Ingenious British Inventor Has Hit on a New Scheme.

London, April 5.—According to statements which have recently been made, we are on the eve of exploitation of an invention which will practically abolish smoke.

A clever inventor, announces Sir William Bailey, of Manchester, has hit upon an ingenious and absurdly simple process to eliminate from ordinary coal the ingredients that make smoke and decrease coal's caloric value.

"Coalite," as the resultant substance is termed, will be cheaper than common gas coke, but will have at least a third greater heating power.

There is a movement on foot to start large works for its production at Trafford Park, near Manchester, and the new industry will be watched with interest.

It is stated that the King has had the qualities of the new fuel tested at Buckingham Palace.

EXHAUSTED NERVES, TWITCHING MUSCLES

System Exhausted by Worry and Loss of Sleep—Perfect Health the Result of Dr. Chase's Nerve Food.

Mrs. E. J. Vanderburgh, of Eastern Walland avenue, St. Catharines, Ont., states: "For twenty-one years I was badly afflicted with heart trouble, nei-

vousness and cramps in the limbs, also twitching of the muscles and nervous headaches. I became weak, debilitated and emaciated. My condition was dis-

troubling and I was made worse through worry and loss of sleep.

"I tried a hundred remedies in vain and reading about Dr. Chase's Nerve Food I decided to try it. After having used half a dozen boxes of this preparation my old trouble had entirely vanished and I was enjoying better health than I had since childhood. I am now past middle life and am in perfect health. I would not take another box, I decrease coal's caloric value today and go back to my former state."

Dr. Chase's Nerve Food, the great blood-builder and restorative, 50 cents a box, 6 boxes for \$2.50 at all dealers, or Edmannson, Bates & Co., Toronto.

ONLY IRELAND VIRTUOUS.

Father Vaughan Says England, and France Are Slipping Down.

London, April 5.—Never before has father Bernard Vaughan been so bitter in his condemnation of society as he was yesterday in the fourth of the Lenten discourses, which he is delivering at the beautiful Church of the Immaculate Conception, in Farm street.

"It is true," demanded the preacher, "that, with the exception of certain towns in Ireland, all the big towns in the United Kingdom are on the down grade? Ireland still gives the Empire pure women and brave men."

"If England and Ireland were

weighed in the balance before God, it would be a bad day for England.

"England and France, in this entire cordial embrace, are slipping down a slimy incline, and the end, if we do not rouse ourselves, must be the bottomless pit."

FOUND IN STAVE RIVER.

A few days ago a report was received that William John King, of Ruskin, B. C., was missing. It was known that he had intended crossing Stave River, and when his canoe could not be found, his friends, fearing he had been drowned, proceeded to drag the river bottom. Up until Wednesday morning his body had not been recovered, and those who were prosecuting the dragging operations began to hope that after all the missing man was safe. They were about to desist, for a time at least, when upon pulling up the dragging apparatus they found the net contained the body of Mr. King. His remains were taken to Vancouver and conveyed to the undertaking parlors of Messrs. Kemp & Simpson. His mother and brother, who reside in that city, are making arrangements for the funeral. The deceased was a married man.

FIRE IN DAYSLAND

Daysland, Alta., April 8.—Daysland's first fire occurred today. F. F. Barker and company's business being entirely wiped out. Loss \$20,000, partially covered by insurance. The fire was caused by the electric bell, using coal oil in a stove. Barker is probably fatally burned. The splendid storm of an absolute calm saved the town. The Presbyterian Church property in Barbour's hall is a total loss.

Velvet Skin, Soft and Clear

What one or two applications of Dr. Chase's Ointment will do for rough, inflamed and irritated skin is almost as wonderful as is the complete cure of eczema by its persistent use. By its healing, soothing and antiseptic influence, Dr. Chase's Ointment quickly cures chafing and skin diseases and cleans and leaves the skin clear, soft and velvety.

Warm Weather and Spring Medicine

Warm weather is sure to bring out the hidden poisons, germs and seeds of disease that have accumulated in the blood and system, caused by the eating of rich and heavy foods, during the long winter months. The blood becomes thick and sluggish, and causes that tired, listless, dull, all-gone-no-ambition-don't-care-to-work feeling. The cleansing, blood-purifying action of

Burdock Blood Bitters

Will drive out all the poisonous and decaying matter from the system, and put you into shape to withstand the approaching warm weather

Used for Years Mrs. Ambrose Logan, Smith's Falls, Ont., writes: "We have used Burdock Blood Bitters in our family for years as a Spring Medicine, and find it cannot be beat. I can recommend it highly, and would advise any person not feeling well to use it."

Tired and Weary

Mrs. Gideon J. Hamacher, New Dundee, Ont., writes: "I took your Burdock Blood Bitters for my stomach. I was very much bothered with it one spring, and was tired and weary all the time, and did not feel like working at all, but after taking the medicine I felt all right again."
