LET US HAVE PEACE. From the Hamilton Spectator. The struggle between the Grand Trunk and the Canadian Pacific railways has done much harm to both. It cannot do any good to either; and as long as it lasts it must be destructive. It is earnestly to be hoped that the officials of the two roads will be able to reach an agreement by which the hostilities can be brought to a close. There are signs already that both parties are weary of the strife. Some rivalry between the two there must be, but for the most part they serve distinct and wholly separated sections of country. There is no need of strife between them. They must continue to exist. Neither can destroy the other; and the question for the stockholders and officials of each to consider is whether the rivalry between them should be partial and friendly, or total and ruinous. Apart from the ordinary interest which the country has in these great works, it has a direct money interest in each to the extent of many millions, and some day it must call upon them for payment. The people desire that the business of the roads shall be so conducted as to bring the day of payment as quickly as possible.

A Valuable Discovery called "Miraculous Water." The Paris, London and Berlin companies have discovered a valuable preparation for beautifying and softening the skin and complexion, and is also guaranteed to be free from any injurious effects, which often result from the use of these preparations. Ladies have tried it and speak very highly of it. Gentlemen use it also after shaving, etc., etc., and give it the highest praise and recommendation. The company, after a long test of public trial, as to its merits and genuineness, now ask for public patronage, and as will be seen in this day's issue, the testimonials enclosed are alone a sufficient guarantee of its genuineness. Messrs. Brunet & Co., 122 Wellington street west, are the sole agents for Canada and the States also.

A Southern Editor's Soul Stirred. From the Kentucky State Journal. There is nothing so beautiful, nothing that impregnates the soul so deeply with spring poetry feeling, as a lilac bush in full flower. Yesterday morning we stopped on the way to our lonely sanatorium and gazed on one in a yard full five minutes—a beautiful girl was plucking some of its flowers. She was about ten times prettier than the lilacs.

"The play's the thing, wherein I'll reach the conscience of the King." And equally true is it that Dr. Pierce's "Pleasant Purgative Pellets" (the original Little Liver Pills) are the most effective means that can be used to reach the cause of disease, cleansing the bowels and system, and assisting nature in her reparative work. By drugging.

The superiority of Mother Graves' Worm Exterminator is shown by its good effects on the children. Purchase a bottle and give it a trial. —Humors of the stomach, salt rheum, and all blood disorders, are radically cured by Ayer's Sarsaparilla.

Mrs. George Simpson, Toronto, says: "I have suffered severely with corns, and was unable to get relief from treatment of any kind until I was recommended to try Holloway's Corn Cure. After applying it for a few days I was enabled to remove the corn, root and branch, and without pain and inconvenience in using it. I can heartily recommend it to all suffering from corns."

If your blood is vitiated, cleanse it without delay by the use of Ayer's Sarsaparilla. Safe and effective. —O. Bortle, of Manchester, Ontario Co., N.Y., writes: "I obtained immediate relief from the use of Dr. Thomas' Electrolytic Oil. I have had asthma for eleven years. Have been obliged to sit up all night for ten or twelve nights in succession. I can now sleep soundly, and have no pain in my bed, which I had not been able to do previously to using the Oil."
