UNFAIR TACTICS.

The time of the Legislature was entice. We do, however, propose to deal with the merits and demerits of Mr. Smith Curtis himself in this connection. The charges in effect, are, that the members of the present government have been guilty of connivance with Messrs. Mackenzie & Mann, through the appointment as the agent of the government, the legal connivance for the purpose of robbing the purse of British Columbia, and that the Premier has made use of his position as Premier to enhance the value of the Resquimalt & Nanaimo railway through the adoption of a certain public policy, which public policy he adopted for that especial purpose. These are the charges, and we do not proto enter into them at pres-But the manner and method of their introduction are, now, or at any of their introduction are, now, or at any time, legitimate matters of criticism. We do not say that Mr. Curtis does not believe those charges, because no one discrimination without injury to the letter from Mr. A. C. Galt, of Rossland, which we publish this morning devised which will remedy individual discrimination without injury to the letter from Mr. A. C. But we do say, and we say it emphatically, that these charges were not introduced by Mr. Curtis because he believed them to be true, but from a sinister motive, and with an ulterior purpose. The truth of that assertion is abundantly contained in the method of his actions. He knew full well that the members of the House were against him to a man. He knew that they would take the first open opportunity of rerepudiating his action in formulating and the government had but to ask the House to crush him and his charges together, and that the House would do so, not with the normal government majority, but by an overwhelming vote. He was careful, therefore, to bring in his motion for a committee in such a form that it could not be accepted; and his purpose, was to insinuate before the country that the government feared investigation, because the ordinary forms of parliamentary procedure prevented the investigation from being granted in the form he demanded. If the form was amended, he was ready then to say that the government had insisted upon a tribunal

LEGISLATIVE ASSEMBLY

"I have been troubled with catarrh in head, throat and stomach for several years, and from accounts that I have doubted, caused me to give it a trial, and I bless the day that I did make a trial It has made a new man of me.

"I was all my life up to about five years ago a very healthy man, and about that time I was troubled with catarrh, I tried a number of prescriptions from lifferent doctors but none seemed to relieve me until I commenced the use of Peruna, and from its use I can truly say hat I have been greatly benefited. of am now in my eighty-seventh year and can walk and get about as well as many much younger than mys self and attribute it greatly to the use of Peruns. I keep some on hand all the time, and consider it the cheapest medicine in the world."—Mr. A. Howell. J. R. Prince, East Leon, N. Y., Writes: Peruna has saved my life, and made

strong, healthy, jolly old man of me, Peruna is just what every family should not be without. I have taken very few colds since I have used Peruna, but [5 when I do catch cold, Peruna is my

nedicine. "A minister came to me last summer and said that he had seen my testimonial in the paper, and began taking Peruna. He said that it straightened

him right up-(he J. B. Prince was troubled with kidney trouble) and Peruna cured him. I cannot express my thanks for the benefit your medicine has been to me."-J. R. Prince. Abraham Ziegler, Piedmont, Wayne County, Mo., writes:

"My wife who is now eighty-seven years old, suffered for about sixteen years from severe catarrh of the head, which affected her sight and hearing. I saw Pe-ru-na advertised in your almanac, and testimonials similar to her case attracted my attention. I got one bottle and it helped her so much that she is now using the second bottle and she thinks it is something wonderful. Her hearing and sight are both in part restored."-Abraham Ziegler. In old age the mucous membranes be-

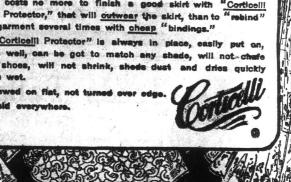

come thickened and partly lose their function. This leads to partial loss of hearing, smell and taste, as well as digestive disturbances. Pe-ru-na corrects all this by its specific operation on all the mucous membranes of the body. One bottle will convince anyone. Once used and Pe-ru-na becomes a life-long stand-by with old and young.
