receive to day that the Pomona will receive distributed by the steamers of the regular steamers, carrying passengers at \$10 and \$5 and freight at \$1 per ton. The Pacific Coast Steamship Company has met the freight reduction. Notice was given of British Columbia? Better expend a little labor and energy in the more ac steamers and the steamers of the regular steamers, carrying passengers at \$10 and \$5 and freight at \$1 per ton. The Pacific Coast Steamship Company has met the freight reduction. Notice was given of British Columbia? Better expend a little labor and energy in the more ac steamers.
